S.R. 2016-2017. 04

Date of First Reading: September 19, 2016

A Resolution-

To be known as "A Resolution to add a "Safety Hazard Report" form to the Texas State University Official Website and Mobile Application," which calls for Texas State University to allow students to report any maintenance-related issues on campus in order to avoid potential safety and risk hazards.

- 1 **WHEREAS:** Texas State University takes pride in our campus and
2 ongoing beautification projects; and
- 3 **WHEREAS:** Texas State Student Government supports the efforts of our
4 fellow Bobcats to unite in order to better the campus
5 community; and
- 6 **WHEREAS:** Texas State students navigate campus on a continual basis
7 throughout the year; and
- 8 **WHEREAS:** Students can easily recognize maintenance-related issues
9 that could potentially become a safety risk/hazard and
10 identify areas on campus that need improvement; and
- 11 **WHEREAS:** Student Government acknowledges that the Texas State mobile
12 application and official Texas State website are tools many
13 students can access via their mobile device and other

14 technological platforms in order to stay connected;

15 therefore

16 **BE IT RESOLVED:** That Texas State University implement a "Safety Hazard
17 Report" form on the Texas State mobile application and
18 official website as a tool and resource that students
19 can use to report any maintenance-related issues that
20 could become a potential safety risk and/or hazard for
21 students; and

22 **BE IT FURTHER RESOLVED:** That this report be submitted directly to
23 the appropriate department that responds to
24 maintenance-related issues pertaining to
25 the Texas State campus; and

26 **BE IT FURTHER RESOLVED:** That the Safety Hazard Report form include:
27 the student's name, ID number, email
28 address, report submission date, safety
29 concern and/or hazard description, hHazard
30 location (as designated by the university),
31 an option to submit a photo attachment of
32 the hHazard to the report, and a check box
33 for the student to opt-in to receiving a
34 follow-up email in regards to the action
35 taken on the reported issue; and

36 **BE IT FURTHER RESOLVED:** That Texas State University inform all
37 students via email once the Safety Hazard
38 Report form is released and available to be

39 utilized by the student body, including
40 information about where the form is located
41 and how to access it; and

42 **BE IT FURTHER RESOLVED:** That the department assigned to respond to
43 the maintenance issue notify the student in
44 regard to what action was taken to resolve
45 the issue if the student has opted-in to
46 receive a follow-up notification; and

47 **BE IT FURTHER RESOLVED:** That the form notes its intended purpose to
48 reduce unnecessary walk-in, telephone or
49 email traffic directed to the assigned
50 department; and

51 **BE IT FURTHER RESOLVED:** That upon passage, this piece of
52 legislation be forwarded to Student Body
53 President Andrew Homman for further action.
