Division: Student Affairs
Revised Plan through 2017

I. Introduction

State your administrative department/unit/division mission statement.

The Student Affairs Division educates and ensures the success of a diverse student population by creating and fostering a safe, welcoming and comprehensive learning community. The Division commits to excellence in the development and delivery of high quality programs and services to prepare responsible and contributing members for a global community.

Outline briefly your “vision” for the 2012-2017 planning cycle.

The Student Affairs Division utilizes several principles of good practice to support the academic and student-centered mission of the University. The Division has as its primary focus to retain students, to support student development, and to help students graduate from Texas State. We know that student retention and success occurs best for students in campus communities that values diversity, promotes social responsibility, encourages healthy discussion and debate, recognizes accomplishments, and fosters a sense of mattering and belonging among its members. It is a critical role for Student Affairs staff to encourage connections between students, faculty and staff to develop an optimal learning environment at Texas State. To increase the learning, retention and success of students, each department within Student Affairs strives to develop appropriate collaborations and partnerships with faculty and staff. We will accomplish this by:

I. Facilitating the retention, graduation and career development of a high quality, diverse student population. [University Goal 2 & 3]

II. Creating and delivering co-curricular programs and services through partnerships with faculty, staff, and external constituents to ensure the success of students. [University Goal 3 & 4]

III. Guiding students through the process of self-discovery and character development. [University Goal 3]

IV. Fostering an environment that is safe, responsive and supportive of a diverse community. [University Goal 4 & 5]

V. Recruiting, developing, supporting and retaining high quality, diverse staff. [University Goal 4]

VI. Developing and managing financial, physical and technological resources effectively and efficiently. [University Goal 5]
Using University goals and initiatives as a guide, list and briefly describe your top priorities for the 2012-2017 planning cycle and indicate the university initiative/goal to which the unit’s initiative is linked.

1. Facilitate retention to graduation through collaboration with faculty and staff across university divisions.

- Maintain current freshmen retention rate across ethnicities and strive to increase to 80 percent or more by the end of the strategic planning period.
- Specifically focus retention to graduation efforts on targeted sub-populations including Hispanics, transfer students, males especially low academically achieving, foster care alumni, students in the Pathways program, students on academic probation, students with disabilities, low-achieving male students, and underrepresented students.
- Maintain strategies designed to strengthen sophomore and transfer student retention and graduation rates.
- Maintain and strengthen collaboration and partnerships with parents and other family members.
- Collaborate with faculty, staff and students to utilize At-Risk training.
- Implement an effective late night and weekend programming schedule that meets the needs of the campus community.

2. Provide a developmental, educational and co-curricular collaborative learning environment to prepare students to work and live in global community.

- Maintain collaboration with PACE to provide programs and services to successfully transition freshmen to campus.
- Implement peer based outreach and coaching to support targeted subpopulations with the intention to build stronger connections to academic units and opportunities to engage in campus programming.
- Increase collaboration with faculty and staff to provide increased understanding of the student experience and opportunities to facilitate in the matriculation of students.
- Provide internship opportunities for students in various Student Affairs departments for related academic majors.
- Develop, expand and facilitate experiential learning activities and part-time employment on and off campus for students to hone and broaden their professional preparation, image and presentation.
- Implement the use of effective technology tools to deliver virtual programs that facilitate experiential learning activities such as informational interviews, job shadowing, mentoring connections, and global contacts for internships and jobs.
- Provide culturally diverse student programs and activities through work with Hispanic Serving Institution consortiums, through collaboration with academic and other divisional departments, and through networking with external agencies.
- Increase collaboration with faculty and staff to provide leadership opportunities for students that will integrate ethics and integrity, social responsibility, empowerment, inclusivity, and civic engagement.
• Work collaboratively with university divisions to provide educational programming and administrative services to students through increased use of technology resources.
• Translate services and programs offered throughout the Division to Spanish and compile a list of bilingual therapy resources.
• Provide counseling and consultation services on the Round Rock Campus.
• Explore the use of technology for long distance counseling and educational programming.
• Develop, provide, and promote academic and educational programs and services for students with disabilities.
• Implement private insurance billing for the Pharmacy.
• Create programming fundraising opportunities and endowments for identified Student Affairs departments and increase scholarship opportunities for students who work with Student Affairs departments.
• Develop a comprehensive assessment tool to assess campus climate for Greek letter organization members and for all students on the Texas State campuses.

3. Deliver quality programs and administrative services to students with adequate staff equal to the average full time equivalency of four year public universities of Texas State enrollment size.

• Minimal staff positions have been created throughout Student Affairs to address the growing demands for service. Therefore, we need to identify potential internal and external funding sources to make strategic staffing decisions to provide the critical services needed for our growing student population through FY17.

4. Develop and implement plans for expansion of office and support physical space to facilitate delivery of core and enhanced functions of Student Affairs service departments.

• Complete the Housing Master Plan to develop the Hilltop Complex.
• Utilize the results of the LBJ Student Center Feasibility Study to determine opportunities to restructure and/or expand facilities to meet Student Affairs department program and service needs, student organization meeting needs, and campus large function needs.
• Increase recreational field spaces to address user needs and university growth.
• Expand the Student Health Center building to add needed services for students.
• Explore the possibility of relocating student services offices on the LBJ 5th floor to address growing staff and need for increased service to students.
• Identify and relocate the Alcohol and Drug Compliance Services office for efficient access by students.

5. Create a healthy environment on campus that is safe and responsive to a diverse campus community.
● Further expand and develop emergency preparedness response protocols and training for the campus community.
● Create a comprehensive review and response process for addressing reported student emergencies and university related concerns.
● Collaborate with university departments and the San Marcos community to promote mental health awareness through direct and indirect educational programs and services such as the Behavioral Assessment Team, utilization of UPD mental health officers, “Bobcats Reaching Back” Counseling Center program, Student Health Center psychiatric services and others.
● Enhance the town-gown Achieving Community Together (ACT) collaborative partnership with the City of San Marcos to promote positive relations between permanent and student residents.
● Implement a new Records and Computer Assist Dispatch System and determine service levels and fee structure for camera deployment, card access and call boxes

Based on unit goals, list the number of new (not replacement) staff lines you plan to request through the FY17 fiscal year.

Deliver quality programs and administrative services to students with adequate staff equal to the average full time equivalency of four year public universities of Texas State enrollment size.

II. Process

Describe, in a brief paragraph, the process used to develop your plan, including the nature and extent of staff involvement.
The VPSA met with the Student Affairs Directors to review the new process and ask them to develop their preliminary strategic plan for 2012-2017. After development of their preliminary plans, the senior leadership team consisting of the VPSA, Associate VPSA and Dean of Students, Assistant VPSA and Counseling Center Director, Assistant VPSA and Director of Multicultural Student Affairs and the Director of Retention Management and Planning reviewed departmental plans and developed the top priorities for the Division of Student Affairs. The Student Affairs Directors had the opportunity to refine the plan and give feedback regarding the top priorities. Each director continues to utilize the Division plan to refine their respective department plans.
