**Total Transfer Hours** 58-59

**SWTJC COURSE OF STUDY**

**Core Curriculum**

1 Unless a specific course (or list of courses) is listed, select the required number of course hours fulfilling the core component area denoted (0_0).

2 PHYS ELNA will substitute for PHYS 1110.

**NOTES**

1. Courses in (parentheses) indicate the course transfer equivalents at Texas State.
2. If two years of the same foreign language were not completed in high school, students must take two semesters of the same foreign language.
3. Texas State will apply to a degree up to 66 hours from an accredited two-year college (6-8 hours may be added with college dean approval.)
4. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to SWTJC to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
5. Students transferring with fewer than 16 hours completed after high school graduation must take US 1100.
6. The most updated program requirements, prerequisites, and course descriptions in the Texas State Undergraduate Catalog are available online at [http://www.txstate.edu/curriculumservices/catalogs/undergraduate/catalogs/2014-16.html](http://www.txstate.edu/curriculumservices/catalogs/undergraduate/catalogs/2014-16.html)

4/27/2015
UNIVERSITY ADMISSION:

1. Submit ApplyTexas Admission Application online (www.ApplyTexas.org), $75 application fee, and all credentials to the Undergraduate Admissions Office by the stated admission deadline (Fall-July 15, Spring-November 15, Summer I-May 1, Summer II-June 15).

2. Submit an official transcript from each institution attended to the Office of Undergraduate Admissions. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses is required. In computing the GPA, grades of A, B, C, D, and F are computed as recorded. Grades of W, P, Q, and X are disregarded and grades of WF and I are averaged as F. Grades in non-transferable and technical/vocational courses are disregarded.

Students transferring to Texas State University from a community college will be placed in the catalog effective at the time of admission to the School of Nursing. Students are reminded to refer to their designated catalog for information relating to the University, College, and/or Departmental requirements for curriculum, graduation, probation/suspension, and other general information.

Send official paperwork to:
Texas State University
Office of Undergraduate Admissions
429 N. Guadalupe
San Marcos, Texas 78666
512/245-2364
www.admissions.txstate.edu/

ADMISSION TO THE RESPIRATORY CARE PROGRAM:

The BSRC Program is a 120-hour degree and competitive admission to the BSRC Program is granted each fall with a cohort size of 40. Application deadline is May 1 for consideration of admission to the fall class each year.

Admissions Requirements:
To be considered for admission to the Respiratory Care Program, applicants must meet or exceed the following requirements:

• Confirmed admission to Texas State University,
• Complete all RC Pre-requisite Courses with an overall GPA of 2.5 or higher,
• STRONGLY RECOMMENDED: Complete RC 2213, Introduction to Respiratory Care, with a minimum earned grade of “C” offered on the San Marcos campus each spring semester or during the summer as an online course,
• Complete the BSRC Admission Packet (no application fee) and submit by May 1.

IMPORTANT: Background checks, drug screening, and proof of immunization are required following initial acceptance into the program. Applicants must successfully clear each of these three requirements to be fully accepted into the program.

Texas State University is not required to admit to the program an applicant with a flagged background check who has been given tentative clearance for a license by the Texas Department of State Health Services (TDSHS). Applicants should be aware that such clearance by TDSHS does not guarantee an applicant’s employability.

Finally, applicants should be aware that the University does not control the individual requirements of hospital systems for clinical rotations and employment and that such requirements might directly impact an applicant’s ability to complete their clinical education, obtain future employment, or obtain appropriate licensure.
