10th ANNUAL
EMPLOYEE WELLNESS FAIR

WEDNESDAY, OCTOBER 11 | LBJSC | 10 a.m. - 2:30 p.m.

The event will consist of informational and interactive booths on a variety of health-related topics. All employees are encouraged to attend and take advantage of the health screenings that will be offered. Attendance time will count as work time; verification of attendance can be provided if requested.

Activities and services provided include:

- flu shots (free with an employee ID and HealthSelect Blue Cross Blue Shield card);
- blood pressure checks;
- mammograms (free with appointment, an employee ID, and HealthSelect Blue Cross Blue Shield card);
- consult with HealthSelect Blue Cross Blue Shield of Texas representatives;
- vision and hearing screenings;
- veterinary and pet health care information.

For a regularly updated list of vendors, please check: [www.txstate.edu/pdevelop/employeewellnessfair/wellness-fair-booths2017.html](http://www.txstate.edu/pdevelop/employeewellnessfair/wellness-fair-booths2017.html)

NO ADVANCE REGISTRATION REQUIRED FOR PARTICIPANTS.

GRAND PRIZES INCLUDE:
- 2 Schlitterbahn Tickets;
- a Fitbit Alta;
- or a $150 Amazon Gift Card!

HOW TO WIN?
- check in to receive one entry;
- bring your canned goods or cash donations for the Hays County Food Bank.

We are also giving away Grand Prizes of annual “Wellness Activity” memberships to the San Marcos Activity Center.

For more info: contact Karen Hollensbe at kh48@txstate.edu
**Did You Get Your Flu Shot Yet?**

Get your flu shot at the Employee Wellness Fair on October 11.

Reminder - Flu Shots and other preventive immunizations are covered at 100% on our health plans. Visit your Primary Care Physician or an in-network doctor’s office to get your immunizations with no co-pay.

HealthSelect members: If you aren’t sure if your doctor is “in-network,” visit [www.healthselectoftexas.com](http://www.healthselectoftexas.com) to find out. You can also search for “Immunization Clinics” to find a clinic nearby.

In the past, you may have visited CVS to get your flu shot from a pharmacist as a “retail health provider.” Currently CVS is not “in-network” to provide flu-shots. This is separate from the prescription drug program network pharmacies. For questions about who is in network for immunizations, call BCBSTX HealthSelect at 800.252.8039.

Texas State will be offering flu shots (with an “in-network” provider) at the Employee Wellness Fair on October 11.

Attention: As of October 1, Walgreens is now “in-network”. You can get your flu shot from a Walgreens pharmacist as “retail health provider.” For questions, please contact Benefits at 512.245.2557.

Beginning September 1, 2017, Texas State launched a new strategic planning cycle and implemented a new mission statement and goals. This new plan, along with all college and division plans, can be found at: universityplan2023.avpie.txstate.edu.

Please send any comments or questions to Dr. Lisa Garza, Director of University Planning and Assessment, at 512.245.2780 or via email at lisagarza@txstate.edu.

CHECK YOUR PAYCHECK

Take a few minutes to view your pay statement in Employee Self-Service through the SAP Portal.

Things to look out for:

- Changes made during Summer Enrollment are reflected on this check.
- You can view your tax status in the top left corner. If you need to make any changes, you can make them in the SAP portal any time throughout the year.
- You can view your deductions, taxes, and employer contributions. Review each section to ensure all are correct.

If you see any issues, it is important to contact us immediately at hr@txstate.edu or 512.245.2557.

Faculty & Graduate Student Employees: Check Your Salary Spread!

Did you elect to start or stop spreading your 9-month salary over 12 months? Those changes take effect on your October 2nd paycheck. Please review your check to ensure that your salary spread election is correct going forward for the 2017-2018 academic year. If you see an issue, email hr@txstate.edu.
The newly revised staff employment policy, **UPPS No. 04.04.03** Staff Employment, became effective on August 8, 2017. The policy adds a new expedited search recruitment option and provides transfer and promotion clarifications. Expedited search is a special circumstance recruitment that must be approved by the Chief Diversity Officer.

Another change allows a job posting salary for classified positions to be up to the previous incumbent’s salary even though the salary may have been above the pay plan maximum for the title. This allowance will provide more flexibility in the posting salary and help departments conduct recruitment that is more competitive.

Other major changes include clarifications re: the role of the Chief Diversity Officer for exception requests, updated veterans employment requirements, and new E-Verify requirements.

Hiring managers should review the revised **UPPS** carefully to become familiar with all of its changes.
**HIGHLIGHTS**

**UPPS 04.04.30** University Leave Policy is in the process of being updated to include this new benefit. Questions may be directed to Selma Selvera at ss24@txstate.edu or 512.245.2557.

---

**NEW | LEAVE BENEFIT FOR VETERANS**

Effective September 1, 2017, a state employee who is a veteran is eligible for additional paid leave to obtain medical or mental health care administered by the VA, including physical rehabilitation. This is over and above the regular sick leave benefit provided to all benefits-eligible state employees.

We have created a new absence code in SAP (1085 Veteran Health Care Leave) to be used for this purpose. The maximum is 15 days each fiscal year. Documentation from the VA to confirm the date of the appointment is required and should be kept in the departmental time records.

**UPPS 04.04.30 University Leave Policy** is in the process of being updated to include this new benefit. Questions may be directed to Selma Selvera at ss24@txstate.edu or 512.245.2557.

---

**UPDATE | SEPARATION CHECKOUT POLICY AND PROCEDURES**

**UPPS 04.04.50** Separation of Employment and Interdepartmental Transfers has been revised with some significant changes.

- Departing employees no longer need to hand carry the checklist and separation form to HR and Payroll for out-processing.

- The Departmental Checklist and Employee Separation Form have been completely separated. The Departmental Checklist only includes administrative steps for the department to handle.

- There are several critical time-sensitive steps for the department to initiate. One of these is to submit separation information to ITAC immediately to allow for deactivation of system security in a timely manner. This should be submitted as soon as the termination date is known and not wait until after the employee leaves. There is also an option for “emergency” deactivation in the case of an involuntary termination.

- The employee information, such as forwarding address, has been moved to the Employee Separation Form. This form is intended for the departing employee to submit directly to HR with their personal information and reason(s) for leaving Texas State.

- HR is available to all current and former employees to answer questions about benefits. Many of these processes are handled electronically so it is no longer necessary for the employee to visit HR in person.

- Employees are required to turn in their key(s) directly to Access Services.

- Please destroy all old separation forms you may have stored on your desktop or office. All new forms are available on the HR website under Forms/Separation Forms.

Questions may be directed to hr@txstate.edu or the HR Benefits area at 512.245.2557.
ACCEPTABLE DOCUMENTS: I-9 Employment Eligibility and E-Verify

Do you have questions about the appropriate documents needed for employment eligibility? To the right you will see a list of acceptable documents required of employees on F-1, H1-B, and J-1.

In addition to the acceptable documents listed, employees can present an Employment Authorization Document (EAD) for any of the employment eligibility options. Employers will accept the EAD document and the complete List A acceptable documents.

Employers CANNOT accept social security cards for I-9 Employment Eligibility Verification that specify on the face that the issuance of the card does not authorize employment.

Acceptable Documents for employees on F-1

Michelle was chosen from 12 employees of the month, who represent more than 2,100 staff employees at Texas State. Aguilar’s honor was announced Tuesday, August 8, by Texas State President Denise M. Trauth. As stated by President Trauth, “The 2017 Employee of the Year has maintained a high level of commitment, professionalism, and knowledge in her duties in the Office of Student Diversity and Inclusion.”

cont. on next page...
Michelle has worked at Texas State for 20 years as an Administrative Assistant and Senior Administrative Assistant for the Department of Housing and Residence Life.

Michelle strives for excellence in all that she does. She is competent in all of her job duties and is the go-to person for everyone on our staff. She oversees 5 other administrative assistants and is the time administrator for our office. Although these responsibilities may be common for her title as Senior Administrative Assistant, what makes her uncommon is her commitment to serving students at Texas State by providing a solid foundation for the staff of SDI.

A solid foundation is what is needed in an office that produces innovative and ground breaking programs and services that support underrepresented and marginalized students. Some of these programs include Equality University (a conference-like experience where students, faculty and staff, and community members can explore topics such as racism, cultural and racial identity and sexual orientation), Mama's Kitchen (a program that provides a free meal for over 400 Texas State students), Bobcat Preview Diversity Presentation (an interactive program that provides incoming freshmen with an experience that relays the message that Texas State embraces diversity). Other programs include ALLIES of Texas State and programing that supports the LGBTQ community. In addition, SDI also implements Veteran student programs that support Texas State military veterans.

Michelle ensures that all systems are go, paperwork is submitted, contracts are signed, food is ordered, human resources paper work is turned in on time and all loose ends are tied. In essence all of her efforts make the SDI office successful and competent to carry out its mission and the mission of the university namely ensuring that we have a diverse campus that is welcoming to all. Michelle is a major backbone to that goal. She works long hours to ensure Texas State students have the best experience possible.

Michelle is dedicated to Texas State’s mission of providing excellence in serving the educational needs of the diverse population of Texas and the world beyond. Michelle’s primary function is to support the Assistant Vice President for Student Affairs who also serves as the Director of Student Diversity and Inclusion. This multifaceted role for Michelle is very complex. She not only provides support for the Director, but also provides guidance and leadership to the other 5 administrative support staff members under the umbrella of SDI including Student Support Services, Educational Talent Search, Rural Talent Search and Upward Bound Senior Grant Secretaries. Michelle is a mentor and role model to all of these staff members.

Every office should have someone you can rely on to accomplish tasks, step in at the last minute when someone is sick or had a family emergency. All offices need someone who anchors the rest of the team so that they do not unravel under pressure or get so far from their mission and goals that they lose sight of their desired outcome. Michelle is that person in the office of Student Diversity and Inclusion.

"Michelle is a mentor and role model ..."
The mission of the Office of Disability Services is to ensure that students with disabilities have equal access to all university programs and activities by providing services such as academic accommodations, promoting self-advocacy and providing information and referral to appropriate resources. During her 3 years with the university, Skyller has worked above and beyond in not only organizing events to bring awareness to the campus community, but has been an integral part in developing the student population at Texas State in living out the university’s value on diversity and student engagement. A few of Skyller’s job responsibilities include supervision of the assistant director, case workers, specialists, and coordinators within the office; overseeing disability awareness programs on campus that include autism, mental health, and HIV/AIDS; and providing workshops and events that directly discuss topics of intersectionality and inclusion for faculty, staff, and students. Her work has also included hosting guest speakers at the university, advising multiple organizations on campus, and truly portraying what it means to be an advocate of students.

Quality is defined as a distinctive attribute or characteristic possessed by someone. Skyller is a reflection of this definition. One of the most distinct yet sometimes difficult attributes of a student affairs professional is being present for students alone with practicing self-care. Within the 6 student organizations that Skyller currently supervises, she makes sure to follow through on what she teaches students in regards to self-care. Skyller was the lead on, “Panel Discussion on the Perceptions of Whiteness” which gave faculty and staff in different departments on campus the opportunity to discuss perceptions of White identify and the responsibility surrounding White privilege in the current sociopolitical climate. She understands the need for student affairs professionals to work closely with academic staff and has also lead the efforts of two amazing speakers coming to Texas State. The historical icon, Dr. Angela Davis and transgender advocate and world known author, Janet Mock. These two individuals, were able to share amazing information with our student body and showcased the passion Skyller has for educating students outside the classroom. She is an orchestrator and committee member on Equality University, Women of Color Forum, and the Coalition of Black Faculty and Staff. She teaches US1100 and serves as a mentor to various students. She understands the meaning of hard work and her goals of building Texas State this semester are apparent with the visits and programs she has put on this Spring semester. Skyller is also currently pursuing her Doctorate degree at Texas State and will soon join the alumnus status.

Skyller’s quality is never ending. She lives in the motto of learning and is constantly challenging herself and students to continue to learn. She has gained so much from her time here but most of all she gives back as much as she receives.

Congratulations, Skyller, on your dedication, professionalism and hard work!
The August Texas State Quarterly Team Award was presented to the Meadows Center Education Team. The committee members include: Sam Massey, Sonja Mlenar, Miranda Wait and Meagan Lobban.

The Meadows Center education team serves over 100,000 visitors of all ages (from on-campus and off-campus) each year in outdoor learning activities at Spring Lake.

The Meadows Center education team inspires visitors to become stewards of our natural resources by teaching people of all ages the importance of water to all living things through interpretive tours for Texas State University students, the public, school field trips, scouting programs and citizen science training at Spring Lake. The education team makes it a priority for every visitor to leave The Meadows Center with a better understanding of water quality issues, making visitors better prepared to comprehend and participate in water conservation activities.

The team has worked to increase the accessibility of Spring Lake’s educational opportunities for visitors through a Family Fun Day initiative, which provides local and university families with 10 free youth programming opportunities throughout the year. These events ensure that students of all ages have access to year-round, high-quality out-of-school activities that help them develop academically, emotionally and physically. As a result, the education team has had the highest attendance rate in this past quarter since 2003.

The education team developed eight new activities from the Texas Aquatic Science (TEKS-aligned) water education curriculum for grades 6 – 12 and became the first “Texas Aquatic Science Certified Field Site” in January 2016 by the Texas Parks and Wildlife Department. This allows educators to design an interactive experience to meet specific learning goals.

In early April 2017, the education team was awarded a youth services grant by the City of San Marcos to expand the Family Fun Day events at Spring Lake. This support has added over 10 Family Fun Days to the Meadows Center’s program that focus on topics such as: effects of pollution, native vegetation, wildlife habitat, cultural and archaeological history, and water resources.

The team’s initiative to improve its services has benefitted the university by:

• improving customer service through training days so that guests leave with a positive impression of Texas State University;
• supporting Texas State’s profile as an Emerging Research University by working with students to facilitate research studies about environmental education;
• saving money by finding local funding sources to expand education initiatives;
• providing Texas State students opportunities for internships that enable them to learn and participate in The Meadows Center’s research and programs.

The Meadows Center education team goes above and beyond their job duties to protect, preserve and share Spring Lake. They are a dedicated team always looking for opportunities to improve the visitors’ experience.

Congratulations to the Meadows Center Education Team on its achievements and outstanding efforts!

As a way to improve HR communications, we have created a new monthly feature called "Share Your Voice". This section will feature monthly questions to better understand your HR needs. All responses are anonymous and will be used to better structure the content of the HR Bulletin. We look forward to hearing your voice! Please contact hr@ txstate.edu for any additional feedback or questions.

Readers are invited to have some fun completing our HR Crossword Puzzle!

**How to Play:** Print the crossword puzzle and fill it in with answers found in this month’s bulletin. Scan or send a picture of your completed puzzle to hr@txstate.edu.

The first 10 puzzles submitted by October 6th with all of the correct answers will receive a prize from HR!
