Texas Education Code Section 61.822 requires that Texas public institutions facilitate the transferability of lower-division course credit through the Core Curriculum. The Core Curriculum contains nine Foundational Component Areas (42 hours), which every Texas State student must satisfy to graduate.

Texas State is a participant in the *Texas Common Course Numbering System (TCCNS). Use the TCCNS to find courses you can take at your institution to ensure transfer of credit toward freshman- and sophomore-level degree requirements at Texas State.

010 Communication 6 required hours
020 Mathematics 3 required hours *(see Recommended Core Curriculum Choices below)*
030 Life and Physical Sciences 6 required hours
040 Language, Philosophy & Culture 3 required hours
050 Creative Arts 3 required hours
060 American History 6 required hours
070 Government/Political Science 6 required hours
080 Social and Behavioral Sciences 3 required hours
090 Component Area Option 6 required hours

*Students will receive Core credit at Texas State for any course successfully completed in the Core Curriculum of the sending institution.*

**RECOMMENDED CORE CURRICULUM CHOICES FOR THE BS DEGREE in MATH-CERT. 7-12**

The BS Degree in Applied Math requires specific courses for degree completion, and with wise planning, you may take courses that satisfy both the Core Curriculum and the BS requirements:

**NOTE:** Texas State requires that all students graduate with 9 hours of Writing Intensive (WI) coursework. This coursework must be taken at Texas State in order to receive the WI credit. There is only one math course in the math with teacher certification major that is WI, therefore, if a student transfers here Core complete (or with both core history courses and their core 040 satisfied), he/she may need to take electives to fulfill the WI requirement.
UNIVERSITY ADMISSION:
