

Geology Course Scheduling

The following represents tentative scheduling plans for the Geology undergraduate courses. On occasion, faculty staffing issues may require deviation from this schedule. Students are strongly encouraged to seek advising assistance from the Department of Geography undergraduate staff advisor, Ms Chelsea Smith (office located in ELA 135; to schedule an appointment, phone 245-1852 or email cf29@txstate.edu).

1) Effective Fall 2010, the following core geology courses will be offered every fall and spring semester:

GEOL 1410, GEOL 1420, GEOL 2410

2) The following geology courses are typically offered during fall semesters only:

GEOL 3410 (odd numbered years), GEOL 3430 (even numbered years).

3) The following geology courses are typically offered during spring semesters only:

GEOL 3400, GEOL 4421.

4) The following geology courses may be offered when staffing allows:

GEOL 3440, GEOL 4320 (Summer of even numbered years—off campus), GEOL 4330.
