

To: President's Cabinet
From: Denise M. Trauth
Subject: President's Cabinet Meeting
June 12, 2017

Campus Security (#142)

Dr. Smith and guests, Mr. Jose Banales and Mr. Matt Flores, discussed timely warnings and other security messaging. Cabinet members approved three categories of notifications to use to notify the campus community about incidents and/or crimes on campus. Those categories include: Safety Notices; Emergency Notifications; and Timely Warnings. The University Police Department will create procedures for dissemination of each of these types of notices.

Employee Photos in University System (#741)

Mr. Pierce discussed the automatic use of faculty, staff, and student official ID photos in the university system. He explained that, in the university system, the official ID photo will be turned on for all faculty, staff, and students, that faculty and staff can opt out in the system if they do not want to display a photo, and that there is process that will allow faculty and staff to display a customized photo instead of the official ID photo.

President's Update (#556)

President Trauth discussed meetings held with officials and alumni in Mexico City.

Significant Issues (#01)

Mr. Pierce announced that a certificate of occupancy was received for the Archives and Research Center at the Science, Technology, and Advanced Research Park and that a committee will be appointed to plan the building dedication ceremony.

Mr. Pierce announced that the Lonestar Education and Research Network Board of Directors will meet on the San Marcos Campus during the week of June 12, 2017.

Dr. Smith provided a status report on the progress of the LBJ Student Center expansion project.

Dr. Smith discussed the need to identify a key-controller for each unit.

Enrollment Management (#9)

Provost Bourgeois provided an enrollment update.
