### Notes:

1. *Italicized* courses satisfy both LCC and Texas State Core Curriculum requirements. Courses in (parentheses) indicate the course transfer equivalents at Texas State.
2. If two years of the same foreign language were not completed in high school, students must take 6-8 hours of the same foreign language.
3. If one year of general computer science (literacy) was not completed in high school, students must take CS 1308 or its equivalent.
4. Texas State will apply to a degree up to 66 hours from an accredited community college (6-8 hours may be added with college dean approval).
5. Students may elect to complete courses in a different sequence where possible, but should consult a counselor/advisor before doing so.
6. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to LCC to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”

Texas State Office of the Provost & VPAA-06/05/2010

---

1. Select one ENGL course from the Humanities component area (040) of LCC’s Core Curriculum.
2. Select one course from the Visual and Performing Arts component area (050) of LCC’s Core Curriculum.
3. See reverse side for admission and progression requirements along with GPA requirements.
4. Students transferring with fewer than 30 hours will be required to take US 1100.
5. If a student wants to apply to the graduate bilingual cognate in communication disorders, it is highly recommended that they take Spanish 3310.
6. Must be taken every semester clock hours are earned in speech-language pathology.
UNIVERSITY ADMISSION:
1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), application fee, and all credentials to the Texas State Office of Undergraduate Admissions by the stated deadline: www.admissions.txstate.edu/future/transfer/deadlines.html
2. Submit an official transcript from each institution attended to the Office of Undergraduate Admissions. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.
3. A minimum 2.25 grade point average (GPA) in all transferable courses is required. In computing the GPA, grades of A, B, C, D, and F are computed as recorded. Grades of W, P, Q, and X are disregarded and grades of WF and I are averaged as F. Grades in non-transferable and technical/vocational courses are disregarded.

For more information, contact:
Office of Undergraduate Admissions
429 N. Guadalupe
Texas State University-San Marcos
San Marcos, Texas 78666

ADMISSION TO THE COMMUNICATION DISORDERS PROGRAM:
Admission to the Junior/Senior-level courses and the Bachelor of Science Degree in Communication Disorders is competitive and selective. Enrollment is limited by student/faculty ratios in both academic and clinical components of the program. To be considered for admission to the Junior/Senior-level courses and the Bachelor of Science Degree in Communication Disorders, the following is required:

1. Completion of a minimum of 50 hours of coursework from the 1000-level and 2000-level courses listed on the CDIS Undergraduate Degree Plan plus PSY 3300 and HP 3302. The 50 hours must be completed by the end of the Summer 1 session in the same calendar year in which the student wishes to begin the Junior/Senior sequence.
2. The following courses must be taken in the 50 hours: PHY 1310; CDIS 1331; BIO 2430; HP 3302; and PSY 3300. A minimum GPA of 2.75 in these five specific courses is required. These classes must be completed by the end of the Summer 1 session in the same calendar year in which the student wishes to begin the Junior/Senior sequence. Students are ranked by their GPA in these five required classes and admittance in the Junior/Senior year is based on this ranking. Admission is competitive and the minimum GPA is a requirement for applying only. Not all students who meet the minimum GPA will be accepted.
3. A minimum grade of C in support and major classes listed as part of the freshman/sophomore years on the Degree Plan (HIM 2360; BIO 2430; HP 3302; PSY 3300; and CDIS 1331).

The application for admission is submitted to the Texas State Office of Undergraduate Admissions.

The application for admission is submitted to the Texas State Office of Undergraduate Admissions by the stated deadline: www.admissions.txstate.edu/future/transfer/deadlines.html

Admission decisions are made after the end of Summer 1. Student selection is made based on academic performance and not on the basis of race, color, religion, gender, age, or national origin.

- The Junior/Senior-level courses academic sequence begins during the fall semester only. Courses must be taken in the identified sequence. After admission into the Junior/Senior sequence, failure to enroll in all of the recommended CDIS courses for that semester as identified by an advisor in conjunction with the Degree Plan will delay graduation at least a year. CDIS students must receive a grade of C or higher in each CDIS class. If a grade below C is earned, the student will not be allowed to continue as a Communication Disorders major and must change majors to something other than CDIS. Students must also make no less than a C in support courses and have a GPA of at least 2.75 in the major in order to graduate. If a student has not earned the minimum major requirement of 2.75 for graduation and earned C or higher in all CDIS courses, the student will be allowed to re-take CDIS courses only until the student achieves the GPA of 2.75. CDIS students are NOT otherwise permitted to re-take CDIS courses if they have earned Cs of higher in the courses.
- Students who participate in the clinical or internship portions of the Department of Communication Disorders are required to purchase liability insurance or demonstrate proof that they are insured. Students may obtain information on liability insurance from the departmental office.
