Texas Education Code Section 61.822 requires that Texas public institutions facilitate the transferability of lower-division course credit through the Core Curriculum. The Core Curriculum contains nine Foundational Component Areas (42 hours), which every Texas State student must satisfy to graduate:

Texas State is a participant in the *Texas Common Course Numbering System (TCCNS)*. Use the TCCNS to find courses you can take at your institution to ensure transfer of credit toward freshman- and sophomore-level degree requirements at Texas State.

Students will receive Core credit at Texas State for any course successfully completed in the Core Curriculum of the sending institution.

**RECOMMENDED CORE CURRICULUM CHOICES FOR THE BSRC**

The BSRC requires specific courses for degree completion, and with wise planning, you may take courses that satisfy both the Core Curriculum and the BSRC requirements:

**ADDITIONAL LOWER-DIVISION BSRC REQUIREMENTS**

- BIOL 2404
- BIOL 2420 or 2421
- PHYS 1305 or 1307 or 1301 or 1302
- HITT 1305
- MATH 2342 or PSYC 2317
- BIO 2430
- BIO 2440 or 2400
- PHYS 1310 or 1320 or 1315 or 1325
- HIM 2360
- MATH 2328 or PSY 2301
ADMISSION TO THE RESPIRATORY CARE PROGRAM:

The BSRC Program is a 120-hour degree and competitive admission to the BSRC Program is granted each fall with a cohort size of 40. Application deadline is May 1 for consideration of admission to the fall class each year.

Admissions Requirements:
To be considered for admission to the Respiratory Care Program, applicants must meet or exceed the following requirements:

• Confirmed admission to Texas State University.
• Complete all RC Pre-requisite Courses with an overall GPA of 2.5 or higher.
• STRONGLY RECOMMENDED: Complete RC 2213, Introduction to Respiratory Care, with a minimum earned grade of "C" offered on the San Marcos campus each spring semester or during the summer as an online course.
• Complete the BSRC Admission Packet (no application fee) and submit by May 1.

IMPORTANT:
Background checks, drug screening, and proof of immunization are required following initial acceptance into the program. Applicants must successfully clear each of these three requirements to be fully accepted into the program.

Texas State University is not required to admit to the program an applicant with a flagged background check who has been given tentative clearance for a license by the Texas Department of State Health Services (TDSHS). Applicants should be aware that such clearance by TDSHS does not guarantee an applicant’s employability.

Finally, applicants should be aware that the University does not control the individual requirements of hospital systems for clinical rotations and employment and that such requirements might directly impact an applicant’s ability to complete their clinical education, obtain future employment, or obtain appropriate licensure.

TEXAS STATE UNIVERSITY
UNIVERSITY ADMISSION:

1. Submit a completed application, all supporting documents, including an official high school transcript and transcript(s) from every institution attended and application fee, to the Office of Undergraduate Admissions by the stated Priority Date.

2. For students with fewer than 30 transferable hours: minimum 2.0 GPA in all transferable coursework and meet freshman admission standards.

   For students with more than 30 transferable hours: minimum 2.25 GPA in all transferable coursework, eligible to return to all previous institutions, and be at least one semester out of high school.

Students transferring to Texas State from a community college may elect to follow the Texas State undergraduate catalog that was in effect at the time they enrolled at their community college. Students may also, with the approval of their College Dean, follow a subsequent catalog. Students are reminded to refer to their designated catalog for information related to University requirements for curriculum, graduation, probation/suspension, and other general information.
