LGBTQIAP+ Support and Empowerment Group

Thursdays, 3:00 - 4:30 PM

It can be empowering to join with others to discuss the impact that your sexual, romantic, and/or gender identities have on crucial aspects of your life.

This group will allow members to share life experiences, examine issues related to LGBTQIA identity, explore and define personal identity, improve relationships with others, and be part of an inclusive and supportive environment.

Facilitator: Clare Duffy, Ph.D. & Melissa Cole, Psychology Intern

Schedule your pre-group consultation appointment by calling ahead. Some groups have start dates staggered throughout the semester, website for details.

Confidentiality in individual and group therapy is strictly respected.
