¹ Select two courses from the Natural Science component area (030) of Laredo Community College’s Core Curriculum.
² See reverse side for program admission and progression requirements.
³ Equivalent courses exist at Laredo Community College; however, it is strongly advised that students pursuing an Interior Design major do not transfer more than 27-30 hours of core curriculum courses due to the lack of ID foundation courses available their first semester of enrollment at Texas State.
⁴ Students transferring with fewer than 30 hours will be required to take US 1100.
⁵ Choose from AG 3306, 4305; ARTS 2311, 2331, 2341, 2381; TH 1358; or others by approval.
⁶ Students are required to have completed ENGL 1301 (ENG 1310), 1302 (1320); COMM 1310; MATH 1314 (MATH 1315) or 1324 (1319) in addition to the Interior Design course requirements prior to the internship.

NOTES:
1. Italicized courses satisfy both Laredo Community College and Texas State Core Curriculum requirements. Courses in (parentheses) indicate Texas State equivalents.
2. Texas State will apply to a degree up to 66 hours from an accredited community college (6-8 hours may be added with college dean approval).
3. Students may elect to complete courses in a different sequence where possible but should consult a counselor/advisor before doing so.
4. If two years of the same foreign language were not completed in high school, students must take 6-8 hours of the same foreign language.
5. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.
6. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to Laredo Community College to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
UNIVERSITY ADMISSION:
1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), application fee, and all credentials to the Texas State Office of Undergraduate Admissions by the stated deadline: www.admissions.txstate.edu/future/transfer/deadlines.html

2. Submit an official transcript from each institution attended to the Office of Undergraduate Admissions. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses is required. In computing the GPA, grades of A, B, C, D, and F are computed as recorded. Grades of W, P, Q, and X are disregarded and grades of WF and I are averaged as F. Grades in non-transferable and technical/vocational courses are disregarded.

Students transferring directly to Texas State University-San Marcos from a community college may elect to follow the Texas State catalog in effect at the time they entered the community college or any subsequent catalog upon approval of the Dean of their College. Students are reminded to refer to their designated catalog for information relating to the University and the McCoy College requirements for curriculum, graduation, probation/suspension, and other general information.

General Program Requirements:
1. Students will initially be admitted to the Pre-Interior Design major until they complete ID 1321, TECH 1413, and ARTF 1302 with grades of C or higher and earn a Texas State GPA of 2.25 or higher. When these requirements are met, students qualify for admission to the Interior Design major. Students are not able to register for upper-division ID courses until they are admitted to the Interior Design major.

2. It is strongly suggested that students consider transferring into the program prior to meeting all general education core curriculum requirements or course options may be limited. The completion of ID major course requirements alone requires a minimum of six semesters due to strict sequencing, regardless of other credit hours accumulated.

3. Majors must pass all required Interior Design, Art, and Technology classes with a grad of C or higher. Any student making a grade of D or lower in ID 1321, 2322, 2323, 3322, 3323, TECH 1413, and ARTC 2305 may not proceed to the next level course until a grade of C or higher is achieved.

4. A portfolio review for all Interior Design majors is conducted by the Interior Design faculty immediately upon completion of all ID 3322 coursework. The purpose of the review process is to ensure that the most qualified students, evidenced by adequate skill and knowledge levels, will advance in the program. Students must pass portfolio review to proceed to ID 3323.
