

# **Texas State University College of Science and Engineering Outstanding Graduate Student Award**

## **Form A: Criteria for Nominating**

The **Outstanding Graduate Student** for the College of Science and Engineering shall be determined on the basis of work done while in the graduate college at Texas State University. December candidates are eligible.

In determining the recipient, scholarship, research, teaching, and service shall be considered. In each of these categories, evidence to be weighed may include (but not be limited to):

***Scholarship: G.P.A., GRE scores, expository seminars and presentations***

***Research: Thesis, grants, presentations, articles, laboratory or professional activities***

***Teaching: Teaching, excellence in lecturing, lab instruction or group instruction***

***Service: Club leadership, advising, hosting conferences***

The following forms should be completed and forwarded to the department Chair by February 1, 2018 in a sealed envelope marked "Outstanding Graduate Student Award":

1. Nomination Form "B" (see website)
2. Letters of support (no more than three)
