¹ Select one course from the Humanities component area (040) of HCC’s Core Curriculum list.
² Select one course from the Visual and Performing Arts component area (050) of HCC’s Core Curriculum list.
³ See reverse side for program admission and progression requirements.
⁴ Students transferring with fewer than 30 hours will be required to take US 1100.

NOTES:
1. *Italicized* courses satisfy both HCC and Texas State Core Curriculum requirements. Courses in (parentheses) indicate the course transfer equivalents at Texas State.
2. If two years of the same foreign language were not completed in high school, students must take 6-8 hours of the same foreign language.
3. If one year of general computer science (literacy) was not completed in high school, students must take HP 2351 or its equivalent.
4. Texas State will apply to a degree up to 66 hours from an accredited community college (6-8 hours may be added with college dean approval).
5. Students may elect to complete courses in a different sequence where possible but should consult a counselor/advisor before doing so.
6. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to HCC to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
UNIVERSITY ADMISSION:

1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), application fee, and all credentials to the Texas State Office of Undergraduate Admissions by the stated deadline: www.admissions.txstate.edu/future/transfer/deadlines.html

2. Submit an official transcript from each institution attended to the Office of Undergraduate Admissions. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses is required. In computing the GPA, grades of A, B, C, D, and F are computed as recorded. Grades of W, P, Q, and X are disregarded and grades of WF and I are averaged as F. Grades in non-transferable and technical/vocational courses are disregarded.

For more information, contact:
Office of Undergraduate Admissions
429 N. Guadalupe
Texas State University-San Marcos
San Marcos, Texas 78666
512/245-2364
http://www.admissions.txstate.edu/

ADMISSION TO THE RESPIRATORY CARE PROGRAM:

Application must be made to the program in respiratory care in addition to regular university admission procedures. All students entering this program must be accepted by both the university and the respiratory care program. All applicants will be notified of their admittance status. Enrollment in the respiratory care program is limited by student/faculty ratio in the clinical phases of the program. All respiratory care courses must be taken in sequence and completed with a grade of C or higher.

Students who participate in the clinical portion of the respiratory care program are required to purchase liability insurance or demonstrate proof that they are insured. Students may obtain information on liability insurance from the departmental office.

It is a policy of the College of Health Professions that each student must provide the College Health Report completed by a physician and must complete certain immunizations before the student can be placed in a clinical or internship assignment. Information on these requirements and forms to be submitted may be obtained through the departmental office.

It is strongly recommended that students present themselves for advising as soon as Respiratory Care has been selected as a major. Course offerings and sequencing are such that advising is recommended to avoid scheduling problems.

For more information, contact:

Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled.
