Welcome to the Texas State-ACC Pathway Program

This is a unique co-enrollment partnership between Texas State University and Austin Community College (ACC). By participating in the Pathway program, you can take three to four credit hours at Texas State each semester and your remaining courses at ACC. As a Pathway student, you will live on campus at Texas State, unless you qualify for an exemption.

With the ACC Hays campus only 14 miles from San Marcos, you will have easy bus service access to all the facilities, programs and services offered at both campuses.

How to Secure Your Acceptance to the 2017–2018 Pathway Program

Now that you have received this offer, you must accept it online at admissions.txstate.edu/pathwayoffer. Texas State will share all admission and enrollment information with ACC. You will not need to complete a separate application for ACC. Once you have accepted the offer, you will receive an official acceptance letter.

Accept your Pathway offer today.

How the Pathway Program Works

As a Pathway student, each semester you will enroll in three to four credit hours at Texas State and nine to 12 credit hours at ACC. After one year, you will earn full admission to Texas State if you have completed:

- at least 24 credit hours from Texas State and ACC with a 2.25 cumulative GPA

Once you meet these requirements, you are eligible to transfer into most majors.

Experience Two Unique Settings

When you join the Pathway program, you will enjoy benefits of two distinctive institutions. Texas State offers you large university opportunities and personalized attention; at ACC Hays, you will experience a community college campus with the latest facilities and resources. Faculty, staff and academic advisors at both institutions are committed to your success and work closely with you.

You receive most of the privileges and participation eligibility of a full-time Texas State student including:

- Cat Camp
- intramural sports
- on-campus housing
- recreational facilities access
- sports passes
- on-campus employment
- student health services
- student organizations and activities

Pathway students are not eligible to participate in NCAA athletic competition.

How Costs Are Broken Out

Tuition and fees will be paid to each institution by the student and must be made by each institution’s deadline. Pathway students qualify for in-district tuition at ACC. The estimated annual cost of attendance for the Pathway program is $17,210.

Financial Aid Opportunities

Financial aid is available to Pathway students and will be awarded by Texas State University. To be eligible for financial assistance, you must first submit the Free Application for Federal Student Aid (FAFSA) at fafsa.ed.gov. Include Texas State’s school code, 003615, on your FAFSA. Texas State uses the FAFSA to determine your financial aid eligibility.
