1 Select three hours from the Humanities component area (040) of El Centro’s Core Curriculum
2 Select three hours from the Visual and Performing Arts component area (050) of El Centro’s Core Curriculum.
3 Select three hours from the Social and Behavioral Science component area (080) of El Centro’s Core Curriculum.
4 MATH 2328 will substitute for HP 3302 (Statistics).
5 Students transferring with fewer than 16 hours completed after graduating from high school must take US 1100.

NOTES:
1. Italicized courses satisfy both El Centro and Texas State Core Curriculum requirements. Courses in (parentheses) indicate the course transfer equivalents at Texas State.
2. If two years of the same foreign language were not completed in high school, students must take two semesters of the same foreign language.
3. Texas State will apply to a degree up to 66 hours from an accredited two-year college (6-8 hours may be added with college dean approval.)
4. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to El Centro to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
5. All CLS courses require a grade of “C” or higher.

4/9/14
UNIVERSITY ADMISSION:

1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), $60 application fee, and all credentials to the Undergraduate Admissions Office by the stated admission deadline (Fall-July 15, Spring-November 15, Summer I-May 1, Summer II-June 15).

2. Submit an official transcript from each institution attended to the Undergraduate Admissions Office. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses is required.

Students transferring to Texas State University from a community college will be placed in the catalog effective at the time of admission to the Clinical Laboratory Science Program. Students are reminded to refer to their designated catalog for information relating to the University, College, and/or Departmental requirements for curriculum, graduation, probation/suspension, and other general information.

Send official paperwork to:
Texas State University
Office of Undergraduate Admissions
429 N. Guadalupe
San Marcos, Texas 78666
512/245-2364
www.admissions.txstate.edu/

ADMISSION TO THE CLINICAL LABORATORY SCIENCE PROGRAM:

1. Complete University admission process prior to the March 1 deadline. Students are selected in the spring semester of their sophomore year for the junior year. Acceptance to the University does not guarantee acceptance into the CLS program.

2. Submit completed application form to the CLS program chair. Applications to the program are accepted from January 1 through March 1.

3. Students are encouraged to maintain an overall grade point average above 2.50.

4. Students will be contacted for an interview by the CLS Program Admission Committee after the March 1 deadline.

It is strongly recommended that students present themselves for advising as soon as CLS has been selected as a major. Course offerings and sequencing are such that advising is recommended to avoid scheduling problems.

Student selection for the junior year is made on the basis of scholastic ability, particularly in the sciences, and an interview with the CLS Program Admission Committee, and not on the basis of race, color, religion, gender, age, or national origin, veteran status, or condition of disability. Enrollment is limited to 20 students per year.
