

Texas State University Student Government Election Board

HEARING NOTICE

TO: Bodie Fry

FROM: Adrian Cooper

SUB: Election Board Process Violation (EB 1/1.2017)

DATE: January 24, 2017 The Election Board received a claim that a procedural error had occurred on the website. The specific complaint is as follows;

That on December 13th candidate Bodie Fry received invalid information from the Student Government filing form, on the Student Government website, for the dates of the Rules Reading Seminar. The dates listed were January 29th and February 1st. The actual dates for the Rules Reading Seminar were January 20th and 23rd. Filing started on December 12th, so the candidate had received invalid information during the time of the filing period, and this had caused him to miss the Rules Reading Seminar, and therefore made him ineligible to run for Student Government office.

The Board shall convene on January 27th at 5:30p.m in the LBJ Student Center room 3-11.1 to discuss this claim and decide the proper course of action.

All meetings of the Election Board are open to the public and recorded. These records are available upon the request.

Please accept this as notification of the above complaint.

Thank you, Adrian Cooper Election Board Chairman
