Catholic Spirituality & Psychological Temperament: A Customized Window onto the Whole Mind

Interactive presentation by Psychologist Richard D. Grant, Jr., PhD

- Thursday February 4
- 6:30 - 7:30 pm
- H. L. Grant Catholic Student Center
- 100 Concho Street

Modern psychology and spirituality offer complementary views of the Whole Mind. Four psychological temperaments personalize the four Gospels of the New Testament as contemporary models for human development. During this presentation by Dr. Grant, participants will complete a brief self-test of temperament to identify their approach to Catholic spirituality, and they will apply the results to their own life development.

Sponsored by the H. L. Grant Catholic Student Center and the Common Experience.

If accommodations are required due to a disability, contact Professor Dan Lochman at dl02@txstate.edu at least 72 hours prior to the event.
