

Maribel M. Muir Endowed Science Scholarship

Texas State University College of Science and Engineering

This scholarship will be awarded to a junior undergraduate student majoring in the College of Science and Engineering to help provide financial support during the senior year.

- Applicants must be full-time students and have a minimum Texas State GPA of 3.60 and at least 30 Texas State hours at the end of the first semester in their junior year.
- Besides having a record of exceptional academic achievement, students must have shown a commitment to campus and/or community activities that demonstrates leadership outside the classroom.
- The amount of the award is \$1300 in the senior year. The award will be credited towards the recipient's tuition/fees. Students who have previously applied for this scholarship are not eligible to re-apply.
- In order to receive the award in the fall semester of the senior year, the successful applicant must remain a full-time Science and Engineering major and maintain a 3.60 Texas State GPA through the end of the junior year.
- The award will be announced by May for the following academic year.

APPLICATION FORM (to be submitted along with your application packet)

Part I – Complete information below

Name	
Texas State ID	
Address	
Major	
Signature	
Date of Application
