PROGRAM DESCRIPTION:

During this field study, we will spend three weeks abroad in Florence, Italy exploring the life, culture, and environment of the region. Students will gain exposure to rural and urban communities facing changes to their lifestyles and livelihoods. Students will learn about challenges to and successes in sustainability in an increasingly globalizing world. Students will gain experience navigating an unfamiliar culture and environment and will return to Texas State University with an increased capacity to handle new and unexpected situations. Students may choose to enroll in 3 or 6 credits, selecting from a variety of courses listed above.
