September 15 - October 15 is Hispanic Heritage Month

A History of the Celebration

In 1968, Congress authorized President Lyndon B. Johnson to proclaim a week in September as National Hispanic Heritage Week. The observance was expanded in 1988 to a month long celebration (Sept. 15-Oct. 15). During this month, America celebrates the culture and traditions of U.S. residents who trace their roots to Spain, Mexico and the Spanish-speaking nations of Central America, South America and the Caribbean. Sept. 15 was chosen as the starting point for the celebration because it is the anniversary of independence of five Latin American countries — Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua. In addition, Mexico and Chile celebrate their independence days on Sept. 16 and Sept. 18, respectively.

2004 Tomas Rivera Award is awarded to Yuyi Morales for: Just a Minute: A Trickster Tale and Counting Book

This year's winner of the Tomas Rivera Mexican American Children's Book Award is the children's picture book, Just a Minute: A Trickster Tale and Counting Book. Just a Minute, written and illustrated by Yuyi Morales, is an original trickster tale in which Grandma Beetle outwits the skeleton Señor Calavera and spends her birthday with a table full of grandchildren and her surprise guest!

This spirited tribute to the rich traditions of Mexican culture is the perfect introduction to counting in both English and Spanish.

The purpose of the award is to honor and recognize authors and illustrators that create quality children's literature reflecting the Mexican American values and traditions. It is hoped that the award will gain attention of the teachers, librarians, and parents so that all children can be educated, inspired, and entertained through reading.
