

Summer Registration - What's New!

For Summer 2012, you will search for classes and register for **ALL** summer terms at one time. When selecting a term in Texas State Self-Service, you will only see one option for Summer in the term selection drop down window. This now includes all summer 2012 sessions, rather than having to search and register for each separate term.

Select a Term: Summer 2012

"Summer 2012" term selection now includes ALL summer terms.

In Texas State Self-Service, after selecting a course to view the times offered, it's important to **note the date** to determine which summer session the course will be held.

In the example below, note the highlighted **Section** and **Date** columns- this English course is offered 3 times:

- 2 times from 06/04 - 07/05 (first 5 week part of term – formerly "Summer I")
- 1 time from 07/09 - 08/08 (second 5 week part of term – formerly "Summer II")

The section number range can also give a quick hint as to which session the class is offered:

- 500 range – typically first 5 week part of term
- 700 range – typically second 5 week part of term

Make sure you select the correct CRN for the desired date range of the class to avoid potential schedule conflicts or semester overload. Students in good standing may take up to eight hours within each of the two five week sessions without their dean's approval. Students with a Texas State GPA of 2.00 or higher may take ten credit hours during each five week session.

IMPORTANT! If a first part of term course (session code 51) is a prerequisite for a second part of term course (session code 56), you will need a departmental override in order to register for the second part of term course. *Example:* You can register for Spanish 1410 for the first 5 week session, but not Spanish 1420 for the second 5 week session since you haven't completed the Spanish 1410 class. If you obtain an override, you can register for Spanish 1420 for the second 5 week session.
