**ABOUT THIS PROGRAM:**
May 21, 2017 - June 20, 2017

This total immersion program in the Spanish language and culture will provide students with a comprehensive approach and authentic language environment to continue the development of proficiency in Spanish through study and communicative practice. The program is designed to develop all language skills within a Spanish cultural framework. Valladolid is one of the main cities of Old Castile and the capital of Castilla y León. It was founded in the middle ages, and after it hosted the marriage between Queen Isabella of Castile and King Ferdinand of Aragon, it became the capital of Spain until 1561. The city contrasts traditional, modern life with a beach, sports activities, and important museums such as the Cervantes and Columbus.
