ROSANO MORENO

Join guest photographer, Alan Pogue for a short documentary, a Q&A & photo exhibition about Rosa Moreno’s fight for justice.

A MAQUILADORA MADONNA

Rosa Moreno was a maquiladora at an LG flat screen TV factory in Mexico. She got paid $1.75 an hour to work with dangerous equipment. In 2011, the machinery malfunctioned and crushed both of her hands. LG refused to aid her. She was driven to a hospital where she had her hands amputated. LG refused to render aid and has tried to settle out of court.
