Workshop Announcement:

Two-Day Human Remains Recovery

This hands-on workshop covers basic methods for locating, mapping, and excavating buried bodies. The course includes lectures on search and excavation techniques and 1.5 days of hands on training in body excavation at the Forensic Anthropology Research Facility on Freeman Ranch at Texas State University. The workshop is designed for professionals, graduate students, and advanced undergraduates. Previous knowledge of anthropology and basic skeletal anatomy is highly recommended.

Dates: October 17-18, 2015
Times: 9:00 a.m. – 5:00 p.m. daily
Location:
Texas State University
Freeman Ranch Multi-Purpose Facility and Forensic Anthropology Research Facility
2101 Freeman Ranch Road
San Marcos, TX 78666
