Transferring to Texas State
FI International Students Transferring to Texas State from Another U.S. Institution
International students that wish to transfer to Texas State University – San Marcos need to meet the academic as well as the immigration requirements for this transfer. Students that have been admitted into an academic program and provided the financial documentation required for their admissions should follow the steps below to process their SEVIS or immigration transfer. This is a separate procedure not to be confused with the academic transfer done through the Undergraduate or Graduate Admission offices. Simply transferring academically doesn’t complete your SEVIS transfer.

1. Notify your international/admission student advisor at your current school of your intent to transfer and verify the procedures with them.
An International Office advisor will determine an appropriate release date for your SEVIS transfer which will generally be the last day of the last semester your current institution will be included in the SEVIS Transfer Out Form. If you decide to cancel your transfer, you must notify the Texas State International Office before your SEVIS transfer release date. Once the transfer release date has been reached, Texas State will no longer have access to your SEVIS record and your new institution will be responsible for the management of your record.

Simply receiving the new school’s I-20 doesn’t complete the transfer process. Contact the staff at your new institution responsible for assisting international students about completing the required SEVIS transfer procedures.

For further information on immigration requirements, contact the Texas State International Office at 512.245.7966 or www.international.txstate.edu.

For further information on admission requirements for international students, contact the Office of Undergraduate Admissions at 512.245.2759 or www.admissions.txstate.edu.

**Transfer Credit**

**Evaluation of Transfer Credit**

Transfer of credit from another institution to Texas State involves consideration of accreditation, comparability of course work and applicability of that course work to a Texas State degree program. The Office of Undergraduate Admissions provides, along with the admission notification letter, an evaluated transcript that shows how each course that the student has completed has been evaluated for transfer to Texas State.

**Regional Accreditation**

Remedial courses are not transferable. Religious courses of a doctrinal or denominational character (sacraments, Christian approaches to missions, etc.) are not transferable.

**Credit from Abroad**

Course work completed at foreign institutions will be evaluated on an individual basis. Foreign institutions must be officially recognized by their Ministry of Education for transfer credit to be considered.

**Role of the Office of Undergraduate Admissions in Determining Transfer Credit**

The Office of Undergraduate Admissions reviews each course taken at another college or university and makes the initial determination of whether or not a course is transferable. The course is evaluated for transfer credit by comparing the nature, content, and level of transfer credit and in consultation with appropriate academic units at Texas State. Should a conflict arise, the decision of the Office of Undergraduate Admissions will be final. Students should discuss their course selections and degree plans with their two-year college counselor or academic advisor.

Potential transfer students may access existing transfer planning guides at www.admissions.txstate.edu/future/transfer/plp.html.

**Texas Common Course Numbering System**

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses between Texas public institutions. Common courses are included in the Community College General Academic Course Guide Manual, published by the Texas Higher Education Coordinating Board. Common course numbers may be used to determine how freshman and sophomore level courses transfer between Texas public institutions.

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most of this digit will be a 2, 3, or 4. The last two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). **Course Equivalency Information**

Course equivalency information may be obtained from the junior or community college. The Texas State Office of Undergraduate Admissions or through CatWeb on the Texas State web site (www.txstate.edu). Students are encouraged to plan all course selections at the junior/community college as far in advance as possible to ensure course equivalencies. The course equivalency information will maximize the transfer of credit to Texas State.
