Total hours 55-58

1 Unless a specific course (or list of courses) is listed, select any course which fills the core component area (0_0).
2 Computer Science majors must take eight hours (2 courses) from: BIOL 1406 & 1407; PHYS 1401 & 1402 [or PHYS 2425 & 2426]; or CHEM 1311/1111 & 1312/1112. The eight hours (2 courses) must be from the same science (BIOL, CHEM, or PHYS) as listed above.
3/15/2015
4 Spanish is the only foreign language available through Temple College. If foreign language is completed through another accredited college Texas State will accept Beginning I, Beginning II, Intermediate I, and Intermediate II of any language as long as all four courses are from the same language, this includes American Sign Language.
5 A minor is required. Course requirements for the Business Administration minor are built into this degree plan. Students can select a different minor. CIS 3317 or FIN 3325 are currently only available in San Marcos. For questions about the minor contact the Texas State Round Rock academic advisor. All substitutions must be approved by the advisor prior to enrollment.
6 To be eligible to graduate with honors, transfer students must complete a minimum of 60 hours through Texas State and earn a 3.40 or higher Texas State GPA. Courses designated with a “C” are also available via Texas State Correspondence (www.correspondence.txstate.edu). The grades and hours earned through correspondence do count toward the minimum hours and GPA needed to graduate with honors.

NOTES:
1. Courses in (parentheses) denote course equivalents at Texas State.
2. Texas State will apply to a degree up to 66 hours from an accredited two-year college (6-8 hours may be added with college dean approval). For this transfer planning guide at the Round Rock Center, Texas State will apply up to 74 hours maximum.
3. Must complete 36 advanced hours, 9 writing intensive (WI) hours, and 24 of the last 30 hours must be completed at Texas State.
4. Upon completion of certain course requirements at Texas State, students may elect to send these hours back to ACC to be applied toward an associate’s degree. This is commonly referred to as “reverse transfer.”
UNIVERSITY TRANSFER ADMISSION:

1. Submit Transfer Admission Application online at [www.ApplyTexas.org](http://www.ApplyTexas.org), pay application fee, and all credentials to the Texas State Office of Undergraduate Admissions by the stated deadline: [www.admissions.txstate.edu/future/deadlines.html](http://www.admissions.txstate.edu/future/deadlines.html)

2. Submit an official transcript from each institution attended to the Office of Undergraduate Admissions. Students must be eligible to return (e.g., free of suspension, dismissal, or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.

3. A minimum 2.25 grade point average (GPA) in all transferable courses (minimum of 30 hours) is required. In computing the GPA, grades of A, B, C, D, and F are computed as recorded. Grades of W, P, Q, and X are disregarded and grades of WF and I are averaged as F. Grades in non-transferable and technical/vocational courses are disregarded.

4. Visit the Round Rock Center website to ensure you complete the appropriate steps for Getting Started since the procedures to follow after being admitted are different from the main campus: [www.rrc.txstate.edu/prospective/starting.html](http://www.rrc.txstate.edu/prospective/starting.html)
