2. If two years of the same foreign language were completed in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.
3. Texas State will apply to a degree up to 66 hours from an accredited community college (6-8 hours may be added with college dean approval).
4. Students may elect to complete courses in a different sequence where possible but should consult a counselor/advisor before doing so.
5. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to Blinn College to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
