- C. What additional information would you like for us to have covered?
1. Maybe a quick recap of the information from NEO I. There is so much. I know I am confused or have forgotten things.
 2. More information on educational information for staff members
 3. There was not enough time to cover SAP during NEO I.
- D. What would have made this program better?
1. It would have been very helpful to have this information sooner!
 2. Make the slides more general and applicable to new personnel. Overall, good.
 3. Door prize drawing
 4. More breaks, but less time on breaks
 5. Everything was just fine.
