Sexual Assault

- One in four women are sexually assaulted during their time in college.
- More than 70 percent of rape victims know their attackers.
- At least 50 percent of college students' sexual assaults are associated with alcohol use.
- The presence of a bystander makes a completed rape 44 percent less likely.
- Less than 5 percent of completed or attempted rapes against college women were reported to law enforcement. However, in two-thirds of the incidents the victim did tell another person.

WHAT IS SEXUAL ASSAULT?
