FRED AND YETTA RICHAN AQUATIC BIOLOGY AWARD - 2012

Purpose:
To honor Fred and Yetta Richan and to support activities of students at Texas State University engaged in research and management of streams, rivers, ponds and reservoirs.

Criteria:
- Masters students must be pursuing studies in Aquatic Resources at Texas State University.
- Students must be full-time.
- Students must have a minimum 3.0 GPA.
- Awards are based on ability and achievement rather than on financial need.

Applications may be obtained from the Biology Office (SUPP 384) or the Freeman Bldg. 122

Deadline to submit application is Friday, March 23, 2012 by noon
FRED AND YETTA RICHAN AQUATIC BIOLOGY AWARD
APPLICATION FORM

APPLICANT: Submit complete application to the Biology Office (SUPP 384) or the Aquatic Biology Office (FAB 122). In your application please include: the application form (typed), a current copy of your transcript, a current curriculum vita (please provide the name and contact information of three references with your CV). Applicants must also prepare a statement which provides the significance of the aquatic and/or hydrological studies they are pursuing, the current status of their research and schooling, plans for future study, and career goals. The statement should be no more than two single-spaced pages. The written statement is weighted heavily in the application, thus applicants are expected to produce a concise, well-written statement that reflects the quality of the applicant and the status of the degree they are pursuing.

NOTE: For all awards, if a suitable recipient is not found, then no award will be given.

The deadline for receipt of all application materials is Friday, March 23rd by noon.
