Welcome to Texas State University.

Your world is about to get bigger.
There’s something for everyone in San Marcos, a vibrant community nestled along the edge of Texas Hill Country. Hike or bike through stunning scenery in more than 2,000 acres of parks and natural areas. Jump into the cool waters of the San Marcos River or wade into the Blanco. Explore dozens of locally owned boutiques, shops and restaurants within walking distance of campus, or check out live music at venues that include Cheatham Street Warehouse, where Texas State alumni and country music stars George Strait and Randy Rogers got their start.

EXPLORE
admissions.txstate.edu/explore
gradcollege.txstate.edu/admissions/explore
Texas is a great place to learn.

- It is the second-largest state in America, with the second-largest population.
- It has dance halls and barbecues, cowboy boots and wildflowers.
- It has warm coastal waters, deserts and low mountains.
- It has nature trails and wide skies.
- It has busy cities and twinkling skylines.

Austin is known as the Live Music Capital of the World, but there’s more to the city than its legendary music venues. Just 30 minutes north of San Marcos, Austin is the place for you to explore parks and lakes, soak up art and history in world-class museums, sample cuisines from around the world, or celebrate at music, film and food festivals.

To the south is San Antonio, a historic city that’s been around since before Texas was Texas. Dig deep into the past at the Alamo and other 18th-century Spanish colonial missions, stroll along the famous River Walk, sample some of the best tacos in Texas, or hop onto a thrilling roller coaster at the city’s popular amusement parks.
Your next steps will start your journey to where you want to be.

- Founded in 1899
- 38,849 students
- 1,936 total faculty
- Students from 66 nations
- 34,244 undergraduate students
- 6,525 Bachelor’s degrees awarded in 2016
- Students represent ethnic minorities
- 50%
- 1,437 graduate students
- 1,437 graduate degrees awarded in 2016
- Our San Marcos campus covers 491 acres
- 34th largest public university in the country
- 5th largest public university in Texas
- 50% students represent ethnic minorities
- Founded in 1899

Our San Marcos campus covers 491 acres
34th largest public university in the country
5th largest public university in Texas
50% students represent ethnic minorities
Founded in 1899
If you are a freshman, you will live right on campus in one of our beautiful residence halls. You can choose from 24 locations across campus. All of them are close to facilities you will need, like the gymnasium and the library.

Residence hall rooms are furnished and include access to cable television, local telephone service and high-speed internet connections. You can share a room with up to three other people. We’ll match you with appropriate roommates based on how you like to live. You’ll get to know more about American culture through your roommates.

Each residence hall has assistants who live on site. They are always ready to answer any questions you have. Our goal is to make you feel comfortable and safe in your university home.

The Department of Housing and Residential Life can provide graduate students with assistance with finding and securing off-campus housing, but students can live on campus, too. Visit reslife.txstate.edu for more information.
So many memories start at the beautiful San Marcos River, which flows right through our campus.

The river is home to Texas wild rice, an endangered species that grows nowhere else but here. Whether you’re interested in research or relaxation, take one look at our river, and you’ll realize there’s no place else you’d rather be.
Keep track of the shuttles through our mobile app.

Food

dineoncampus.com/txstate

Food is a great way to explore the culture of a new setting. Our campus has 10 dining locations, where you’ll find a blend of American food and meals from other cultures. There is a lot of variety so you are sure to find something you like to eat!

Restaurants in San Marcos also provide a wide range of flavors and styles.

Transportation

transportation.txstate.edu

When you need to get to class, catch a Bobcat Shuttle. The transportation system has 45 shuttles covering 10 routes around campus.

If you want to roam a little farther, the municipal bus offers services to major areas of San Marcos along seven routes in the city, and the interurban bus connects to Austin from Monday to Friday.

Alternate transportation options include multiple on-campus Zipcar locations, where students can rent cars by the hour or day, and The Bike Cave, our bicycle shop and workspace.

Airport Information

There are two international airports near San Marcos: Austin-Bergstrom International Airport (ABIA) and San Antonio International Airport (SAIA). Austin-Bergstrom International Airport is approximately 30 miles (48 km) north of San Marcos; San Antonio International Airport is approximately 45 miles (80 km) south of San Marcos. We recommend that you choose to arrive in Austin.

SuperShuttle offers special pricing for ground transportation from Austin to Texas State University for students, faculty and staff. Book online at supershuttle.com.
The TSIE Program offers non-credit, academic-based, intensive English classes to international students, faculty and staff. The program focuses on reading, listening, speaking, writing, grammar, American culture and test preparation. Classes are offered four days per week each semester (fall, spring and summer) for 15 weeks in the fall and spring or 10 weeks in the summer. All TSIE classes take place on campus and are conducted by professionally trained instructors with advanced degrees in foreign language education, TESOL and/or English. Through TSIE, students will take part in activities and assignments to improve academic English proficiency and obtain the tools necessary to succeed in university-level classes. Students will be evaluated before, during and after their participation in TSIE to ensure proficiency goals are met. TSIE helps students have a smooth and successful transition from English-language training to participation in credit-bearing degree programs.

Texas State University is building strong international partnerships through direct student and faculty engagement, collaborative projects and scholarship that spans traditional boundaries. Last year, more than 700 Texas State students chose to study in countries around the globe. We proudly welcomed more than 600 undergraduate, graduate and English language students from nearly 80 countries, while more than 80 international scholars made Texas State their home for expanding research frontiers.

We've got your back!

Moving far from home can be difficult. We are here to help, whether you need a little assistance as you develop English skills, or whether you just want to talk to someone because you feel homesick. At Texas State, our goal is to help you learn at every step of your journey.

Texas State is committed to welcoming international students and scholars to bring diversity, new perspectives and innovative ideas into its classrooms, laboratories and campus life. With an internationally minded faculty and an ever more globally engaged student body and university community, Texas State subscribes to a comprehensive vision of internationalization and nurtures the international dimensions of teaching, learning and discovery through:

**Student support services to enhance the international student experience and success in the classroom and beyond**

1. Partnerships that advance its core academic mission and encourage students and faculty to approach global challenges and opportunities in new ways

2. Faculty engagement that enriches research and curricula to create a hub of global intellectual activities

3. Collaborative and inclusive international strategy that fosters sustainable cross-cultural opportunities

CAREER SERVICES
careerservices.txstate.edu
Helps you with career advice, interviewing skills, résumé reviews, internships, jobs and more

COUNSELING CENTER
counseling.txstate.edu
Offers free and confidential sessions for a variety of personal, social, career and academic issues

DISABILITY SERVICES
ods.txstate.edu
Provides support services to students with disabilities, giving them the assistance they need to succeed

INTERNATIONAL OFFICE
www.international.txstate.edu
Serves as immigration and cultural advisers to international students and scholars, and provides services and information that facilitate cultural adjustment, social integration, retention and success

STUDENT HEALTH CENTER
healthcenter.txstate.edu
Promotes healthy lifestyles through education and access to affordable healthcare services

TUTORING
txstate.edu/slac
Assists students in a range of academic areas, including course content, study skills and test prep

WRITING CENTER
writingcenter.txstate.edu
Tutors students on writing projects, such as thesis, dissertation essays, research papers, cover letters and more
You will get personal attention to support your success when you join our university community.

PACE
PACE stands for Personalized Academic and Career Exploration Center. It’s where counselors work with freshmen to prepare a strategy for academic success. When you have a plan, success is easier to achieve.

COMMON EXPERIENCE
All incoming freshmen read a book on a theme that is chosen to stretch your mind. The book is discussed through lectures, films and presentations, and will help you connect with fellow students.

UNIVERSITY COLLEGE
You can take charge of your education and set your own direction through the bachelor of general studies. Combine three Texas State minors, two general studies courses and other supporting courses to build your own degree.

FRESHMAN SEMINAR
University Seminar (US 1100) is a course designed to introduce you to the academic life. Your instructor will help your class understand the value of a university education and help you create a passion for lifelong learning.

The Graduate College hosts events and programs to help you learn more, do more and be more.

SHOP TALKS
Grad College Shop Talks provide presentations in key areas of your field — including efficient degree completion strategies, finding research support, disseminating your scholarship and planning for your career.

GRADUATE STUDENT APPRECIATION WEEK
Our weeklong event celebrates the accomplishments of graduate and professional students like you, with workshops, social events, wellness classes and recreational opportunities.

INTERNATIONAL RESEARCH CONFERENCE FOR GRADUATE STUDENTS
The research conference offers an opportunity for you to present your original research and receive feedback from experienced faculty members. The conference is free and open to all graduate students currently enrolled in colleges and universities.
“International education cannot be the work of one country. It is the responsibility and promise of all nations. It calls for free exchange and full collaboration. ... The knowledge of our citizens is one treasure which grows only when it is shared.”

Lyndon B. Johnson, 36th president of the United States and a graduate of Texas State University
This is your education — your chance to make some decisions about what you want to learn and how.

**STUDY ABROAD**
studyabroad.txstate.edu

Education is about more than books and essays. It’s about experiencing the world firsthand, seeking information from its source with a sense of adventure, purpose and curiosity. While you’re at Texas State, join the study abroad program to travel beyond the United States. Give your mind room to grow!

**UNDERGRADUATE RESEARCH**
txstate.edu/discover

Faculty members encourage students to get involved, to ask questions and find the answers. You’ll have opportunities to explore your own interests through the Student Undergraduate Research Fund and conduct your own research with the guidance of professors. At Texas State, you can make discoveries about yourself and the world.

**GRADUATE RESEARCH**
gradcollege.txstate.edu/students/research-toolkit

As a graduate student, you are supported from the beginning to the end of your research. Faculty will help you pinpoint your topic. Attend workshops that deal with research methods, tools and resources to help you develop your focus. When you’re ready, promote your work around the world with our graduate student travel funds program.

THE FREEMAN CENTER, a 3,500-acre research and educational facility, is home to programs exploring natural resource conservation, sustainable farming and forensic anthropology.
Outstanding professors bring a world of experience to share with you, and their stories reflect the openness and diversity of our campus community.

I came to the U.S. as a graduate exchange student and completed my Ph.D. here. I particularly enjoy the cultural and ethnic diversity on campus and in the surrounding region, the welcoming graduate community, and the university’s highly supportive faculty and staff.

Dr. Andrea Golato
Dean, The Graduate College

As a former international student and international faculty member, I can attest to Texas State’s commitment to fostering a global university community. Our students benefit from a range of excellent academic programs, a variety of research opportunities, and an active, engaging faculty and learning community.

Dr. Vedaraman Sriraman
Associate Vice President, Academic Affairs

English language learning at Texas State means new experiences, strong partnerships and lifelong friends. International students bring a wealth of capacity and energy to the Texas State campus. It’s an honor to work with such outstanding students.

Rosario Davis
Associate Director, International Affairs
You’re attuned to life cycles and nature. You understand that the root of human survival is found in the way we manage our food supply and in our ability to take care of our animals. You’re ready to find answers to problems that people face around the world on a daily basis.

** Doctoral Degree

3-DAY STARTUP
An entrepreneurship event for developing and pitching real business plans to potential investors

Texas State University has given me much more than a college education. I have met lifelong friends, traveled amazing parts of the world and have been able to accomplish much more than I could’ve imagined. After graduation, I will always look back at it with adoration.

Jiahuan Qi, China
Master’s Degree in Accountancy

OUR BUSINESS STUDENTS CONNECT WITH THE COMMUNITY.
These recent graduates completed a student project doing research to benefit the San Antonio Zoo.
You know that when ideas are communicated clearly, they can change attitudes, change opinions and change lives. You want to build a tool kit that will help you bring people and ideas together in a powerful way.
You understand that information is the key to unlocking countless doors. You’re a leader, and you want to guide others toward new and challenging paths. You’re excited about a future in which sharing your love of knowledge will make a difference in other people’s lives.

Texas State University has been one of the most amazing experiences of my life, both educationally and socially. I have met a lot of people, both international students and American students, who opened my mind to new cultures.

Lluvia Viridiana Jimenez, Mexico
Master’s Degree in Elementary Education – Bilingual
Being an international student can be hard. It can be terrifying to be in a new school, never mind a new country, especially when you don’t have a mom or dad here and you’re figuring out everything by yourself. But everyone at Texas State has been so welcoming, and I feel at home here. Some of my professors have become my ‘moms’ and ‘dads.’ It’s great to have that support system.

Rudo Dozva, Zimbabwe
Master’s Degree in Social Work
You’re interested in how people think, in the ways society and its members react to the past and perceive the future. Human interaction is a source of fascination for you. The world is your research lab, and you’re ready to explore it.

After the earthquake in Nepal, my family had to be resettled. Within three weeks, my advisor and others in my department helped me get my ticket to go back home. People here are helpful, kind and generous. They are like family members. During Thanksgiving, our department has a tradition of a big potluck dinner, so we don’t feel like we are away from home.

Upendra Bahadur Bom, Nepal
Doctoral Degree in Geography
You’re curious about the natural world. You’re not content to simply accept the way things have always been done. You want to explore how a greater understanding of science and technology can improve our lives.

WOMEN’S
basketball, cross country, golf, track and field, soccer, softball, tennis, volleyball

TRADITIONS
admissions.txstate.edu/traditions

At Texas State, school spirit is contagious. You’ll catch it at our athletic events, where fans gather to cheer for the home team. You’ll feel it in the Quad, a tree-lined walkway that buzzes with energy when students walk to class. And you’ll show it on Spirit Fridays, when students, faculty and staff wear our school colors, maroon and gold, with pride.

You want to fit in and stand out.

We’ll make sure you have every opportunity to do both.

APPLICATION
admissions.txstate.edu/future/international
gradcollege.txstate.edu/international

Like the International Office on Facebook.
To ensure you are considered for admission, complete the following steps by the appropriate deadline. Deadlines for international students differ from those for U.S. citizens. We recommend checking the deadlines for scholarship and assistantship opportunities so you don’t miss out.

HEALTH INSURANCE REQUIREMENTS

University policy requires all international students on non-immigrant F and J visa classifications to have health insurance coverage while attending Texas State University.

- International students must purchase the international student health plan endorsed by the university.
- Students must purchase the health insurance directly through Academic Health Plans (AHP) prior to the first day of classes.
- Students with existing health insurance plans may qualify for a waiver by submitting information to AHP.

Questions about the international student health insurance requirement should be directed to the International Office at intlhealth@txstate.edu or through their website at www.international.txstate.edu/insurance.
International students are encouraged to apply for academic scholarships at Texas State. There are a limited number of scholarships and grants that are available specifically for you, and most competitive scholarships at Texas State may be awarded regardless of whether or not you are a U.S. citizen.

For more information on how to apply for scholarships, visit financialaid.txstate.edu/scholarships/international.
