During today’s commencement ceremony, honorary doctoral degrees will be awarded to Sally and Bill Wittliff of Austin. They will both receive the Doctor of Letters, honoris causa.

Sally Wittliff is an Austin attorney with a general practice. Born in New York, NY, she spent most of her childhood in Washington, D.C., moved to San Antonio during her high school year, and has been in Texas ever since. She is a member of many civic organizations, a Fellow of the Texas Bar Foundation, and a member of the Austin Bar Association Foundation.

Bill Wittliff is a distinguished writer, film producer, and photographer whose images have been published in three monographs as well as in A Book on the Making of Lonesome Dove (2012). As a screenwriter and producer, his credits include The Black Stallion, Legends of the Fall, The Perfect Storm and Lonesome Dove, among others.

In 1986, Sally and Bill co-founded the Wittliff Collections at Texas State University. The couple raised half of the funding and personally provided the other half that permitted Texas State to acquire a 1555 edition of Cabeza de Vaca’s La relación y comentarios, one of the rarest books in the world and the single most prized possession of the university’s Albert B. Alkek Library.

In addition to their gifts to the Wittliff Collections, including rare and unique archival items, thousands of photographic prints and negatives, and extensive literary papers and artifacts, Sally and Bill have sought out and purchased important materials they then donated to the Collections. Sally and Bill have also continued their ongoing efforts to convince leading artists of Texas and the Southwest to place their papers and materials at the Wittliff Collections. Through these efforts, the Wittliff Collections now includes pieces from writers such as Cormac McCarthy, Sam Shepard, Larry McMurtry, Stephen Harrigan, Larry L. King, Beverly Lowry, and Bud Shrake; photographers such as Kate Breakey Keith Carter, Graciela Iturbide, and Russell Lee; and songwriters such as Willie Nelson and Jerry Jeff Walker. In the years since its founding, the Wittliff Collections has become an internationally recognized repository.

The Wittliffs are also responsible for two important and inspiring statues on the Texas State campus: one honoring the writer John Graves at the Wittliff Collections, and the Vaquero statue on Old Main Plaza, which pays homage to the important enduring Hispanic culture in Texas.

Sally and Bill Wittliff have been true partners in a remarkable success story.
Honorary Degrees at Texas State

**WILLIAM D. AND SALLY B. WITTLIFF, 2014**

On Saturday, May 10, 2014, William D. Wittliff and Sally B. Wittliff will be awarded the fourteenth and fifteenth honorary doctorates conferred by Texas State University, receiving the Doctor of Letters, honoris causa. In 1986, Sally and Bill co-founded the Wittliff Collections at Texas State University. In the years since its founding, the Wittliff Collections has become an internationally recognized repository for photography, literary papers and other rare, unique and important artifacts. The Wittliffs are also responsible for two important and inspiring statues on the Texas State campus: one honoring the writer John Graves at the Wittliff Collections, and the *Vaquero* statue on Old Main Plaza, which pays homage to the important enduring Hispanic culture in Texas.

**LYndon Baines Johnson, 1962**

Texas State awarded its first honorary doctorate in 1962, when we conferred upon Lyndon Baines Johnson the degree of Doctor of Laws, honoris causa. At the time, Mr. Johnson was vice president of the United States and had already served as a United States representative and a United States senator. He would go on, of course, to serve as president of the United States, the only president to have graduated from a Texas university. Mr. Johnson graduated from Texas State in 1930.

**Lady Bird Johnson, 1983**

The second recipient of an honorary doctorate from Texas State was Lady Bird Johnson. She received a Doctor of Humane Letters, honoris causa, in 1983. Mrs. Johnson was honored as a beloved former first lady of the United States, a dedicated friend of Texas State and as a remarkable woman who devoted her time and energy to projects beneficial to Texas and the nation. Her personal warmth and strength brought her special recognition among former first ladies of the United States.

**Gilbert M. Grosvenor, 2000**

Texas State’s third honorary doctorate was conferred upon Gilbert M. Grosvenor, who received the Doctor of Geographic Education, honoris causa, in 2000. As a former editor of National Geographic magazine and longtime president of the National Geographic Society, Grosvenor’s name is synonymous with geographic education. He also played a pivotal role in helping Texas State secure its Ph.D. program in geographic education, the first such degree at this university. He has also allowed his name to be highlighted in the university’s Gilbert M. Grosvenor Center for Geographic Education and Grosvenor Distinguished Lecture Series in Geographic Education.

**Roy F. and Joann Cole Mitte, 2005**

Roy F. and Joann Cole Mitte were the fourth and fifth recipients of honorary degrees in 2005, both receiving the Doctor of Humane Letters, honoris causa. Both are recipients of the Texas State University Distinguished Alumnus Award. They founded the Roy F. and Joann Cole Mitte Foundation and have been recognized internationally for their philanthropy.
Country music superstar George Strait, Class of 1979, received the Doctor of Humane Letters, honoris causa, at a private ceremony in 2006. Our most prominent living graduate, Mr. Strait by 2006 had had at least one single in the Top 10 every year since his first, “Unwound,” in 1981. He had sold more than 62 million albums, including 13 multi-platinum, 30 platinum and 33 gold albums. He held the Country Music Association record for most nominations with a total of 73 and was CMA Vocalist of the Year five times, the only artist in history to be so honored in two different decades. And the honors keep coming.

Emmett and Miriam McCoy received the seventh and eighth honorary doctorates conferred by the university in 2008, both receiving the Doctor of Laws, honoris causa. Mr. and Mrs. McCoy are donors of a transformational $20 million gift to the university, the largest donation in our history. In recognition of their generosity, the College of Business Administration and the 125,000-square-foot building that is its home were named for them. The McCoy Endowment provides three endowed chairs, five professorships, faculty and student development support, undergraduate scholarships, graduate fellowships and program enhancement.

Bruce and Gloria Ingram received the ninth and tenth honorary doctorates conferred by Texas State, both receiving the Doctor of Laws, honoris causa, in 2009. Since 2006, the Ingrams have donated $9 million to Texas State in support of engineering programs. Those gifts have provided an endowed chair, two endowed professorships, faculty development support and merit-based and need-based endowed scholarships. Mr. Ingram is the founder of Ingram Readymix, a manufacturer of concrete with 26 plants in 22 Texas cities. Texas State’s Bruce and Gloria Ingram School of Engineering is named in their honor.

Jerry D. and Linda Gregg Fields were awarded the eleventh and twelfth honorary doctorates conferred by Texas State University in 2012, both receiving the Doctor of Laws, honoris causa. Mr. Fields is a 1969 graduate of the university and is the founder, chairman and chief executive officer of J.D. Fields and Company, Inc., a worldwide supplier of steel products headquartered in Houston. Linda Gregg Fields is a 1966 graduate of the university. Linda and Jerry Fields are among Texas State’s most generous benefactors, having donated more than $11.5 million to the university. At a critical stage for Texas State, Mr. and Mrs. Fields served as co-chairs of the Pride In Action Campaign, providing valuable leadership in campaign planning and strategy development.

Patti Strickel Harrison was awarded the thirteenth honorary doctorate conferred by Texas State University in 2013, receiving the Doctor of Laws, honoris causa. Mrs. Harrison is among Texas State’s most generous benefactors, having given more than $11 million to Texas State. Mrs. Harrison’s $8 million gift in support of the Performing Arts Center provided critical support that helped Texas State construct the beautiful facility that will include the Patti Strickel Harrison Theatre and will showcase outstanding artistic events for the university and the surrounding community for generations to come. Mrs. Harrison attended Texas State in 1947 and 1948.

**SPOTLIGHT ON RISING STARS**

This year, Texas State University is proud to be celebrating the tenth anniversary of the naming of the Emmett and Miriam McCoy College of Business Administration and the extraordinary achievements that have occurred in the past ten years. The $20 million gift from Emmett and Miriam McCoy in 2004 helped leverage an additional $7 million in donations. As a result, the college, which has been in existence for decades, added endowed chairs and professorships, student development activities, graduate student fellowship programs, scholarships, and faculty development programs. Student organizations in the McCoy College compete and win at the national and international level in accounting, advertising, entrepreneurship, finance, information technology, marketing and sales. The McCoy College is accredited by AACSB International, the world's leading authority on business education.

The use of a mace during university graduation ceremonies combines symbolic communication with the principle of vested authority at the most traditional and sacred of academic celebrations. The Texas State University ceremonial mace is made of cherrywood adorned with gold-plated brass accents. Atop the mace is the university seal, displayed on gold-plated bronze medals on both sides of a cherrywood disk. Beneath the seal, a cherrywood cylinder bears four 24-karat gold-plated bronze medals, engraved with the words AUCTORITAS, GRAVITAS, HUMANITAS, and VERITAS. These words come down to us from antiquity and represent our shared academic values:

Auctoritas: The sense of one’s standing gained through experience, industriousness, and service to others  
Gravitas: A sense of dignity, seriousness, and duty  
Humanitas: An appreciation for refinement, civilization, and learning  
Veritas: Truthfulness

The mace adds meaning and dignity to the commencement ritual. It reminds both participants and spectators that education is one of the most cherished attributes of a free and democratic society.
The gowns, caps, and hoods worn at university functions date back to the early days of the oldest universities in the Middle Ages. Monks and students wore them to keep warm in the damp and drafty 12th century halls of learning. This traditional academic dress had been gradually revised to the modern form that you see today.

All gowns have a semi-stiff yoke, long pleated front, and intricate shirring across the shoulders and back. The bachelor’s gown is worn closed, reaches about 8 to 10 inches from the floor and has long sleeves from which the arms extend at the wrist. The master’s gown may be worn open or closed and has long, pointed sleeves closed at the end, the forearm coming through a slit near the elbow, with the flowing sleeve extending down the thigh. The doctor’s gown may also be worn either open or closed but is distinguished by broad velvet panels down the front and by three velvet bars on the full bell-shaped sleeves. This velvet trimming may be either black or dark blue.

The black cap with maroon and gold tassel is worn by the holders of bachelor’s and master’s degrees; the black velvet tam with gold tassel is worn by holders of doctoral degrees.

The hood (not usually worn by the holders of the bachelor’s degree) is a black shell, silk-lined in the color or colors of the institution conferring the degree. The colors of Texas State University are shown by a maroon lining crossed with a gold chevron. The velvet border of the hood is the color signifying the field of learning in which the degree was earned and not in the department in which the major was completed. Thus, a degree conferred as master of education with a major in physical education requires the light blue of education rather than the sage of physical education. Similarly, the “doctor of philosophy” degree requires the dark blue of philosophy, not the color of the department in which the major of study was completed.

Colors signifying various fields of study that you may see today include:

TEXAS STATE OFFICIAL RING

The Texas State Official Class Ring is a lifelong representation of Texas State pride. The symbols on the ring capture the essence of Texas State.

Explanation of symbols
The top of the official ring features a Texas “lone star” set upon an oak-and-laurel wreath. Around the crown of the ring, the Texas State University name and the founding date of 1899 are spelled out.

The left side of the ring features Texas State’s original campus building, Old Main, with tubers floating by on the steady flow of the San Marcos River. The right side features the T-star-S-logo and is symbolic of the historic roots of Texas State. The T is for Texas and the S is for State. The star represents the star in both the university seal and the state seal of Texas. The school flower, the gaillardia, is engraved inside the ring. Also known as the Indian blanket, it is the source of Texas State’s school colors, producing showy gold-and-maroon flowers along freeways and highways, and representing Texas State throughout the state and beyond.

How to wear your ring
Before graduation: wear your ring facing in, so that when you look down at your hand you can read Texas State University.

At graduation: after you receive your diploma, turn your ring around so that the words Texas State University now face out, displaying your pride to the world.

TEXAS STATE TASSEL
Tassel turning is a time-honored tradition at Texas State. Baccalaureate, Master’s, and Specialist candidates wear a maroon and gold tassel adorned with a gold charm displaying the year of graduation. Doctoral candidates wear a solid gold tassel.

After diploma presentations, candidates are instructed to move their tassels from the right side of their cap to the left, signifying the completion of their degree at Texas State.

CORDS, STOLES, AND MEDALLIONS
Cords, stoles, and medallions are worn around the neck of graduates, signifying academic honors or other achievements. Cords are made of braided nylon in a variety of colors. Stoles are panels of silk that can be embroidered with letters or symbols. Medallions are made of metal or glass-like material and hang on colored ribbon.

Some items that you may see today include:

| Maroon and gold cords, solid | Maroon and gold cords, braided | Red, white, and blue cords, braided | Crystal medallion with maroon ribbon |
| Academic Honors | Athlete | Veteran, United States of America | Honors College |
Ceremonial Brass, a student ensemble, performs for some 14 Texas State Commencement ceremonies each year. *A Texas State of Mind*, a Medley of Texas tunes often performed at these events, was composed especially for them by former School of Music director Joseph Stuessy.

The Texas State School of Music’s wind and percussion ensembles have won national recognition and appeared at such distinguished festivals and conventions as the Texas Music Educators Association in San Antonio and the College Band Directors National Association in Seattle.

The Ceremonial Brass is one ensemble of many offered by the School of Music, including choirs, wind ensembles, symphony orchestra, mariachi, salsa bands, jazz bands, opera theater, modern music, percussion, steel drums, flute choir, trombone choir, horn choir, drumline, and, of course, Bobcat Marching Band! Though many ensemble members are music majors, many also come from a variety of disciplines across the entire campus, especially for Marching Band. Texas State music ensembles have performed across the U.S. and abroad, in South Africa, Italy, Austria, Switzerland, Ireland, Czech Republic, Mexico, and The Netherlands.

The School of Music offers a busy lineup of concerts for the public, frequently including acclaimed guest artists. The Somos Músicos concert series is designed for music students to perform for each other in a supportive, informal setting. Reaching beyond the idea of a learning laboratory, “Somos Músicos” (“We are Musicians”) has become a motto for the entire school, expressing a collective passion for making music together.

Alumni can keep up with Texas State Music on the Web at music.txstate.edu.
