   See the Texas State University website for deadlines, fees, forms, and other pertinent information.

3) **Return the SRT Application and Supporting Materials**  
   Info: 512/245-8451  
   [http://www.txstate.edu/music/srt/SRT@txstate.edu](http://www.txstate.edu/music/srt/SRT@txstate.edu)  
   ✔ Be sure to include your 90 second video on CD or DVD.  
   ✔ Be sure to include 3 letters of recommendation.  
     - Letters should reflect positively on an applicant’s musical abilities and math/science background.  
     - Additional information regarding an applicant's audio experiences or personal qualities may be used in the assessment process.  
     - Letters should come from credible sources.  
   ✔ Be sure to include pertinent transcripts (or copies).  
     - Show all college level work (if any).  
     - Transfer students who have not taken a higher-level math class must also provide a high school transcript.  
   Mail to:  
   SRT Program  
   224 N. Guadalupe St.  
   San Marcos, TX 78666  
   All materials must be received and evaluated prior to the student’s scheduled musical audition. Audition dates can be found here:  
   [music.txstate.edu/prospectivestudents/BecomingaMusicMajor](http://music.txstate.edu/prospectivestudents/BecomingaMusicMajor)  
   The deadline for submission is **30 days** before your scheduled audition date.  
   Note: There are no fees associated with this step.

4) **Request a Musical Audition date** (requested date must be a minimum of 30 days after you submit your SRT Application)  
   Info: 512/245-2651  
   [music@txstate.edu](mailto:music@txstate.edu)  
   See the School of Music web site for deadlines, forms, and other pertinent information.  
   **Evaluation of application materials will determine which students audition.**  
   You will be notified whether or not you will need to continue on to step #5.  
   **Students not invited to audition will not be considered for admission to the Sound Recording Technology program.**  
   Such students must notify the School of Music prior to the scheduled audition date indicating whether or not you wish to keep your audition date and be considered for a music degree program **other than Sound Recording Technology.**

5) **Complete a Musical Audition and Personal Interview**  
   Info: 512/245-2651  
   [music@txstate.edu](mailto:music@txstate.edu)  
   **Admission to the School of Music is determined primarily through faculty evaluation of auditions.**

---

Generally, the application process is completed in the Spring semester for enrollment the following Fall semester. The application and supporting materials must be received a minimum of 30 days before the applicants audition date. On average, we process between 60 and 120 applications for the 15 positions available. Students are generally notified before mid-May as to their standing.

Spring admission is contingent upon an appropriate academic background and a current student dropping out of the program. The application and supporting materials are due around Oct. 1 – see our web site for more info. Often, we do not know whether space is available in a Spring class until late registration begins in mid-January. On average, we process between 5 and 10 applications for Spring admission. Spring admission is rather rare.

Applicants must be prepared to study music at a university level. Generally, this means they have studied an appropriate instrument (or voice part) formally for several years. **Note: Some instruments and/or performance styles are not available for study at Texas State University. Check the School of Music website for appropriate instruments and performance styles.**
