Welcome Bobcats

New Student Orientation has been and will be going on for the next few weeks. Orientation is a crucial part of the new student experience, and we have the honor of hosting it in our building. As part of your duties as an employee of LBJSC, you should be a smiling, welcoming face to both parents and incoming freshmen. More importantly, as a proud Bobcat, you should be striking up conversation about the school and your experiences as well as offering to assist new Bobcats and their families however you can. Whenever possible, walk guests to their destination rather than simply pointing, and if you don’t know a definite answer to a question, keep in mind staff members who may be able to help. Today is a great day to be a Bobcat, so make sure our guests feel the same!

Staff Farewells

Our staff is saying goodbye to some tremendous individuals this month, and we are sad to see them go. Donna Kelly, whose emails you have undoubtedly received, will be leaving us on July 2. Donna’s presence will be sorely missed, so feel free to give her a big hug when you see her. We will also be losing Hallie Kloots, as she, her husband, and Bogo the dog em-bark (get it?) on a new adventure in Hickory, North Carolina. A familiar face will be temporarily be the go-to person for all things SACA: Rigo Gutierrez.

Stars of the Month

Congratulations to this month’s celebrated Stars! Our Full-time Star this month is Tony Baker for his constant commitment to hard work and general friendly demeanor. Our Student Star is Mailisa Paradeza for her constant involvement and willingness to help at every possible opportunity. And, let’s again recognize Rigo who is still the Graduate Star of the Semester. These Stars are great role models to emulate. Don’t forget to congratulate them when you see them around the building.

Holiday!

Keep in mind the upcoming 4th of July holiday. We will not be open on that day, so rest up and enjoy your day off. Hooray, America!

Weather Watch

Unfortunately, after all of the recent flooding, it appears that more rain is still on its way. While the past flooding has not significantly affected main campus, some damage was done to other Texas State facilities, most notably to University Camp. University Camp will be closed for at least the remainder of this month. Please be aware that if flooding does occur, avoid swimming in the river until an official notice is given that it is safe again. Also, be aware that floating past Rio Vista Park is unsafe due to strong undercurrent and hidden debris.
