LOCATION: UAC 120
EMAIL: UCADVISING@TXSTATE.EDU
HOURS: MONDAY-FRIDAY 8AM-5PM
Political Science is the study of government and all the factors – social, economic, cultural – that influence the decision-making process. A degree in Political Science “prepares students for careers in various fields, not only in government, law, and education but also in business, journalism, urban planning, and many fields on which public policies have a significant effect.” Texas State University offers a Bachelor of Arts degree in Political Science (with an optional teaching certification); a Bachelor of Public Administration; and minors in Political Science, Public Administration, and Political Communication. An internship program is available for students to gain practical experience in the field, and pre-law advising is available for students who are considering attending law school after obtaining their degree.

The department is “dedicated to developing analytical skills and promoting critical thinking” and encourages students “to reflect not simply on their career goals, but also on what type of persons they want to become, and on their rights and duties as citizens.” Sample job titles include Tax Inspector, County Treasurer, Ambassador, Lobbyist, Press Officer, and Public Relations Specialist.

For this and other information about the Political Science majors or minors check out: http://www.polisci.txstate.edu/degrees-programs/undergraduate.html

Check out the What Can I Do With this Major? website to find out more information on job titles and work settings: http://www.careerservices.txstate.edu/resources/onlinepublicationsandresourcescenter/whatcanidowiththismajora-z.html
