December 15, 2011

TO: A. J. DeGarmo  
President, Associated Student Government

FROM: Joanne H. Smith  
Vice President for Student Affairs

I am in receipt of this legislation which poses recommendations to the San Marcos City Council as they sought to comply with Federal Regulations regarding the San Marcos River. As was explained at the time the legislation passed, as a University, we do not influence local, state, or national government decisions; however, ASG could choose to send feedback as appropriate. I believe that ASG sent feedback to the Council when this issue was raised.

If you have questions, please contact me.

xc: Dr. Margarita Arellano, Associate Vice President Student Affairs/Dean of Students  
Kathy Weiser, Advisor
