SAMPLE
PROFESSIONAL DEVELOPMENT MODULES
FOR THE BAAS DEGREE
with a major of APPLIED ARTS AND SCIENCES

During CTE 3313E students will identify the classes to be used for the professional development and may choose one of the following modules OR customize their own with the assistance of an OWLS advisor. Classes must be selected from three academic departments (ex: CTE, PSY, SOCI, etc.) since the BAAS is interdisciplinary and individualized. Please review catalog course descriptions, delivery systems, class schedules, and prerequisites (if required) before making the selection. These modules do not appear as a major on the degree audit and are simply areas of concentration.

These concentrations are only SAMPLES – students can build an individualized concentration

Certified Public Manager Concentration - www.txstate.edu/cpm

This certification can be included on the BAAS and day classes with few meetings are available in San Marcos and Round Rock. CPM is a series of seven tracks, or courses, designed to enhance the skills, knowledge and abilities of public and nonprofit managers. Students may sign up for individual courses or for the entire program. Courses can be completed in any order with the exception of Track 7. These classes are offered by extension and count toward the residency requirement. A maximum of 30 semester hours for Texas State University credit may be completed through a combination of correspondence and extension courses. Example: if a student completes 21 hours of CPM, only 9 hours can be completed by correspondence.

Human Services/Counseling Type Concentration

Persons interested in pursuing the LCDC, LPC, Social Work, Psychology or other helping professions, certifications, licensures, or masters degrees upon completion of the BAAS degree must understand that the BAAS degree itself, regardless of the courses taken toward the degree, does not render persons eligible to sit for licensing exams in counseling fields upon completion. Those fields require separate credentials and each has its own set of criteria and licensing board. The courses below would simply provide a general background of knowledge found to be helpful or useful to persons who plan to pursue further education in the helping professions upon graduation from the BAAS.
