1. Output Type: Detailed Report shows salary/fringe amounts subtotaled by employee. Drill Down Summary, selected by default, shows an overview of amounts (you must drill down for detail information in this view).

2. Personnel number: Personnel number(s) is optional, but useful to narrow the report. Wage type is another option to narrow the report.

3. Date Selections: Posting Date is required - must include a beginning and end date Fiscal Year is required

4. Addl select-options: Enter a Cost Center, Order, or WBS Element. One of these is required. Other options (not required) such as G/L Account or Fund narrow the results of your report.
Salary/Fringe Report Quick Reference
