Student Awards

Awards Day Ceremony held annually in the Spring honors students for various accomplishments, including Academic Excellence, Leadership and Research as well as scholarship recipients.

Awards

Academic Excellence:  
The Academic Excellence awards are presented to students who have displayed exemplary academic skills.

Leadership:  
The Leadership award recipients are students who have exhibited superior leadership skills, particularly in professional organizations.

Service:  
The Service award recipients are students who have contributed to making the Department of Engineering Technology exemplary at Texas State University.

Research:  
Research awards are presented to students who have gone above and beyond assisting the Engineering Technology faculty with their research projects and in some cases have also contributed some of their own research and presented it in either journals or at professional meetings.
