FOOTNOTES:

^aThe information on this form applies to students assigned to the 2008 catalog. Catalog designation determines the curriculum and other academic policies that apply to a student. Students with no prior college work from other four-year colleges are assigned the current catalog upon entering Texas State. Students transferring course work solely from two-year colleges may choose the current catalog or the catalog in effect at the time of their initial enrollment at a two-year college. Students re-entering Texas State with fewer than 30 semester hours of transfer course work may choose the current catalog or the catalog in effect at the time of their initial Texas State enrollment. Students must graduate within six years of the semester used to designate their catalog; otherwise, they are subject to the curriculum and academic policies

^b For course options see 2008 catalog (Note: If both courses are from the same science, one may be non-laboratory; otherwise, both must be four-hour courses and each must include a laboratory).

^c **Foreign Language Requirement.** Students should have earned credit for at least two years of the same foreign language (including American Sign Language) as part of their high school education. Students who do not meet this requirement must take 6-8 hours of a foreign language or achieve an appropriate score on a proficiency test in an accepted language as part of their degree requirements.

^dAccounting Electives: Must be graduate level, some are only offered one semester a year. **Please see a graduate accounting advisor for scheduling assistance.**

Writing Intensive Courses Requirement. Three courses (9 hours) designated as “writing intensive” (WI) must be completed at Texas State to satisfy undergraduate degree requirements.
