I understand that:

☐ Certain degree programs within the College of Education require the completion of a Minor or Second Teaching Field, while for other programs the addition of a Minor or Second Teaching Field is optional. I should be aware of the requirements of my degree program.

☐ The decision to change to a different Minor/Second Teaching Field now or in a future semester will likely result in additional hours required for degree completion and delayed graduation and could potentially result in tuition for excessive attempted hours.

☐ Certain Minors/Second Teaching Fields may have a prerequisite sequence and/or require the completion of prerequisite coursework not listed within the Minor or Second Teaching Field. Minor/Second Teaching Field coursework may also be offered on a rotational basis. I should be aware of the coursework required for the Minor/Second Teaching Field I have chosen and plan accordingly.

☐ A 2.5 GPA within a Second Teaching Field or a 2.0 GPA within a Minor is required to graduate. A Second Teaching Field requires all coursework be completed with a ‘C’ or better.

☐ Regardless of catalog year, I will be held to current academic policies and course prerequisites which are subject to change.
