---

**I understand that:**

- The decision to change to a different major or program now or in a future semester will likely result in additional hours required for degree completion and **delayed graduation** and could potentially result in tuition for excessive attempted hours.
- School districts will conduct **background checks** for students enrolling in field experiences and student teaching and have the right to deny anyone entry to schools based on those results. I am encouraged to discuss any concerns about this with the Office of Educator Preparation at the time of declaration into this program.
- The Field-Based Block and Student Teaching semesters are both unpaid experiences that take place at public schools **outside of the Texas State campus** and are integral requirements for graduation in this program. I am responsible for obtaining transportation to school placements. Transportation and/or financial challenges are not justification for having these requirements waived or altered.
- The school settings required for field experiences and student teaching may pose challenges for students with certain disabilities. I should discuss any **necessary accommodations** with the Department of Curriculum and Instruction and the Office of Educator Preparation at the time of declaration into this program to determine whether any required accommodations can be met in those settings.
- **A 2.75 Overall GPA, 2.50 Major GPA, and 2.0 Texas State GPA** are required for graduation from this program.
- An Overall GPA of 2.75 is required for enrollment in all Teacher Preparation sequence coursework. Additionally, admittance to the **Teacher Preparation Program** is required prior to registration for and enrollment in the Bilingual Field-Based Blocks. I will be held to the admittance requirements active at the time that I apply to the program, which may differ due to state mandates from the curriculum as it appears now.
- The Teacher ‘**C’s or better**’ are required in all Major (see Degree Audit) and Teacher Preparation (CI, ECE, RDG, SPED) sequence coursework.
- All other coursework should be completed **prior to the Student Teaching semester**.
- Teacher Certification will be issued by the Texas Education Agency and is contingent upon graduation (completion of degree requirements including Student Teaching and awarding of degree by Texas State’s Registrar’s Office), passing score on required TExES exams, and application for certification.
- Regardless of catalog year, I will be held to **current academic policies and course prerequisites** which are subject to change.
- To be recommended for certification, I **must pass all required exams** for this program:
  1. Pedagogy and Professional Responsibility
  2. EC-6 Generalist
  3. Bilingual Supplemental
  4. Bilingual Target Language Proficiency Test (BTLPT)
