Gulf Coast Power Association  
Scholarship Opportunity  
$1,250 Scholarship Available

Must meet following criteria to apply:

- Electrical Engineering major
- Cumulative Texas State University GPA of 3.0 or higher
- Full-time student
- U. S. citizen or foreign national with permanent residency
- Committed to pursuing a career in the power industry

To apply, fill out an application online at [www.engineering.txstate.edu/Student-Resources/scholarships/gulf-coast](http://www.engineering.txstate.edu/Student-Resources/scholarships/gulf-coast).

Applications will need to include:

- Names of three (3) references*
- Unofficial Texas State transcript
- Resume
- Double-spaced, 12-point essay between 500 and 1000 words long on the theme "Why I Plan To Pursue a Career in the Power Industry." This can include power-related fields such as renewable energy, photovoltaic power, etc.

*Actual reference letters will need to be submitted to Sarah Rivas, RFM 5200, by **4:00 PM, Mar. 1**.

The award decisions will be made by the Ingram School of Engineering Scholarship Committee by Apr. 1, and will be final.
