Bobcat Stadium (Jim Wacker Field)

Don gave us a tour of the facilities. Bobcat Stadium was built in 1981 and has had recent additions including the Jerry D. and Linda Gregg Fields West Side Complex and the North Side Complex. Bobcat Stadium has elevated to one of the best 30,000 seat Stadiums in the country. We were given the grand tour of the Press box, Champion Club, Legacy Suites, The roof of the West side complex, which was a real treat since no one is allowed up there. We went to the concourse which is a continuous walk from the west side to the east side. We also went under the North End Zone complex where there are really nice locker Rooms for the Track and Field Athletics and well as offices for the Coaches. We went to the Fan Shop and loaded up on Bobcat wear (items on sale that were amazing). Check out their web site for hour of operation. We went to the ticket office and met the staff. The Linda Fields Strutters Gallery was full of pictures, uniforms, props and photo gallery on interactive flat screens. We saw the training facilities and the weight room. We went to the visiting team locker room which is very nice and is used for high school teams when they use the facilities. The room can be divided with lockers and bath facilities on each side. We went into the Bobcat football team locker room which is new and beautiful. We walked across the Duraspine Pro turf football field over to the Sac-N-Pac Room where we conducted the business portion of the staff council meeting.

We thanked Don Coryell for his time and then Janell conducted a short meeting.
