Instructor Byron Lynn Morgan has been teaching at the Round Rock Higher Education Center (RRHEC) since the spring semester of 2000. In those six years he has watched with amazement as the RRHEC has grown from four portable buildings co-located with Westwood H.S. to the multi-million dollar center we have today. When asked what he liked best about the RRHEC he said: “I love the fact that through teaching I can concentrate on making a difference in the lives of students.”

Passionate about teaching, Byron also has many other irons in the fire. He currently works full-time as the Regional Services Liaison for the Assistant Commissioner of Access and Intake, Texas Department of Aging and Disability Services providing long-term care services for the aged and disabled of Texas. On a part-time basis he serves as a Loan Officer for Titan Mortgage specializing in providing loans to first-time home buyers.

In addition to his professional pursuits, Byron is currently working on completing his doctorate in Adult, Professional, and Community Education. His dissertation will encompass research focusing on college students and credit card debt. Byron was recently published in the summer 2005 issue of *The Journal of Continuing Higher Education*. Byron completed both his MBA and his BBA at Southwest Texas State University, and he holds an AA from Central Texas College in Killeen, Texas.

He is a veteran who served honorably in the United States Army from June 1982 through December 1995 where he achieved the rank of Sergeant. His wartime service included time spent in Kuwait where he served his country during the Persian Gulf War. His awards and decorations include the Army Commendation Medal with Oak Leaf Cluster, Army Achievement Medal with Oak Leaf Cluster, National Defense Service Medal, Southwest Asia Service Medal, Army Service Ribbon, and Overseas Service Ribbon (2nd Award).

Byron is recently married to the former Tara Clift and a new father to an energetic 9-month old son, Phoenix Blythe Elijah. In his spare time he enjoys volunteering as a mentor and when time permits he is an avid cross-stitcher.
Job EXPO is open to any and all students/job seekers. It gives students/job seekers a chance to look at potential employers from business, industry, and government. Many students will have the opportunity to receive offers for full-time employment, summer jobs and internships.
