Brian McCall, Ph.D., is Chancellor of the Texas State University System, the oldest and third-largest university system in Texas, comprising eight universities and colleges with more than 72,000 students and 15,000 faculty and staff.

McCall previously served in the Texas House of Representatives, first elected in 1991 to represent the areas of North Dallas, Frisco, Allen and Plano. As a Representative, he served as Chairman of the House Calendars Committee and as a member of the Higher Education Committee. Texas Monthly magazine named McCall one of the “10 Best” legislators for the 2009 legislative session.

McCall wrote and passed one of the largest tax-cut bills in the history of Texas and during his last session secured $5 million in funding for The University of Texas at Dallas’ Center for Values and Medicine. Other legislative accomplishments include authoring and passing key bills in the areas of health care, biotechnology, high technology, identity theft and tax, and tax and budget policy.

McCall was President of Westminster Capital Corporation, an investment firm focused on acquisitions primarily in software and technology. He also serves on the board of View Point Bank, and along with his brother, David, operates Snow Hill Farm north of Dallas.

McCall holds a bachelor’s degree from Baylor University, a master’s degree from Southern Methodist University, spent a year as a visiting post-graduate student at Oxford University, and earned a doctor of philosophy degree from University of Texas at Dallas.

A long-time civic and community volunteer, McCall is founder and Chairman of the Board of The Empowerment Project, a non-profit organization which has sent more than $10 million worth of math and science books to disadvantaged schools in the Republic of South Africa, and helped construct a library in Vietnam through the Libraries of Love organization. The Empowerment Project also raised more than $350,000 to provide direct support for the medical needs of children in North Texas.

Celebrating 75 Years of Excellence in Education

For the past year Texas State University has been celebrating the 75th anniversary of the Graduate College, which began in 1935 at what was then called Southwest Texas State Teachers College. The first two master’s degrees were awarded in 1937 — both in education.

Today we offer 89 master’s and nine doctoral degrees in programs that span each of the university’s colleges: Applied Arts, Business Administration, Education, Fine Arts and Communication, Health Professions, Liberal Arts and Science.

The cutting-edge programs in these colleges put our graduates at the vanguard of research and careers in areas as diverse as environmental geography, human nutrition, communication disorders, and sustainability.

The Texas State Graduate College congratulates the students receiving their graduate degrees today, and we will continue to build on our past to create professionals who will shape the future.

COMMENCEMENT REGALIA

The gowns, caps, and hoods worn at university functions date back to the early days of the oldest universities in the Middle Ages. Monks and students wore them to keep warm in the damp and drafty 12th century halls of learning. This traditional academic dress had been gradually revised to the modern form that you see today.

All gowns have a semi-stiff yoke, long pleated front, and intricate shirring across the shoulders and back. The bachelor’s gown is worn closed, reaches about 8 to 10 inches from the floor and has long sleeves from which the arms extend at the wrist. The master’s gown may be worn open or closed and has long, pointed sleeves closed at the end, the forearm coming through a slit near the elbow, with the flowing sleeve extending down the thigh. The doctor’s gown may also be worn either open or closed but is distinguished by broad velvet panels down the front and by three velvet bars on the full bell-shaped sleeves. This velvet trimming may be either black or the color distinctive of the field of learning.

The black cap with maroon and gold tassel is worn by the holders of bachelor’s and master’s degrees; the black velvet tam with gold tassel is worn by holders of doctoral degrees.

The hood (not usually worn by the holders of the bachelor’s degree) is a black shell, silk-lined in the color or colors of the institution conferring the degree. The colors of Texas State University-San Marcos are shown by a maroon lining crossed with a gold chevron. The velvet border of the hood is the color signifying the field of learning in which the degree was earned and not in the department in which the major was completed. Thus, a degree conferred as master of education with a major in physical education requires the light blue of education rather than the sage of physical education. Similarly, the “doctor of philosophy” degree requires the royal of philosophy, not the color of the department in which the major of study was completed.

Colors signifying various fields of study that you may see today include:

The use of a mace during university graduation ceremonies combines symbolic communication with the principle of vested authority at the most traditional and sacred of academic celebrations. The Texas State ceremonial mace is made of bronze and walnut and displays the university seal in maroon and gold relief. Beneath the seal is a metal base inscribed with the words AUCTORITAS, GRAVITAS, HUMANITAS, and VERITAS. These words come down to us from antiquity and represent our shared academic values:

**Auctoritas:** The sense of one’s standing gained through experience, industriousness, and service to others.

**Gravitas:** A sense of dignity, seriousness, and duty.

**Humanitas:** An appreciation for refinement, civilization, and learning.

**Veritas:** Truthfulness.

The mace adds meaning and dignity to the commencement ritual. It reminds both participants and spectators that education is one of the most cherished attributes of a free and democratic society.
The Texas State Official Class Ring is a lifelong representation of Texas State pride. The symbols on the ring capture the essence of Texas State.

**Explanation of symbols**

The top of the official ring features a Texas “lone star” set upon an oak-and-laurel wreath. Around the crown of the ring, the Texas State University name and the founding date of 1899 are spelled out.

The left side of the ring features Texas State’s original campus building, Old Main, with tubers floating by on the steady flow of the San Marcos River. The right side features the T-star-S-logo and is symbolic of the historic roots of Texas State. The T is for Texas and the S is for State. The star represents the star in both the university seal and the state seal of Texas. The school flower, the gaillardia, is engraved inside the ring. Also known as the Indian blanket, it is the source of Texas State’s school colors, producing showy gold-and-maroon flowers along freeways and highways, and representing Texas State throughout the state and beyond.

**How to wear your ring**

Before graduation: wear your ring facing in, so that when you look down at your hand you can read Texas State University.

At graduation: after you receive your diploma, turn your ring around so that the words Texas State University now face out, displaying your pride to the world.

**TEXAS STATE TASSEL**

Tassel turning is a time-honored tradition at Texas State. Baccalaureate and Master’s candidates wear a maroon and gold tassel adorned with a gold charm displaying the year of graduation. Doctoral candidates wear a solid gold tassel.

After diploma presentations, candidates are instructed to move their tassels from the right side of their cap to the left, signifying the completion of their degree at Texas State.
Congratulations! As you receive your diplomas today, you become Texas State alumni. You join a proud tradition that stretches back more than a century.

We invite you to join the Alumni Association. Membership is a wonderful way to follow the accomplishments of your Texas State friends, find alumni in other parts of the world and monitor happenings at the university. Many cities have alumni chapters where Bobcats gather, share lives and stay connected. Members receive Hillviews magazine, retail discounts and have access to Texas State career services and fellow alumni.

Wherever your future takes you, we want you to remain involved. Keep us informed of your address and of the people in your life. We want to share your successes.

Discover all that Texas State has to offer you after graduation. Following the commencement ceremony, please stop by the Alumni Association tent outside Strahan Coliseum. Join your Alumni Association today.
