# ACC COURSE OF STUDY

### Freshman Year-1\(^{st}\) Semester
- **Biol 1406** (BIO 1330, 1130) ........................................... 4
- **Chem 1311, 1111** (CHEM 1341, ELNA\(^1\)) ............... 4
- **Engl 1301** (ENG 1310) ............................................. 3
- **Hist 1301** (HIST 1310) ........................................... 3
- **Math 1314** (MATH 1315) ........................................... 3

**Total** 17

### Freshman Year-2\(^{nd}\) Semester
- **Biol 1407** (BIO 1331, 1131) ........................................... 4
- **Chem 1312, 1112** (CHEM 1342, ELNA\(^2\)) ............... 4
- **Engl 1302** (ENG 1320) ............................................. 3
- **Hist 1302** (HIST 1320) ........................................... 3
- **KINE activity course** (PFW courses) ..................... 2

**Total** 16

### Sophomore Year-1\(^{st}\) Semester
- **Biol 2404** (BIO 2430) ............................................. 4
- **Govt 2306** (POSI 2310) ........................................... 3
- **Enlg Literature\(^3\)** ................................................. 3
- **Spch 1311 or 1321** (COMM 1310) ......................... 3
- **Visual and Performing Arts\(^4\)** ......................... 3

**Total** 16

### Sophomore Year-2\(^{nd}\) Semester
- **Biol 2420 or 2421** (BIO 2440 or 2400) ..................... 4
- **Govt 2305** (POSI 2320) ........................................... 3
- **Phil 1301 or 2306** (PHIL 1305 or 1320) .................. 3
- **Psyc 2317 or Math 1342** (PSY ELNA or MATH 2328) 3
- **Social and Behavioral Science\(^5\)** .................. 3

**Total** 16

# TEXAS STATE COURSE OF STUDY

### Fall Semester
- **Chem 2330, 2130** ............................................. 4
- **Bio 2450** ......................................................... 4
- **Cls 3305** ......................................................... 3
- **Cls 3410** ......................................................... 4

**Total** 15

### Spring Semester
- **Chem 2350, 2150** ............................................. 4
- **Cls 3323** ......................................................... 3
- **Cls 3412** ......................................................... 4
- **Cls 3424** ......................................................... 4

**Total** 15

### Summer Semester
- **Cls 4322** ......................................................... 3
- **Cls 4326** ......................................................... 3
- **Cls 4312** ......................................................... 4
- **Cls 4463** ......................................................... 4

**Total** 6

### Fall Semester
- **Cls 4227** ......................................................... 2
- **Cls 4318** ......................................................... 3
- **Cls 4440** ......................................................... 4
- **Cls 4460** ......................................................... 4

**Total** 13

### Spring Semester
- **Cls 4340** ......................................................... 3
- **Cls 4341** ......................................................... 3
- **Cls 4370** ......................................................... 3
- **Cls 4463** ......................................................... 4

**Total** 13

### Summer Semester
- **Cls 4225** ......................................................... 2
- **Cls 4361** ......................................................... 3
- **Cls 4464** ......................................................... 4

**Total** 9

---

1. CHEM ELNA will substitute for CHEM 1141.
2. CHEM ELNA will substitute for CHEM 1142.
3. Select 3 hours from the Humanities component area (040) of ACC’s Core Curriculum.
4. Select 3 hours from the Visual and Performing Arts component area (050) of ACC’s Core Curriculum.
5. PSY ELNA or MATH 2328 will substitute for HP 3302.
6. Select 3 hours from the Social and Behavioral Science component area (080) of ACC’s Core Curriculum.

**NOTES:**
1. italicized courses satisfy both ACC and Texas State Core Curriculum requirements. Courses in (parentheses) indicate the course transfer equivalents at Texas State.
2. If two years of the same foreign language were not completed in high school, students must take two semesters of the same foreign language.
3. Texas State will apply to a degree up to 66 hours from an accredited two-year college (6-8 hours may be added with college dean approval.)
4. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to ACC to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
5. All CLS courses require a grade of “C” or higher.
6. Students transferring with fewer than 15 hours must take US 1100. If US 1100 is not required, a one-hour elective may be required in order to meet the minimum hours required for the degree.
UNIVERSITY ADMISSION:

1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), $60 application fee, and all credentials to the Undergraduate Admissions Office by the stated admission deadline (Fall-July 15, Spring-November 15, Summer I-May 1, Summer II-June 15).

2. Submit an official transcript from each institution attended to the Undergraduate Admissions Office. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses is required.

Students transferring to Texas State University-San Marcos from a community college will be placed in the catalog effective at the time of admission to the Clinical Laboratory Science program. Students are reminded to refer to their designated catalog for information relating to the University, College, and/or Departmental requirements for curriculum, graduation, probation/suspension, and other general information.

Send official paperwork to:
Texas State University-San Marcos
Office of Undergraduate Admissions
429 N. Guadalupe
San Marcos, Texas 78666
512/245-2364
www.admissions.txstate.edu/

ADMISSION TO THE CLINICAL LABORATORY SCIENCE PROGRAM:

1. Complete University admission process prior to the March 1 deadline. Students are selected in the spring semester of their sophomore year for the junior year. Acceptance to the University does not guarantee acceptance into the CLS program.

2. Submit completed application form to the CLS program chair. Applications to the program are accepted from January 1 through March 1.

3. Students are encouraged to maintain an overall grade point average above 2.50.

4. Students will be contacted for an interview by the CLS Program Admission Committee after the March 1 deadline.

It is strongly recommended that students present themselves for advising as soon as CLS has been selected as a major. Course offerings and sequencing are such that advising is recommended to avoid scheduling problems.

Student selection for the junior year is made on the basis of scholastic ability, particularly in the sciences, and an interview with the CLS Program Admission Committee, and not on the basis of race, color, religion, gender, age, or national origin, veteran status, or condition of disability. Enrollment is limited to 20 students per year.
