Erika Garza, a senior management major at Texas State University – San Marcos, was named the Enterprise Rent-A-Car South Texas Group’s 2006 Intern of the Year. Garza was named the award winner at the 9th Annual Summer Intern Appreciation & Awards banquet, hosted on August 9, 2006 by Enterprise at the Dominion Country Club in San Antonio. She was selected based on exceptional performance in all areas of the Summer Intern program, which focuses on numerous aspects of Enterprise’s Management Training program. During the 12-week program, Summer Interns receive formalized instruction and hands-on experience in sales, marketing, customer service and business operations. Interns have specific goals and expectations, and earn points based on their performance. Garza earned an all-time record 1,130 points during the internship, surpassing the old record by almost 40 percent.

In addition to Garza, two other Texas State University students, marketing majors Sonia Botello and Casey Willms, were recognized with Intern Project Presentation awards. Botello and Willms tied for first runner-up in the category.

Forty interns, representing 12 Texas universities, participated in this year’s summer intern program, and were honored at the annual banquet. Those in attendance who represented Texas State University were Curt Schafer, Director of Career Services; Josie Garrott, Associate Director of Career Services; Karen Julian, Assistant Director of Career Services; and Judy Dietert, Assistant Chair of the Department of Management, McCoy College of Business.
