Dr. Denise M. Trauth
Office of the President
Texas State University-San Marcos
601 University Drive
San Marcos, TX 78666

Dear Dr. Trauth:

I recommend that the Center for Research, Public Policy and Training as noted in the enclosed proposal from the Department of Political Science be approved. The Center will provide an opportunity for Texas State to assist legislators, public officials, agencies and communities across Texas. The Center will increase the visibility of the university in Austin and across the state while also providing additional external funding.

Thank you for your consideration of this request.

Sincerely,

Perry Moore
Provost and Vice President
for Academic Affairs
