This catalog may be viewed at www.txstate.edu/curriculumservices/catalogs.html. This catalog is a general information publication only and is not intended to nor does it contain all regulations that relate to students. The information in this print version of the Undergraduate Catalog is subject to change without notice and may not reflect the most recent changes. A more current version of the Undergraduate Catalog may be found at the following website: www.txstate.edu/curriculumservices/catalogs.html.

The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student, faculty member, or staff employee and Texas State University or The Texas State University System. In the event of conflict between the provisions of this catalog and The Texas State University System Rules and Regulations, the latter shall govern. Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. Questions regarding current information should be addressed to the Office of the Provost and Vice President for Academic Affairs. This catalog becomes effective with the beginning of the fall semester, 2014.

Texas State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters, and doctorate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Texas State University.

ACCREDITATIONS

Texas State is accredited by the following:

- AACSB International-The Association to Advance Collegiate Schools of Business
- ABET (Computer Science)
- Accrediting Council on Education in Journalism and Mass Communications
- Accreditation Council for Education in Nutrition and Dietetics
- American Academy of Sleep Medicine
- American Bar Association
- American Council for Construction Education
- American Society of Biochemistry and Molecular Biology
- Association of University Programs in Health Administration
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation in Physical Therapy Education
- Commission on Accreditation of Allied Health Education Programs
- Commission on Accreditation of Athletic Training Education
- Commission on Accreditation of Healthcare Management Education
- Commission on Accreditation for Respiratory Care
- Commission on Collegiate Nursing Education
- Council for Accreditation of Counseling and Related Educational Programs
- Council for Interior Design Accreditation
- Council on Accreditation of Parks, Recreation, Tourism, and Related Professions
- Council on Academic Accreditation in Audiology and Speech-Language Pathology
- Council on Social Work Education
- Joint Review Committee on Education in Radiologic Technology
- Foundry Education Foundation
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association for the Education of Young Children
- National Association of School Psychologists
- National Association of Schools of Music
- National Association of Schools of Public Affairs and Administration
- Texas State Board for Educator Certification/Texas Education Agency

HISTORY OF THE UNIVERSITY

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. During the first century, the Legislature retained the regional designation in the name, but as its mission changed it became first Normal College, then successively Teachers College, College and University. These changes reflected the change from a teacher-preparation institution to a regional university. In 2003 the Legislature dropped the regional designation and the institution became Texas State University-San Marcos, and in 2013 the place name itself was eliminated as the Legislature viewed Texas State University as an emerging research university within the State.

Texas State’s original mission was to prepare Texas public school teachers, especially those of the south central area. It became renowned for carrying out this mission, but today it does far more. Texas State currently offers programs in the College of Applied Arts, McCoy College of Business Administration, College of Education, College of Fine Arts and Communication, College of Health Professions, the Honors College, College of Liberal Arts, College of Science and Engineering, and University College. The University College oversees undergraduate advising as well as the freshman year experience. The Graduate College provides opportunities for continued intellectual growth through advanced and specialized education that develops leaders in the professions and in research.

As Texas State’s student population has grown—from 303 in 1903 to more than 35,000 in 2013—the campus, too, has expanded and today Texas State is the sixth largest public university in the state. Overlooking the campus and serving as a landmark since 1903 is Old Main, a red-gabled Victorian building restored to its original grandeur.

In 1979, after adding a number of classroom buildings and residence halls, Texas State purchased the former San Marcos Baptist Academy adjacent to the original campus. In 1981, South Texas entrepreneur Harry M. Freeman donated a 3,500-acre ranch to Texas State to be held in perpetual trust as the Harold M. Freeman Educational Foundation. The working ranch is used as a laboratory for students in agriculture, animal science, biology and a variety of other academic disciplines. In 1990, the university opened the Albert B. Alkek Library. The building, conveniently located in the center of campus, is named for the noted Texas rancher, oil man and educational philanthropist who died in 1995.

Texas State acquired one of the most unique ecosystems in the world in 1994 when it purchased the former Aquarea Springs resort and theme park. The purchase allowed Texas State to serve as steward of the headwaters of the San Marcos River, preserving and protecting the area for future generations of Texans. Now called the Aquarea Center, the 90-acre property is the site of a wide variety of educational and research pursuits. Aquarea Center is home to several endangered species of plants and animals that exist nowhere else in the world.
In 1998, as the lead institution, Texas State joined forces with other area universities to establish the Round Rock Campus. The RRC, located on 101 acres in northeast Round Rock, offers upper-division and graduate educational opportunities in Williamson County and Austin.

Texas State is located in San Marcos, a Hill Country community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

**MISSION STATEMENT**

“The noblest search is the search for excellence.”

—Lyndon B. Johnson

Thirty-Sixth President of the United States, 1963–1969
Texas State University Class of 1930

Texas State University is a public, student-centered, Emerging Research University dedicated to excellence in serving the educational needs of the diverse population of Texas and the world beyond.

**SHARED VALUES STATEMENT**

In pursuing our mission as a premier institution, we, the faculty, staff, and students of Texas State University, are guided by a shared collection of values. Specifically, we value:

- An exceptional undergraduate experience as the heart of what we do;
- Graduate education as a means of intellectual growth and professional development;
- A diversity of people and ideas, a spirit of inclusiveness, a global perspective, and a sense of community as essential conditions for campus life;
- The cultivation of character and the modeling of honesty, integrity, compassion, fairness, respect, and ethical behavior, both in the classroom and beyond;
- Engaged teaching and learning based in dialogue, student involvement, and the free exchange of ideas;
- Research, scholarship, and creative activity as fundamental sources of new knowledge and as expressions of the human spirit;
- A commitment to public service as a resource for personal, educational, cultural and economic development;
- Thoughtful reflection, collaboration, planning, and evaluation as essential for meeting the changing needs of those we serve.

**MULTICULTURAL POLICY STATEMENT**

Texas State believes that freedom of thought, innovation and creativity are fundamental characteristics of a community of scholars. To promote such a learning environment, the university has a special responsibility to seek diversity, to instill a global perspective in its students, and to nurture sensitivity, tolerance and mutual respect. Discrimination against or harassment of individuals on the basis of race, color, national origin, religion, sex, sexual orientation, age, or disability are inconsistent with the purposes of the university.

**STUDENTS’ RIGHTS, PRIVILEGES, AND EXPECTATIONS**

Texas State believes that the primary purpose of higher education is to promote learning and stimulate inquiry for truth in an atmosphere of freedom. Texas State is committed to the value of a racial and ethnic diversity. Accordingly, Texas State encourages students to exercise the rights of citizenship. However, these rights are subject to reasonable limitations necessary for the orderly operation of Texas State. Texas State expects students to accept their responsibilities as citizens and members of a scholarly community. Paramount among these responsibilities is respect for the rights of others, academic and personal integrity, and adherence to federal, state, and local law as well as university regulations.

The faculty and administration are genuinely concerned with the physical and ethical welfare of students. To that end, Texas State has established rules of conduct and has published these in a Code of Student Conduct and Honor Code. These regulations guide students in achieving personal and academic goals and help the university function in an orderly way. Since students voluntarily associate themselves with Texas State, they should know that these rules are honestly and faithfully enforced. The rules include clear prohibitions against sexual or racial harassment.

The administration and faculty encourage students to participate in managing Texas State through its system of advisory councils and committees. Students are invited to serve as voting members of many of these groups, and are expected to contribute actively to
their success. Students may submit recommendations for changes in policy, not only through the committee structure, but also through their own student government.

**STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT**

The Texas State Campus Security Report (Campus Watch) includes descriptions of campus crime prevention programs, procedures for reporting crimes on campus and information about the number and frequency of crimes reported to the University Police Department over the last three years. Summaries of Texas State’s policies for campus security and law enforcement related to sexual offenses, missing person emergency contact, liquor law violations, and controlled substance offenses are included in the report, in addition to the fire report. The Texas State Campus Security Report is available at no charge from the University’s Office of Admissions, The Graduate College, Human Resources, or the University Police Department. It is also available on the University Police Department website www.police.txstate.edu. In addition, a hardcopy is available upon request through the University Police Department, Nueces Building, or by calling 512-245-2890.

**UNDERGRADUATE ACADEMIC ADVISING**

**Undergraduate Academic Advising Mission**

As an integral part of teaching and learning at Texas State, advising is a student-centered, collaborative process that engages students in educational planning to promote academic, personal, and professional development, while considering diverse interests, abilities, and goals.

**Academic Advising Definition and Philosophy**

Academic advising is an educational process that, by intention and design, facilitates students’ understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning (NACADA, 2004).

At Texas State, academic advising provides students with the opportunity to meet with an advisor for the purpose of gaining assistance in planning their educational career, in learning the skills needed for academic success, and in learning how to access the variety of resources and services available to them on the Texas State campus. As academic advisors at Texas State University, we adhere to key principles provided by the National Academic Advising Association (NACADA) when developing our advising philosophies. Academic advising is a partnership between a student and an academic advisor to develop meaningful educational goals and plans that are consistent with the student’s personal values, interests and abilities. This is a collaborative approach in which the student and the advisor have clear responsibilities for ensuring the advising partnership is successful.

Degree Works is the Degree Audit System for Texas State University. Degree Works assists the advising process and greatly simplifies the preparation of student graduation audits. It is an advising report that shows a student’s progress towards their degree. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Degree Works takes the guess work out of selecting courses for future enrollment.

Degree Works will display any university major and graduation (i.e. general education and university degree) requirements and will show which of these requirements the student has already fulfilled and which remain to be completed. Students can print a copy and take it with them when they see their academic advisors. Visit http://www.registrar.txstate.edu/staff-contacts/degeworks.html for more information and a video tutorial or contact your academic advisor.

**Advisee Responsibilities – What You Are Expected To Do**

As an advisee, you have clear responsibilities in the advising partnership in order to be successful:

- Know the requirements of your degree program and make sure that you are taking the courses your program requires for graduation.
- Ensure compliance with all University and College policies, procedures, and deadlines.
- Gather all relevant decision-making information (e.g., deadlines, prerequisites, policies).
- Organize official documents in a way that enables you to access them when needed.
- Schedule timely, regular appointments with an advisor during each semester.
- Come prepared, with your student ID, and be on-time to each appointment.
- Bring questions and materials for discussion, such as a degree audit, degree work sheet, and/or other relevant documents for discussion to your appointment.
- Be an active learner by participating fully in the advising experience.
- Ask questions if you do not understand an issue or have a specific concern.
- Follow through with all recommendations from your advisor.
- Clarify personal values and goals and provide your advisor with accurate information regarding your interests and abilities.
- Keep a personal record of your progress toward meeting your goals.
- Adhere to the Texas State honor code when interacting with others.
Advisor Responsibilities – What You Can Expect
You can expect your advisor to:

• Assist you in understanding the purposes and goals of higher education and its effect on your lives and personal goals.
• Assist you in gaining decision making skills and assuming responsibility for your educational plans and achievements.
• Encourage and guide you as they define and develop realistic goals.
• Encourage and support you as you gain the skills to develop clear and attainable educational plans.
• Maintain confidentiality.
• Understand and effectively communicate the curriculum, graduation requirements, and university and college policies and procedures.
• Provide you with information and strategies for using the available resources and services on campus.
• Accurately document your progress toward meeting your goals.
• Be accessible for meeting with you.

USING THE UNDERGRADUATE CATALOG

Glossary of Terms

Academic Advising Center:
Located in each College, the Academic Advising Center houses most of the undergraduate advisors for that College.

Classification:
Academic level based on hours earned: 1–29 freshman, 30–59 sophomore, 60–89 junior, and 90+ senior.

Contact Hours:
Clock hours spent each week in the instruction process. Contact hours are not course credit hours. Lecture contact hours are the hours per week students are required to spend in contact with faculty in a lecture setting, e.g., class, conference, seminar, individual instruction, private lesson, thesis or dissertation discussion, or independent study. Laboratory contact hours are the number of hours per week that students are required to spend in contact with faculty in an experiential situation, e.g., laboratory clinical, practicum, internship, or student teaching.

Core Curriculum:
Serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor’s degree. See the Academic Services section of the catalog for more detailed information.

Corequisite:
A directive from a School or Department that requires a certain action be taken while enrolled in a certain course. A corequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as seen fit by the School Director or Department Chair.

Course Description:
Summarizes the content of the course. Will include repeatability information as well as prerequisites or corequisites.

Course Number:
Follows a four-digit numbering system and includes an alphabetical course prefix that is offered in a single academic administrative unit. The first digit indicates the level of the course: 1-freshman, 2-sophomore, 3-junior, 4-senior, 5 and 6-post-baccalaureate and masters, and 7-doctoral. The second digit indicates the number of semester credit hours the course carries. The last two digits usually indicate the sequencing of the course in the curriculum.

Course Prefix:
Letters preceding the course number that indicate the subject of the course. For example, CJ = Criminal Justice; ANTH = Anthropology.

Credit Hour:
An amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency. THECB defines a credit hour as a unit of measure of instruction consisting of 60 minutes, of which 50 minutes must be direct instruction over a 15-week period in a semester system. Academic administrative units are responsible for ensuring that credit hours are awarded only for work that meets this requirement.

Degree Audit:
An advising report, through Degree Works, that shows a student’s progress towards their degree. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Visit http://www.registrar.txstate.edu/staff-contacts/degree-works.html for more information and a video tutorial or contact your academic advisor.

Degree Plan:
Set of courses that a student may follow in order to achieve the desired bachelor’s degree. Degree plans are located in School and Department sections of the catalog.

Grade Point Average (GPA):
Texas State utilizes the four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: “A” = 4 points; “B” = 3 points; “C” = 2 points; “D” = 1 point; “F” = 0 points. Neither hours nor grades are calculated for “I”, “CR”, “PR”, or “W”. “U” and “N” grades are the same as an “F” and equal 0 points.

Graduate Student:
A student who has graduated with a bachelor’s degree and is returning to the university to pursue either a master’s or doctoral level degree.
Graduation with Honors:
Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude. Effective Summer 2012, to be eligible for graduation with honors a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State. Graduation in the Honors College is described on p. 47.

Multicultural Course:
Course identified in the catalog and schedule of classes that offers students an opportunity to enhance their multicultural competence.

Post Baccalaureate Student:
Student who has completed a bachelor’s degree and returned to the university to take additional course work that will not count towards a second bachelor’s degree.

Prerequisite:
A directive from a School or Department that requires a certain action be taken before enrolling in a certain course. A prerequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as seen fit by the School Director or Department Chair.

Probation, Academic:
An emphatic warning that the quality of the student’s work has not met Texas State’s minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Second Degree Seeking Student
Student who has completed a bachelor’s degree and returned to the university with the intention to take additional course work that will complete a second baccalaureate degree.

SLAC:
The Student Learning Assistance Center provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

Suspension, Academic:
Instated on students who fail to raise their GPA higher than a 2.00 at the end of the second probationary semester.

Transcript:
Official Texas State transcripts bear the University Seal and the Registrar’s signature. The transcript is an official record of a student’s academic course work.

Transfer Student:
Student who has attended an institution prior to enrollment at Texas State.

TSIP:
The Texas Success Initiative program is a legislatively mandated program for certain college freshmen and transfer students, and is located within the University College. Additional information about this program and its requirements can be found in the University College section of this catalog.

Undergraduate Student:
Student enrolled in course work with the intent of receiving a bachelor’s degree at Texas State.

Writing Intensive:
Undergraduate courses for which at least sixty five percent of the grade must be based on written exams or assignments, and at least one assignment must be 500 words or more in length. Writing intensive is a designation intended to address the writing policy for undergraduate degree programs.

How to Interpret a Course Entry in the Catalog
Academic courses are located alphabetically by course prefix within the school or department in which they are taught. Within each prefix, the courses are listed numerically beginning with freshman level and proceeding through senior level course work. Graduate courses may be found in the Graduate Catalog.

Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. Questions regarding current information should be addressed to the Office of the Provost and Vice President for Academic Affairs. This catalog becomes effective with the beginning of the fall semester, 2014.

ADMISSIONS
429 N. Guadalupe Street
www.admissions.txstate.edu
T: 512.245.2364 F: 512. 245.8044

The university provides general admission programs for first-time freshman, transfer, and international students. The admission standards are designed to ensure that admitted students are prepared to meet the academic challenges of the classroom at Texas State.

Students and their parents are welcome to visit Texas State any day the university is open. Drop-in visitors are welcome but an online reservation or a phone call a few days in advance will help the Welcome Center staff give the best possible service. When classes are in session, campus tours are available Monday through Friday. University offices are closed on weekends; however, the Welcome Center is open on a limited basis on weekends during the fall and spring semesters. The Welcome Center is located in the LBJ Student Center. Convenient parking is available at the Student Center Parking Garage.
Bobcat Days at Texas State are special Saturdays when prospective students and their families visit the campus to learn about academic programs, services, activities, and admissions. For Bobcat Days schedules, visit www.admissions.txstate.edu/visit/bobcat-days.

For further information on available tour times or scheduling your visit www.admissions.txstate.edu/visit, contact the Welcome Center at 512.245.8871 or email welcomecenter@txstate.edu.

**Deadlines**
Students should apply for admission as early as possible. Those still in high school may apply once they have completed six semesters and can provide a high school transcript showing class rank and grades. Application forms and all credentials must be received by the following deadlines:

**General**
- Fall: March 1 (admission priority date)
- May 1 (freshman)
- July 15 (transfer)
- Spring: November 15
- Summer I: May 1 (for classes starting in June)
- Summer II: June 15 (for classes starting in July)

**Application Fee**
A non-refundable application fee is required with all applications. The application fee is $75 for new students; $75 for special and transient/visiting students; $40 for former students; and $90 for applicants considered for admission on the basis of foreign credentials.

**State of Texas Uniform Admission Statement**
Per state law, Uniform Admissions Policy, TEC 51.803-51.809 requires that all students must meet one of the following college readiness standards in order to be eligible to be considered for admission at a Texas Four-Year Public Institution.

- Successfully complete the Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (UAP), Recommended (UAP) or Distinguished (UAP) high school program or complete the portion of the program that was available to them; or
- Successfully complete a curriculum that is equivalent in content and rigor to the Foundation, Foundation with endorsements Distinguished Achievement, Minimum (UAP), Recommended or Advanced (Distinguished Achievement) high school program at a high school that is exempt from offering such programs; or
- Satisfy the College Readiness Benchmarks on the SAT or ACT assessment
  - SAT – 1500 out of 2400
  - ACT – 18 English, 22 Reading, 22 Mathematics and 23 Science

Equivalencies must be documented by the student’s high school. The forms can be found at http://www.thecb.state.tx.us/.

**Freshman Admission**
Texas State freshman applicants must complete and meet the following requirements to be considered for admission:

1. Complete the State of Texas Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (HB5), Recommended (UAP) or Distinguished (UAP) high school program (or their equivalents).
2. In order to be successful at Texas State, students should complete a rigorous curriculum in high school. We strongly recommend that all applicants complete four credits of English, including English I-IV; four credits of math, including Algebra I, Algebra II, Geometry, and an additional advanced math; four credits of science, including Biology, Chemistry, Physics, and an additional advanced science; four credits of social studies, including one credit of World History, World Geography, U.S. History Since 1877, 1/2 credit of U.S. Government and 1/2 credit of Economics; two credits of a foreign language; one credit of fine arts; and one credit of Physical Education.
4. Submit one of the Apply Texas application essays (Topic A, B, or C).
5. Submit an official high school transcript (which must include class rank or a statement that the school does not rank) or GED certificate.
6. Submit official SAT or ACT scores including the writing sections.
7. Submit an application fee of $75 (check, money order, American Express, Visa or MasterCard).
8. Submit an official college transcript from each postsecondary school attended. Student must be eligible to return (e.g., free of suspension, dismissal or enforced withdraw) and have a cumulative 2.0 grade point average in all transferable college work.

Texas State admits freshman students in two ways, Assured Admission and Admission Review.

**Assured Admission**
Students completing either the Distinguished Achievement (HB5), Recommended (UAP) or Distinguished (UAP) and meet the minimum class rank and SAT/ACT scores below are eligible for assured admission.

<table>
<thead>
<tr>
<th>Class Rank</th>
<th>SAT (Critical Reasoning + Math)</th>

</table>

*No minimum scores required for students who rank in the top 10% of their graduating class. ACT or SAT scores, however, must be submitted.

Writing Section of ACT/SAT is required, but will not be included.
in the scores used in initial review by Texas State.

**LIMITED ACCESS PROGRAMS**

**McCoy College of Business Administration**

If a student wishes to pursue a major in the McCoy College of Business Administration, they will be automatically admitted when they:

- Select Business as a first-choice major and receive assured admission to Texas State
- Achieves one of the following: an SAT score of 1200 or higher, an ACT score of 27 or higher, or a ranking in the top 25 percent of their high school graduating class.

Other applicants who have received admission to Texas State will be considered through a competitive review process.

**Admission Review**

Freshman applicants who complete either the Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Recommended (UAP) or Distinguished (UAP) high school program; rank in the top three quartiles (top 75%) of their class, and have a high school class rank and test scores that place them near the assured admission requirements, may be eligible for the Predicted Academic Success (PAS) Review. A limited number of students whose academic record demonstrates potential for academic success at Texas State will be offered admission. If granted a PAS review, Texas State will consider the high school curriculum, extracurricular involvement, leadership, community service, work experience, essay, class rank, size of graduating class, quality and competitive level of high school courses taken and grades earned, and the applicant’s individual verbal and math scores on either the ACT or SAT I. Additional factors such as bilingual proficiency, the applicant’s responsibilities while attending school, and the applicant’s region of residence may also be considered. The review, however, must clearly demonstrate potential for academic success during the freshman year at Texas State. Students in the fourth quarter are not eligible for this review.

Applicants offered admission to Texas State University through PAS Review typically have the following minimum coursework: 4 years of English, 4 years of Math (Algebra I, Geometry, Algebra II, and an advanced math), 3-4 years of Science, and 2-3 years of the same Foreign Language.

To be considered, students may be asked to submit a seventh-semester transcript that includes class rank. A resume highlighting personal involvement and achievements while in high school and a personal statement that addresses factors the applicant wishes to bring to the attention of the Office of Undergraduate Admissions may also be submitted. Applicants will be notified of their admission or inadmissibility on a rolling basis.

A limited number of fall applicants who are reviewed through PAS may be offered admission to a special summer entrance program or a fall co-enrollment program with Austin Community College.

**Transfer Admission**

**Transfer students with less than 30 hours**

Students with less than 30 transferrable hours at the time of application must meet the following requirements:

1. Submit the ApplyTexas Application for transfer admission including one essay and information on extracurricular activities, application fee, and all other documents by the deadline. (see freshman admission requirements)
2. Meet assured admission requirements.
3. Submit an official transcript from each post secondary institution attended. Students must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.
4. Have a cumulative 2.0 GPA in all transferable college work.

**Transfer students with 30 hours or more**

All Transfer students with 30-plus completed transferable credit hours must meet a 2.25 grade point average for all transferable credit. Transfer applicants must complete and meet the following requirements:

1. Submit part I of the ApplyTexas Application for Transfer/Transient/Readmit (www.applytexas.org)
2. Submit application fee of $75 (check, money order, American Express, Visa or MasterCard)
3. Submit an official college transcript from each postsecondary school attended. Student must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions regardless of GPA or degrees received.
4. Have a minimum 2.25 GPA in all transferable work attempted. In calculating the GPA, grades of A, B, C, D, and F are computed as recorded. Non-punitive grades such as W or WP are posted but not calculated. Grades of WF or I are averaged as F. If a course has been repeated, all grades except the first will be used. Grades in non-transferable and technical/VocEd courses are disregarded. See Academic Policies section for specific information and policies for repeated grades and courses.

NOTE: Entering students are required to demonstrate that they have competency in foreign language. This can be demonstrated by:

- Two years of the same foreign language in high school or two semesters of the same foreign language in college. (Some degree programs may have additional requirements for graduation.)
- A placement exam
- CLEP

Transfer students who have met this requirement via their high school work should submit their high school transcript for credit.

**College of Education Teacher Education Program**

To be eligible for a Texas teaching certificate, a student must first be admitted to the university, then they can apply for admittance to the teacher preparation program through the Office of Educator Preparation. Information regarding these requirements can be found in the College of Education section of this catalog.

**Round Rock Campus**

Freshmen are not eligible for admittance to the undergraduate programs offered at the Round Rock Campus (RRC) as Texas
State offers only upper-division courses there. Junior and senior level students interested in enrolling at the RRC may learn more about the additional admission requirements at www.rrc.txstate.edu.

**International Admission**

An international student is defined as anyone who is not a United States citizen. However, a permanent resident alien who has completed two or more years in and graduated from a U.S. high school must meet the admission requirements established for U.S. citizens (see Undergraduate Admission in this section of the catalog).

International applicants should complete the International Student Application which is available at www.applytexas.org. The application and all credentials must be submitted by the required deadline. A non-refundable $90.00 fee (U.S. currency) is required for all applications which is available at www.applytexas.org. The application and all credentials must be submitted by the required deadline. A non-refundable $90.00 fee (U.S. currency) is required for all international applicants. Freshman applicants who are graduates of foreign secondary schools must demonstrate that they have above average academic achievement and an education equivalent to that of a U.S. high school graduate. Students transferring from foreign institutions must demonstrate above average academic achievement in their post-secondary education. Applicants must submit original academic records (or copies which have been certified by an appropriate school official) of all secondary and post-secondary course work, examination results, SAT/ACT test scores, certificates awarded, and/or diplomas. A certified English translation must accompany the original academic records if the original records are not in English. Freshman applicants who are graduates of a U.S. high school and who completed at least two years in a U.S. high school must meet the freshman admission requirements established for U.S. citizens. Transfer applicants from within the U.S. must meet all regular transfer admission requirements (see Undergraduate Admission in this section of the catalog).

All applicants whose native language is not English must present proof of English proficiency. Texas State accepts the following measures of English proficiency for regular admission:

- Test of English as a Foreign Language (TOEFL) minimum score of 550 (paper-based test, PBT) or 213 (computer-based test, CBT), or 78 total score (internet-based test, iBT) with the following 3 out of 4 minimum section scores: 19 in Reading, 19 in Listening, 19 in Speaking and 18 in Writing, or
- International English Language Testing System (IELTS) minimum score of 6.5, or
- International Baccalaureate (IB) grade of 4, 5, 6 or 7 in English A1 or A2 at the Higher Level or Standard Level or English B at the Higher Level, or
- 30 semester hours of college course work transferred from a regionally accredited U.S. institution to include English 1310 College Writing I and English 1320 College Writing II with grades of “C” or higher, or
- Advanced Level exam in English Language on GCE, GCSE, IGCSE or HKCEE with grade of “C” or higher, or
- Completion of all level 5500 Texas State Intensive English classes with composite grade of “A” or “B” and positive recommendation from program director.

International students who meet the established admission requirements but do not yet have the required level of English proficiency may be eligible for the Texas State Intensive English Bridge program. A TOEFL score between 500 & 549 (PBT) or between 173 & 210 (CBT) or 58 (iBT) total score with minimum section scores of 14 in Reading, 14 in Listening, 14 in Speaking and 14 in Writing, or IELTS score between 5.5 & 6.9 is required for the Texas State Intensive English Bridge program. Admission to the Texas State Intensive English Bridge program allows students to begin university academic study on a part-time basis while completing their English proficiency requirements in the Texas State Intensive English program. Acceptance into full-time academic study is contingent upon achieving one of the measures of English proficiency listed in the paragraph above, successfully completing the Intensive English program at Texas State and completing the Texas State credit courses with a grade of “C” or higher.

**Transferring to Texas State**

**F1 International Students Transferring to Texas State from Another U.S. Institution**

International students who wish to transfer to Texas State University need to meet the academic as well as the immigration requirements for this transfer. Students who have been already admitted into an academic program and provided the financial documentation required for their admissions should follow the steps below to process their SEVIS or immigration transfer. This is a separate procedure not to be confused with the academic transfer done through the Undergraduate or Graduate Admission offices. Simply transferring academically doesn’t complete your SEVIS transfer.

1. Notify your international/immigration student advisor at your current school of your intent to transfer and verify the procedures with them.
2. Request your current school to fill out and fax or email the Status Verification Form. It is your responsibility to make sure that your previous/current institution fills out the Status Verification Form and submits it.
3. Upon your notification, a DSO at your current school will update your record in SEVIS as a “transfer out” and indicate a release date. Once this release date is reached the International Office at Texas State will have access to your I-20.
4. After the release date of your SEVIS record contact the Texas State International Office to confirm that all documents needed for your SEVIS transfer have been received as well as your SEVIS record.
5. Call the International Office to schedule a check-in. You must bring all of your immigration documents to this meeting. Your transfer I-20 will be given to you at this time. For more detailed information on our Check-ins and International Student Orientation visit our website at www.international.txstate.edu.

**Important Considerations**

- Transfer students must start attending classes within 5 months of the last day he or she attended classes (or ended OPT), or the next available session, whichever comes...
F1 International Students Transferring to Another U.S. Institution from Texas State

To transfer to another U.S. institution from Texas State you must request a SEVIS transfer from the International Office. This is a separate transfer from the academic transfer and does not imply a transfer of your academic records. The SEVIS transfer will allow your new institution to issue you a new I-20 that will allow you to maintain your legal status.

To notify the Texas State International Office of your intention to transfer out, you must fill out the SEVIS Transfer Out Form and submit it to our office with the admissions acceptance letter attached to it.

An International Office advisor will determine an appropriate release date for your SEVIS transfer which will generally be the last day of your current semester. More detailed information is included in the SEVIS Transfer Out Form. If you decide to cancel your transfer, you must notify the Texas State International Office before your SEVIS transfer release date. Once the transfer release date has been reached, Texas State will no longer have access to your SEVIS record and your new institution will be responsible for the management of your record.

Simply receiving the new school's I-20 doesn't complete the transfer process. Contact the staff at your new institution responsible for assisting international students about completing the required SEVIS transfer procedures.

For further information on immigration requirements, contact the Texas State International Office at 512.245.2759 or www.international.txstate.edu.

For further information on admission requirements for international students, contact the Office of Undergraduate Admissions at 512.245.2759 or www.admissions.txstate.edu.

NOTE: A student who leaves Texas State due to academic suspension will return on probationary status after complying with the suspension requirements and meeting the readmission criteria outlined above. (See the policy stated in "Readmission Following Suspension" in the Academic Policies of this catalog.) Some Texas State former students may be eligible for Texas State’s Academic Bankruptcy Policy or the state legislated Academic Fresh Start (see more information in this section).

Former Texas State students who are members of the U.S. Armed Forces or National Guard who withdrew from school as a result of a call to active duty are eligible to re-enroll without paying a readmission fee or completing a readmit reapplication if the student returns to Texas State within a year of being released from active duty. These students will need to complete the Returning Military Information Form, provide a copy of their DD214 and contact the Office of Undergraduate Admissions to have their status reactivated.

Special Admission Options

All special admission categories will need to meet the State of Texas Uniform Admission Statement, TEC 51.803-51-809. (see State of Texas Uniform Admission Statement).

Early Admission Program

The Early Admission program offers high school juniors and seniors an opportunity to take college courses while still in high school. Requirements for admission include:

1. A grade average of "B" or higher
2. A recommendation from a high school counselor or principal
3. Evidence that the student will meet or exceed Texas State freshman general admission requirements.
4. The PSAT or PLAN scores may be used in lieu of the SAT or ACT scores.

The ApplyTexas application, official high school transcripts and application fee of $75 and all supporting documents must be submitted by the deadline. Students admitted under this option are considered non-degree seeking and are not eligible for Financial Aid. After high school graduation, those students wishing to continue at Texas State in degree-seeking status must reapply and submit their final high school transcript.

Individual Approval

Applicants who have been out of high school for at least three years and have 0-29 transferable semester hours may be considered for admission on an individual basis. Applicants must submit an official high school transcript validating high school graduation or
GED completion certificate. The high school transcript or GED certificate, college transcript(s), application including one essay (‘Topic C’) and information on extracurricular activities, and the $75 application fee must be submitted by the appropriate deadline. No test score is required for admission review, but test score submission is recommended. Students whose record demonstrates potential for academic success at Texas State may be offered admission.

Special Talent Program
Students who receive a Fine Arts or Athletic Scholarship and are recommended for admission by the Dean of the College of Fine Arts and Communication or the Director of Athletics, but do not meet Assured, Predicted Academic Success or Individual Approval admission requirements, may be granted admission to Texas State. Freshman students admitted under the Special Talent Program must rank in the top three quarters of their high school class. Transfer students must have a minimum 2.00 cumulative GPA. The university president may authorize exceptions to this policy.

Non-Accredited High Schools
Graduates of non-accredited high schools must have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180 and must meet the course unit requirements (Uniform Admission Policy and Freshman Admission) as outlined in the general admission requirements.

Home-Schooled
Home-schooled applicants must have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180 to be considered and meet the State of Texas Uniform Admission Policy (see freshman admission policy) and Texas State Freshman Admission Requirements.

Veteran’s Guaranteed Admission Program
The Texas State University System’s Veteran’s Guaranteed Admission Program is designed to encourage all honorably discharged veterans to complete their undergraduate college education by guaranteeing admission to one of the System’s institutions of higher education. Military veterans may gain admission to one of the Texas State University System (TSUS) institutions in several ways:

1. Veterans who apply by the institution’s application deadline and meet the freshman or transfer admission requirements of the TSUS institution will be admitted after their application and official credentials are complete usually in 2-3 weeks.
2. Veterans who narrowly miss the admission requirements of the TSUS institution of their choice will be admitted via one of the institution’s alternative admissions programs (e.g., summer bridge programs, admission contract programs, or similar admission opportunities).
3. Veterans not interested in gaining admission through a summer bridge or similar program may opt to have their file referred to another TSUS institution.
4. TSUS institutions will provide transfer counseling to veterans who wish to begin their higher education pursuits at a community college. Working closely with university admissions counselors, veterans will be provided a specific pathway through one of the Lamar State Colleges or another community college to be able to transfer seamlessly at a later date. These students will be guaranteed admission as soon as they fulfill their transfer admission plan with the TSUS institution.
5. Veterans seeking technical degrees or specific workforce training will be admitted to Lamar State College Orange, Lamar State College-Port Arthur or the Lamar Institute of Technology. Should their goals change and a baccalaureate degree be sought, these veterans will be counseled by Lamar staff to take appropriate courses and will be guaranteed admission to any of the TSUS institutions as soon as the transfer requirement have been met.

General Educational Development Tests
Students with medical or personal reasons for not completing high school may elect to take the General Educational Development (GED) tests. Texas State recognizes the GED tests from an applicant with no previous college work whose high school class has graduated. Students with a GED certificate may be considered for admission provided they have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180.

Transient/Visiting Student Admission
Students who have completed college work and who are working toward a degree at another college or university are eligible to be considered for transient/visiting admission. Transient/Visiting admission is for the summer only. The applicant must complete an application for admission listing all colleges and universities attended. To be admissible as a transient/visiting, a student must be in good standing at their current institution. A current transcript or documentation from Registrar indicating good standing at the institution of current enrollment must be submitted to the Office of Undergraduate Admissions. Upon completion of the summer work, the student may request a transcript/visiting for use in the home institution. Credit and grade points earned as a transient/visiting student at Texas State will not be used in determining regular eligibility for admission to Texas State.

Special Student Option
Students who are not working toward a degree at Texas State may be considered for admission as a Special Student. To qualify, students must either 1) verify an overall 2.25 GPA in previous college work or 2) have a high school diploma or equivalent and not have been enrolled in any secondary or post-secondary institution for the last three years. Applicants must complete an application for admission listing all colleges and universities attended and the application fee by the required deadline. Students must be eligible to return to each previous post-secondary institution (i.e., free of suspension, dismissal or enforced withdrawal). Enrollment as a Special Student is limited to a total of 24 semester hours and students must reapply each semester. Students admitted under this option are considered non-degree seeking and are not eligible for Financial Aid. Work earned as a Special Student may be considered for degree purposes only after the student has reapplied and has met general admission requirements.

Appeals
Students who wish to appeal their admission decision should submit a letter of appeal providing further information about their
circumstances and an indication of their readiness for study at Texas State.

**Academic Bankruptcy Policy**

Students who have not enrolled in any accredited college or university for five or more consecutive calendar years immediately prior to admission to Texas State may, at the time they apply for admission, request permission to declare academic bankruptcy. Under this policy all college-level work done at an earlier date is eliminated from computation of the GPA and none of it is applied toward a degree at Texas State. Such work, however, will not be removed from the student’s records. Those granted academic bankruptcy are admitted on academic probation.

**Academic Fresh Start**

Under the provisions of the Texas Education Code, the Academic Fresh Start program was established to allow a Texas resident to apply for admission and elect to have all academic course work earned 10 or more years prior to the requested enrollment date ignored for admission purposes. Individuals who choose Academic Fresh Start, including former Texas State students, must meet current published admission criteria for Texas State and must submit official records from all colleges attended. Students admitted under this provision will not receive any course credit for courses taken 10 or more years prior to enrollment. For further information, contact the Office of Undergraduate Admissions.

**Second Bachelor’s Degree**

Students who have earned a bachelor’s degree and wish to complete a second bachelor’s degree should submit the ApplyTexas application, $75 application fee and official transcripts from all colleges or universities attended including the transcript where the highest degree was obtained. Transcripts for any course work completed after the degree was earned must also be submitted. All usual deadlines apply. Students who hold a bachelor’s degree and wish to pursue additional course work but not a second bachelor’s degree should apply through The Graduate College.

**Auditing Courses**

Those who wish to audit a course must be accepted by the Office of Undergraduate Admissions and approved by the school, department, or program offering the course. Audit status must be declared at registration. Participation in class discussion and examinations is optional with the instructor. Auditors receive no course credit but are expected to attend class regularly. With departmental/school approval, a student who has audited a course may later take the course for credit.

**Transfer Credit**

**Evaluation of Transfer Credit**

Transfer of credit from another institution to Texas State involves consideration of accreditation, comparability of course work and applicability of that course work to a Texas State degree program. The Office of Undergraduate Admissions provides, along with the admission notification letter, an evaluated transfer work that shows how each course that the student has completed has been evaluated for transfer to Texas State.

**Regional Accreditation**

Texas State will consider for transfer credit (subject to other provisions outlined below) course work completed at institutions which have been granted membership or candidacy status in a regional association of the Association of Colleges and Schools, excluding accrediting commissions for vocational or occupational training.

**No Regional Accreditation**

Course work from an institution which is neither regionally accredited nor a candidate for such accreditation will not be recognized for transfer purposes. Student appeals may be reviewed on an individual basis.

**Bible College Accreditation**

Courses from institutions accredited solely by ABHE (Association for Biblical Higher Education) are awarded transfer credit on a parallel course by course basis. Remedial courses are nontransferable. Religious courses of a doctrinal or denominational character (sacraments, Christian approaches to missions, etc.) are not transferable.

**Credit from Abroad**

Course work completed at foreign institutions will be evaluated on an individual basis. Foreign institutions must be officially recognized by their Ministry of Education for transfer credit to be considered.

**Role of the Office of Undergraduate Admissions in Determining Transfer Credit**

The Office of Undergraduate Admissions reviews each course taken at another college or university and makes the initial determination of whether or not a course is transferable. The course is evaluated for transfer credit by comparing the nature, content, and level of transfer credit and in consultation with appropriate academic units at Texas State. Courses transfer to Texas State on the same level and with the corresponding grades and number of hours as earned at the other institution. It is sometimes necessary for the transfer student to provide such materials as catalogs, course descriptions, syllabi, class assignments, or textbooks to assure proper evaluation. The holding of an associate degree from another institution has no effect on the transfer of credit or admission to Texas State.

**Role of University College**

The University College will review student requests for review of elective courses (ELNA, ELADV) for application to the general education core curriculum.

**Role of College Dean and Program Chair/Department Chair/School Director of Student’s Major**

The applicability of transferred credit toward a degree at Texas State will be the decision of the college dean and the chair/director of the student’s major department/school/program. The applicability of transferred credit will be evaluated on a course-by-course basis.

**Explanation of Evaluation Symbols.** Admissions personnel assign evaluation symbols to all courses submitted.

1. Courses that have direct Texas State course equivalency will be equated to the Texas State course number and be reflected accordingly on the evaluated transcript record.
2. Courses that hold transfer credit value, but which do not have an exact Texas State course equivalency, will transfer as elective courses. Elective courses will be recorded as ELNA (for lower-level freshman and sophomore courses) and ELADV (for upper-level junior and senior courses). Courses transferred at the lower-level cannot be equated as upper-level courses. The college dean and the chair/director of the student’s major department/school/program will determine how these elective courses apply toward the student’s degree.

3. Courses evaluated as Vocational Education (VocEd) are not transferable and are not computed in the GPA for admission purposes. In cases where VocEd courses support a student’s degree program, the student may request the chair/director of his/her major department/school/program to review the courses. If approved, the VocEd credit will be recorded on the student’s official Texas State transcript for application to that degree program. Should the student’s major change, the applicability of the VocEd credit toward the new major will be subject to review by the chair/director of the student’s new major department/school/program.

4. Courses that hold no transfer value for either admission or degree purposes are evaluated as Non-Transferable (NOCRD). Generally, these are courses that are remedial, preparatory, or developmental in nature.

5. Physical fitness activity courses are evaluated as Activity (ACT). These are transferable for admission and degree purposes.

Course Equivalency Information

Course equivalency information may be obtained from the junior/community college counselor, the Texas State Office of Undergraduate Admissions or through CatWeb on the Texas State web site (www.txstate.edu). Students are encouraged to plan all course selections at the junior/community college as far in advance as possible. Proper planning and use of the equivalency information will maximize the transfer of credit to Texas State.

Texas Junior/Community College Transfer Students

Prior to transferring from a Texas junior/community college, students should discuss their course selections and degree plans with their two-year college counselor or academic advisor.

Articulation Agreements and Transfer Planning Guides

Texas State has formal articulation agreements and/or transfer planning guides with Alvin Community College, Amarillo College, Austin Community College, Blinn College, Brazosport College, Central Texas College, Cisco Jr. College, Coastal Bend College, Collin County Community College, Dallas County Community College District, El Paso Community College, Frank Phillips College, Houston Community College, Kilgore College, Laredo Community College, Lone Star College, McLennan Community College, Midland College, Northeast Lakeview College, Northwest Vista, Odessa College, Palo Alto College, Paris Jr. College, San Antonio College, San Jacinto College, South Plains College, South Texas College, Southwest Texas Junior College, St. Philips College, Tarrant Community College, Temple College, Western Texas College, Wharton Jr. College and Victoria College. Transfer planning guides have been developed for many programs in these community colleges and for many additional programs in other community colleges. Potential transfer students may access existing transfer planning guides at www.admissions.txstate.edu/future/transfer/tpg.html.

Texas Common Course Numbering System

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses between Texas public institutions. Common courses are included in the Community College General Academic Course Guide Manual, published by the Texas Higher Education Coordinating Board. Common course numbers may be used to determine how freshman and sophomore level courses transfer between Texas public institutions.

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). The following is a list of all the common course numbers currently adopted by Texas State. The courses that fulfill Texas State’s general education core curriculum requirements are designated with an asterisk.

### Transcripts

Official Texas State transcripts separate transfer course work and grades from Texas State course work and grades. The transfer GPA is used to determine eligibility for admission purposes. Credits transferred are included in the total hours the student has earned, but the grades and quality points do not affect the student’s Texas State GPA.

### Maximum Hours Accepted

Texas State will apply to a specific degree no more than 66 semester hours from an accredited junior/community college (at the approval of the individual dean, 6-8 hours may be added). At the time of the transfer, all transferable work completed at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior/community college exceeds 66 hours, it will be the responsibility of the chair/director to recommend to the academic dean how the student will satisfy degree requirements.

### Resolution of Transfer Disputes for Lower-Division Courses

a. The following procedures shall be followed by public institutions of higher education in the resolution of transfer credit disputes involving lower-division courses:

1. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.

2. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.

3. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.

b. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

c. All public institutions of higher education shall publish the procedures described in sub-sections (a) and (b) of this section in their undergraduate course catalogs.

d. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Section 61.826 of the Education Code.

e. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

### Non-Traditional Credit

Students admitted to Texas State may earn academic credit for learning or experience they have completed before enrolling. Other types of non-traditional credit are summarized below. For further information, contact the Office of Undergraduate Admissions.
**Credit for Experiential Learning**

The Department of Occupational, Workforce, and Leadership Studies is the only academic unit at Texas State that employs a systematic process for evaluating and credentialing experiential learning with academic merit and credit. Such credit is validated after enrollment at Texas State according to established criteria and is forwarded to the Office of Undergraduate Admissions for posting to the student’s record. Should a student change majors, the validation of extra-institutional credit will be re-evaluated by the new academic department/school.

**Military Credit**

The Office of Undergraduate Admissions will review course work from educational experience obtained in the Armed Forces. In compliance with TEC 51,3042, eligible former members of the armed forces admitted as an undergraduate student or readmitted as an undergraduate student could be awarded course credit for all physical education courses Texas State requires for an undergraduate and for additional semester credit hours, not to exceed 12, that may be applied to satisfy any elective course requirements for the student’s degree program for courses outside the student’s major or minor if the student: (1) graduated from a public or private high school accredited by a generally recognized organization or from a high school operated by the United States Department of Defense; and (2) is an honorably discharged former member of the armed forces of the United States who completed at least two years of service in the armed forces or was discharged because of disability.

Two hours of physical education activity credit will be awarded by the Office of Undergraduate Admissions upon receipt of Form DD214 that verifies 2 Years of active military duty. The student must also submit an official high school transcript.

The Office of Undergraduate Admissions uses the “Guide to the Evaluation of Educational Experience in the Armed Services” for evaluating the course work. Other military course work may be considered for transfer credit. Acceptable forms of documentation that may be submitted include:

1. JST (Joint Services Transcript)
2. CCAF Transcript (Community College of the Air Force)
3. Form DD214 (Report of Separation)

Texas State grants credits for the lower and upper division baccalaureate category but does not award credit for vocational or graduate level work. Transfer credit is subject to approval by the student’s major department/school. ACE credit is only considered for military coursework.

**Credit-by-Examination**

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and submitting official score reports to the Testing, Research Support, & Evaluation Center (TREC), or by submitting a transcript from another college or university to Undergraduate Admissions documenting credits awarded there through examination.

Sufficient scores on the following examinations may be applied for credit:

1. College Level Examination Program (CLEP),
2. College Board Advanced Placement Examination Program (AP),
3. International Baccalaureate Program (IB), and
4. certain established departmental examinations (administered by TREC or by the relevant academic department)

Credit established in this manner through TREC will be recorded as “credit only” (CR) on the transcript and will not affect the GPA, except that Texas State University recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (http://tlgil.net/Zbzt). Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student’s request.

Evidence of credit by any examination must be evaluated by TREC before it can be entered on a transcript. More detailed materials on this and other TREC programs are available at the TREC website, www.txstate.edu/trec/.

When an official transcript from a previously attended institution of higher education indicating credit earned through examination is received in Undergraduate Admissions, those credits are evaluated by transfer credit criteria and awarded grades of “credit only” (CR).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing courses does except that it does not count as credit earned in residence.

**International Baccalaureate (IB)**

The International Baccalaureate (IB) is an international program of courses and examinations offered at the high school level. An IB program official transcript of grades (diploma or certificate) must be sent to Texas State for evaluation and award of appropriate course credit. Those students participating in the IB program and planning on attending Texas State University should indicate Texas State as the recipient of the IB diploma or certificate. Students presenting an IB diploma will receive a minimum of 24 course specific semester credit hours in the appropriate subject areas for all IB exam scores of 4 or higher. Students who successfully complete the IB diploma program may receive fewer than 24 semester credit hours under this policy if the student has scored lower than 4 on any IB examination administered as part of the diploma program. The following are the Standard (SL) and Higher Level (HL) exams approved for course credit at Texas State.

**New Student Orientation and Registration for Classes**

All students, including former/readmit students are required to attend New Student Orientation. These special programs for are held before each semester to provide information about student services, class scheduling, and university resources. Additionally, these sessions include academic advisement and course registration. Transfer students with 30 transferable hours complete, readmit and subsequent degree students are eligible for online orientation. International students must also attend International Student Orientation.
Residency for Tuition

The determination of residency classification for tuition purposes is governed by statutes enacted by the Texas Legislature and rules and regulations promulgated by the Texas Higher Education Coordinating Board. A student or applicant is classified either as a resident of Texas, a non-resident, or a foreign student for tuition purposes. An individual’s residency classification is based on information from his or her admission application. If an applicant or student is classified as a non-resident and wishes to be considered for reclassification as a resident, it is necessary to submit the Residency Core Questions available from the Office of Undergraduate Admission. Documentation may be requested by the institution in order to resolve issues raised by the information provided in response to the Residency Core Questions.

Texas Higher Education Coordinating Board Rules include the following provisions covering some of the more common residency situations. They are neither exhaustive nor complete and should not be interpreted as such. Full regulations are available at www.collegefortexans.com.

Determination of Residence Status

a. The following persons shall be classified as Texas residents and entitled to pay resident tuition:
   1. a person who graduated from a public or accredited private high school in this state or received the equivalent of a high school diploma in this state, and maintained a residence continuously in this state for the thirty-six months immediately preceding the date of graduation or receipt of the diploma equivalent, as applicable; and the 12 months preceding the census date of the academic semester in which the person enrolls in an institution;
   2. a person who established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and
   3. a dependent whose parent established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and

b. The following non-U.S. citizens may establish a domicile in this state for the purposes of subsection (a)(2) or (3) of this section:
   1. a Permanent Resident;
   2. a person who is eligible for permanent resident status;
   3. an eligible nonimmigrant that holds one of the approved types of visas. A complete list is available at www.collegefortexans.com;
   4. a person classified by the USCIS as a Refugee, Asylee, Parolee, Conditional Permanent Resident, or Temporary Resident;
   5. a person holding Temporary Protected Status, and Spouses and Children with approved petitions under the Violence Against Women Act (VAWA), an applicant with an approved USCIS I-360, Special Agricultural Worker, and a person granted deferred action status by USCIS;
   6. a person who has filed an application for Cancellation of Removal and Adjustment of Status under Immigration and Nationality Act 240A(b) or a Cancellation of Removal and Adjustment of Status under the Nicaraguan and Central American Relief Act (NACARA), Haitian Refugee Immigrant Fairness Act (HRIFA), or the Cuban Adjustment Act, and who has been issued a fee/filing receipt or Notice of Action by USCIS; and
   7. a person who has filed for adjustment of status to that of a person admitted as a Permanent Resident under 8 United States Code 1255, or under the “registry” program (8 United States Code 1259), or the Special Immigrant Juvenile Program (8 USC 1101(a)(27)(J)) and has been issued a fee/filing receipt or Notice of Action by USCIS.

c. The domicile of a dependent’s parent is presumed to be the domicile of the dependent unless the dependent establishes eligibility for resident tuition under subsection (a)(1) of this section.

d. A domicile in Texas is presumed if, at least 12 months prior to the census date of the semester in which he or she is to enroll, the person owns real property in Texas, owns a business in Texas, or is married to a person who has established a domicile in Texas. Gainful employment other than work-study and other such student employment can also be a basis for establishing a domicile.

e. The temporary absence of a person or a dependent’s parent from the state for the purpose of service in the U.S. Armed Forces, Public Health Service, Department of Defense, U.S. Department of State, as a result of an employment assignment, or for educational purposes, shall not affect a person’s ability to continue to claim that he or she is a domiciliary of this state. The person or the dependent’s parent shall provide documentation of the reason for the temporary absence.

f. The temporary presence of a person or a dependent’s parent in Texas for the purpose of service in the U.S. Armed Forces, Public Health Service, Department of Defense or service with the U.S. Department of State, or as a result of any other type of employment assignment does not preclude the person or parent from establishing a domicile in Texas.

For information on Residency Requirements contact the Residency Determination Officer for Texas State University at Residency@txstate.edu.

Exceptions. A non-resident or foreign student may qualify to pay in-state tuition. Questions and documentation should be directed to Student Business Services.

1. The student or student’s spouse or parent is a member of the Armed Forces or a commissioned officer of the Public Health Service and is stationed in Texas. (Military and
Public Health Service personnel who maintain their official home of record as Texas or who meet the criteria for establishing a domicile in Texas are considered to be Texas residents.)

2. The student or student’s spouse or parent is employed at least half-time as a teaching or research assistant in a position related to the assistant’s degree program at a Texas public institution of higher education.

3. The student or student’s spouse or parent is employed at least half-time on a regular monthly salaried basis as a teacher or professor at a Texas public institution of higher education.

4. The student holds an approved competitive scholarship from Texas State of at least $1000 for the academic year or summer awarded by an official Texas State scholarship committee.

5. The student or student’s spouse or parent has located in Texas as an employee of a business or organization that became established in this state as part of the state economic development and diversification program. (Refer to www.collegefortexans.com/Residency for a list of qualified employers.)

6. The student is a New Mexico resident who resides in a county bordering Texas.

7. The student is a Louisiana resident who resides in a parish bordering Texas.

8. The student is a resident of Mexico who has demonstrated a financial need.

### ALBERT B. ALKEK LIBRARY

Alkek Library
www.library.txstate.edu
T: 512.245.2686 F: 512.245.0392

The Alkek Library contains more than 1.5 million print materials, including books, documents, theses/dissertations, and other resources. The library provides access to 540,000 ebooks, 500+ databases, more than 80,000 audiovisual materials, and more than 700,000 microform materials.

Special holdings of the Library include the Wittliff Collections, (comprised of the Southwestern Writers Collection and the Southwestern and Mexican Photography Collection), the University Archives, and the K-12 textbook collection. The Library is also a selective depository for federal government documents. As a member of the Texas Digital Library, the Library’s Digital Collections (http://digital.library.txstate.edu/) provides access to unique Texas State collections, including scholarships authored by university faculty, students, and staff and selected materials from The Wittliff Collections and the University Archives.

The online catalog (http://catalog.library.txstate.edu) provides information on the Library’s holdings. Wireless access to the university network is available within the Library. Laptop computers may be checked-out for building use. A computer lab provides workstations, laser printers, scanners, video-editing equipment, and adaptive equipment for disabled individuals.

The Library maintains cooperative borrowing agreements with other libraries in the region. Through TexShare, a statewide resource sharing program, students and faculty may borrow materials held by most public and private university libraries in the state. Materials may be transferred, by request, to the Texas State University Library in Round Rock.

### CAREER SERVICES

LBJ Student Center, 5th Floor
www.careerservices.txstate.edu
T: 512.245.2645

Exemplary career services leading Texas State students into the future.

We provide compassionate, comprehensive career assistance to the diverse Texas State family. Our services incorporate leading practices to guide students through all stages of their career development and progression from college to career.

Through Career Services, students have access to a wide array of career-related programs, resources, and career development support.

**Career Planning and Exploration**

Individual career counseling and planning assistance is available to students as they select a major and establish their career goals. Career assessments and web-based guidance programs are also available to facilitate this process. In addition, counselors can review job search materials and assist with post-graduate program applications.

**Career Advising and Job Search Strategies**

Career Advisors are available to meet one-on-one with students to discuss their job search preparation. Topics of discussion include resume and cover letter writing, interviewing techniques, and salary negotiations. Workshops focused on career development and professionalism are offered throughout the school-year to help in the transition from student to professional.

**Employment**

Resources are available to assist students find part-time, full-time, college work-study, internships and summer employment. These opportunities can be found on our online database, Jobs4Cats. Resumes, class schedules, applications and proof of employment eligibility are required.

**Job Shadowing and Internships**

Job shadowing is a short term opportunity for students to discover various career options. This experience includes spending time with professionals inside different organizations gaining firsthand knowledge about diverse career fields, and serves as a critical component of career exploration. Internship opportunities are available to refine career goals, gain practical experience, and...
expand students’ views of the world. Often, internships serve as key experiences that lead to full-time opportunities.

**Employer Connections**

Career Services provides students and alumni the opportunity to interact with numerous employers for networking and employment purposes. Bobcats have access to Jobs4Cats, Texas State’s exclusive job search database, as well as many additional online resources that can be viewed at www.careerservices.txstate.edu.

Career Services hosts approximately ten career events per semester. A few examples include an “All Majors” Spring and Fall Job and Internship Fair, STEM (Science, Technology, Engineering and Math) Job and Internship Fair, Health Professions Fair, and a Mass Communication Career Fair. These events bring hundreds of employers to campus with both internship, part-time, and full-time opportunities for students and alumni.

Additional networking is available through employer information sessions and panel presentations, annual externship days, and resumes referrals.

Career Services hosts a robust on-campus interviewing program. Each long semester, approximately 70 employers conduct 700+ interviews on campus for internship and full-time opportunities. All on-campus interviewing opportunities can be found in Jobs4Cats.

**DISABILITY SERVICES**

LBJ Student Center 5-5.1  
www.ods.txstate.edu  
T: 512.245.3451  F: 512.245.3452

Texas State does not discriminate on the basis of disability in the recruitment and admission of students. Students with disabilities must meet the same admission requirements as other students. A student whose educational and/or personal goals for success have been negatively impacted due to disability-based reasons may wish to address this in the supplemental essay portion of the admission application. This information may be considered by the Undergraduate Admissions Office during the application review process.

The Office of Disability Services (ODS) at Texas State assists students with disabilities to independently achieve their educational goals and enhance their leadership development by providing reasonable and appropriate accommodations. The ODS facilitates access to university programs, services and activities in the most integrated setting appropriate. In order to qualify for services, a student must provide the ODS with verification of disability. Students with learning disabilities must provide an evaluation, which has been completed within the last five years. To ensure a timely review of documentation and provision of support services, students are requested to provide verification of disability at least thirty days prior to attendance at Texas State. Students needing sign language or captioning (speech to text) services for admissions counseling, academic advising and orientation services should contact ODS one week prior to the event to ensure interpreter availability.

Students with disabilities may be entitled to financial assistance from the Department of Assistive and Rehabilitative Services.

Texas State has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination on the basis of disability. This grievance procedure is described in UPPS No. 04.04.46, Prohibition of Discrimination or Harassment Based on Race, Color, National Origin, Age, Sex, Religion, Disability or Sexual Orientation. A copy is available in the university library, the Office of Disability Services and most other university offices. Students who have concerns or complaints should contact the Director of Disability Services at 512.245.3451 or the university ADA Coordinator at 512.245.2278.

**FINANCIAL AID AND SCHOLARSHIPS**

JCK Building 240  
www.financialaid.txstate.edu  
Email: financialaid@txstate.edu  
T: 512.245.2315

Texas State makes every effort to help students who need assistance in paying for the cost of their education. Various financial aid programs are available. Interested students should contact Financial Aid and Scholarships or visit the office’s website to view the types of assistance that are available.

**Federal and State Aid Programs**

Texas State participates in both federal and state financial aid programs. Financial Aid and Scholarships offers grants, work study, student and parent loans, scholarships and other types of aid. Students with sufficient financial need can benefit from such grants as the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, TEACH Grant, Iraq-Afghanistan Service Grant, TEXAS Grant, Texas State Tuition Grant and Texas Public Educational Grant.

**Applying for Financial Aid**

To apply for financial aid, a student must complete and submit the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov and include the Texas State University school code – 003615.

**Deadlines**

- March 15 is the priority date for filing a FAFSA for the upcoming academic year (fall and spring). If the deadline is missed, a student may still apply and receive some forms of assistance such as the Pell Grant and student loans.
- March 1 is the priority deadline for filing the separate summer financial aid application prior to the upcoming summer
For scholarships deadline information, visit www.financialaid.txstate.edu/scholarships.

Satisfactory Academic Progress Requirements
Federal regulations require students to meet certain minimum academic standards in order to remain eligible for financial assistance. The requirements are that a student: 1) maintain a minimum cumulative Texas State GPA; 2) complete at least 67% of all coursework; and 3) not exceed a maximum limit of attempted hours toward their degree or certificate program.

Additional program-specific requirements also exist. View these SAP criteria in more detail at www.financialaid.txstate.edu by selecting Undergraduate Aid from the dropdown menu and then Maintain My Eligibility.

Alternative Loan Resources
For information on alternative loans, visit www.financialaid.txstate.edu, select Undergraduate Aid from the dropdown menu and then Types of Aid.

Official Withdrawals and Financial Aid
If a student withdraws or is expelled from the university on or prior to the 60-percent point of the semester, the student is required to repay any unearned portion of their federal Title IV aid. For more details, visit www.financialaid.txstate.edu, select Undergraduate Aid from the dropdown menu and then Withdrawing, Non-Passing Grades and Attendance.

Unofficial Withdrawals and Financial Aid
If the student fails to earn a passing grade in at least one of their courses (i.e., all U’s, all I’s or a combination of all U’s, W’s or I’s) during a semester, the student is considered to have, for purposes of federal Title IV funds, unofficially withdrawn from the university. As a result, a federal withdrawal calculation must be performed to determine the amount of Title IV funds the student must repay. For more details, visit www.financialaid.txstate.edu, select Undergraduate Aid from the dropdown menu and then Withdrawing, Non-Passing Grades and Attendance.

Non-Attendance and Financial Aid
If the student is a Pell Grant, Iraq-Afghanistan Service Grant (IASG) or TEACH Grant recipient, federal regulations require the student to have begun attending the courses for which the student is enrolled and receiving these grants. If on the census date roster (e.g., 12th day of each fall and spring semester) the student is reflected as not attending a course, the student is assumed (for financial aid purposes) not to have begun attendance for that course. The student’s grant will then be adjusted or cancelled based on the courses the student has actually begun attending. For more details, visit www.finaid.txstate.edu, select Undergraduate Aid from the dropdown menu and then Withdrawing, Non-Passing Grades and Attendance.

To Withdraw
The student must complete the form entitled “Texas State Official Withdrawal Request” from the Registrar’s Office. Financial aid recipients should speak with a Financial Aid and Scholarships representative before the withdrawal is processed. The withdrawal date is defined as the date on which a student first indicates his or her intent to withdraw.

HOUSING AND RESIDENTIAL LIFE

DHRL Office Building
515 N. Comanche Street
www.reslife.txstate.edu
T: 512.245.HOME (4663) F: 512.245.7619

University Housing Policy
New freshmen under the age of 20 (by September 1 for fall admission or January 1 for spring admission) with fewer than 30 credit hours are required to live in on-campus university housing. All students who graduated from high school within the preceding 12 months of the semester of their admission are also required to live on campus.

Living On-Campus
Ask someone about their college experience, and they’re likely to relate stories of the most exciting, intense and memorable times of their life. These memories will almost always relate to their experience in a residence hall. The on-campus living experience is where lifetime friendships are formed, ideas and ideals are exchanged, and a whole world of opportunity and potential is spread before those willing to explore, study and get involved.

It is the mission of the Department of Housing and Residential Life to provide you with welcoming living communities that foster academic success, campus engagement, and personal development. Research on-campus and nationally has shown that, when compared to those living elsewhere, students living in the residence halls are more fully involved in academic and extracurricular activities and tend to earn a higher GPA.

Texas State provides a variety of settings for these experiences, offering living options for over 6,800 students in 24 residence halls and apartments.

Dining On-Campus
No matter what you like to eat, when you want to eat, or whom you want to be with, our dining plans have your needs in mind. The university offers four different dining plans so you can pick the one that best fits your schedule, eating preferences, and pocketbook. Students who reside in university residence halls are required to select one of the three residential dining plans.

Applying to Live On Campus
Contracts for on-campus housing are accepted only after you have been admitted to Texas State
Cancellation Deadlines
Contracts for on-campus living are for the entire academic year. Once your contract has been signed and returned there are very limited reasons for cancellation. If you are not planning to attend the university, cancellation deadlines must be met for a deposit to be refunded. Please see our contract terms and conditions for specific cancellation details.

VETERAN’S AFFAIRS
J C Kellam 111
www.va.txstate.edu
Email: veteransaffairs@txstate.edu
T: 512.245.2641 F: 512.245.3271

Students attending Texas State while receiving educational assistance under one of the public laws for veterans and/or their dependents must contact the Texas State Office of Veterans Affairs to complete the required forms. Information and forms are also available on our website www.va.txstate.edu.

New and transfer students applying for educational benefits under the U.S. Department of Veterans Affairs for the first time must provide the Office of Veterans Affairs with a Certificate of Eligibility for the respective benefit, a photocopy of the DD214 Member 4 form, “Certificate of Release or Discharge from Active Duty,” and a Change of Place of Training VA Form 22-1995 for transfer students. Reserve and National Guard members applying for Chapter 1606 benefits must provide DD 2384 form: “Notice of Basic Eligibility.” Active duty military and dependents are exempt from the above DD-214 requirement. All students must provide a copy of their Degree Audit Report (DAR) for their major and must follow the degree requirements in order to receive the maximum payout of their benefit. It is your responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Benefit payments are made at the end of each month. Any student enrolling under any of the provisions for VA educational benefits should bring sufficient funds to defray the initial cost of tuition, fees, and living expenses for approximately three (3) months.

As a graduate student receiving veteran benefits, you must file with the Office of Veterans Affairs an official master’s degree outline, a certification deficiency plan, or other similar documentation showing the requirements needed to accomplish your objective. It is your responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Dependents of Texas veterans and veterans who have exhausted VA educational benefits, should check with the Office of Veterans Affairs for information about the Hazlewood Exemption. Note: dependents students who are eligible for Hazlewood are subject to federal satisfactory academic progress (SAP) policies. For more information, go to http://www.va.txstate.edu/Hazlewood/Academic-Progress.html. Applications and information sheets for the Hazlewood Exemption may be obtained at the Office of Veterans Affairs or at www.va.txstate.edu.

TUITION AND FEES
Information regarding tuition and fees per semester credit hour for a specific semester may be obtained at www.sbs.txstate.edu/students/information.html.

The University reserves the right to change fees in keeping with the acts of the Texas Legislature and the Board of Regents of The Texas State University System. The payment of all fees entitles the student to admission to classes; admission to auditorium and athletic attractions; subscription to The University Star; use of the Student Center and Recreational Sports Center, health services, and Sewell Park facilities; and group use of the Wimberley Camp. These fees also help provide funds for the Associated Students, band, choir, dramatics, debate and other student activities.

Tuition
Tuition for Excessive Undergraduate Hours. Texas Education Code §54.014 specifies that resident undergraduate students may be subject to a higher tuition rate for attempting excessive hours at any public institution of higher education while classified as a resident student for tuition purposes. Texas State students attempting hours in excess of their degree program requirements will be charged at the non-resident tuition rate for those hours, and those students are categorized as follows:

1. Students initially enrolled during or after the fall 2006 semester will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 30 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.

2. Students initially enrolled during the fall 1999 through summer 2006 semesters will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 45 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.

Attempted courses include those courses attempted at Texas State or any Texas public institution of higher education. The following types of credit hours will count toward the excessive hour limit if they are normally eligible for formula funding:

- major courses;
- dual degree;
- minor courses;
- certificate courses;
- teaching certification courses;
- hours in distance and off-campus courses;
- bankruptcy hours;
- repeated courses; and
- courses dropped after the official census date.

The following types of credit hours are exempt and will not count toward the limit:

- hours earned by the undergraduate before receiving a bachelor’s degree that has been previously awarded;
- hours earned through examination or similar method
without registering for a course;
• hours from developmental courses or interventions, work
force education courses, or other courses that would not
generate academic credit that could be applied to a degree at
Texas State if the course work is within the 27-hour limit at
two-year colleges and the 18-hour limit at general academic
institutions;
• hours earned by the undergraduate at a private institution or
an out-of-state institution;
• hours not eligible for formula funding;
• hours earned by the undergraduate before graduating from
high school and used to satisfy high school graduation
requirements; and
• hours earned by the undergraduate ten or more years before
beginning a new degree program under Academic Fresh
Start as described in Texas Education Code §51.931 and
Texas Education Code §61.0595(c).

Appeals due to economic hardship are permitted under defined
institutional policy. Texas State has determined that students
who are eligible for financial aid under the Federal Pell Grant
(Pell) program will be exempted from the non-resident tuition if,
at the time of registration, their Pell eligibility is documented in
the financial aid system at Texas State. Students who become Pell
eligible, during the semester in which they are charged the non-
resident tuition, may submit eligibility documents to the Student
Business Services office no later than the official last class day of the
semester in which the appeal is being requested.

Tuition Rebate Program. Under Texas Education Code §54.0065,
qualified students will receive up to a $1,000 tuition rebate upon
graduation from Texas State. To be eligible for this rebate, a student
must meet all of the following conditions:

1. The first enrollment in any institution of higher education
must be in the fall 1997 semester or later.
2. The student must have received his/her baccalaureate degree
from a Texas public university.
3. The student must be a resident of Texas and entitled to pay
resident tuition at all times while pursuing the degree.
4. If enrolled for the first time in fall 2005 or later, the student
must graduate within four calendar years from the
first semester enrolled for a four-year degree or within five
calendar years for a five-year degree. Note that the four–or
five-year time limit prescribed begins on the first day of the
month for enrollment in the semesters described as follows:
September for a fall semester, January for a spring semester,
and June for summer. For example, a student enrolling
for the first time in fall 2006 for a four-year degree must
complete that degree no later than September 1, 2010 to
be eligible for the rebate.
5. The student must attempt no more than three hours in
excess of the minimum number of semester credit hours
required to complete the degree under the catalog under
which he/she graduates. Hours attempted include transfer
credits, course credit earned exclusively by examination in
excess of nine semester credit hours, courses that are
dropped after the official census date (twelfth class day fall
and spring semesters, fourth class day summer sessions),
for-credit developmental courses, optional internship and
cooperative education courses, and repeated courses. For
students concurrently earning a baccalaureate degree and a
Texas teaching certificate, required teacher education cours-
es shall not be counted to the extent that they are over and
above the free electives allowed in the baccalaureate degree
program. Courses dropped for reasons that are determined
by the institution to be totally beyond the control of the
student shall not be counted.

This tuition rebate program is designed to provide a financial
incentive for students to complete their baccalaureate studies
with as few extraneous courses as possible. To earn the rebate, it
is particularly important to follow the advice and counsel of the
academic advisors. Students must apply for the Tuition Rebate
Program no sooner than the first day of class of the semester in
which the student plans to graduate and not later than the busi-
ness day immediately preceding graduation. Students must consult
with their academic advisor to assure they meet all requirements to
qualify for this program. Rebates will first be applied to outstand-
ing obligations owed to Texas State prior to funds being issued to
the student.

Appeals due to hardship are permitted under defined institutional
policy. Effective for students who enroll for the first time in fall
2005 or later, an otherwise eligible student may be eligible for a
rebate without satisfying the above requirements, if the student is
awarded a baccalaureate degree and the college dean certifying
the degree has determined, with the completion of a Tuition Rebate
Hardship Justification form, that the student has demonstrated a
hardship under any of the following conditions:

a. a severe illness or other debilitating condition that may
affect the student’s academic performance;
b. an indication that the student is responsible for the care of
a sick, injured, or needy person and that the student’s provi-
sion of care may affect his or her academic performance; or
c. performance of active duty military service.

**Special Fees and Charges**

| Athletic Training Fee (to sophomores who have earned competitive admission to the undergraduat
ate athletic training education program)           | $100.00 |
| Auditing Fee                                         | same as if course were taken for credit |
| Certificate Fee (payable when applying for teacher certification) | $77.00 |
| Texas Standard Certificate                           | $77.00  |
| Deficiency Plan Fees (for students seeking teacher certification) | $75.00 |
| First Plan                                           | $75.00  |
| Additional Plans (each)                              | $25.00  |
| Delinquent Installment Fee (for installments not paid by due dates) | $25.00 |
| Electronic Course Fee (per semester credit hour)     | $50.00  |
Some fees are waived for students taking classes exclusively in Round Rock.

Campus Parking/Vehicle Registration Fee
Every student, faculty, and staff person who operates or parks a vehicle on campus must:

1. register the vehicle at Parking Services
2. purchase a permit
3. properly display the permit anytime the vehicle is parked on campus
4. become familiar with and abide by the traffic and parking rules. The rules are enforced at all times throughout the year. The purchase of a permit and registration of the vehicle does not guarantee a parking space.

Fees for vehicle registration will be published each year in the Schedule of Classes and in the official rules and regulations. You may register your vehicle on-line at www.parking.txstate.edu.

Additional information concerning the purchase and issuance of parking permits may be obtained by contacting Parking Services at 512.245.2887.

Course Repeat Fee
The Texas Legislature (TEC 54.014) eliminated funding to higher education for courses that are attempted three or more times. An attempted course is defined as any course in which a grade is earned on the transcript, including repeated courses and courses dropped with a grade of “W”.

In order to compensate for this loss of state funding, students attempting a course for the third or more time may be charged a fee in addition to the tuition charged for the course. This fee will be assessed for courses attempted at Texas State as of the fall semester of 2002 or later. This assessment does not include courses attempted at other colleges or universities.

Certain courses are exempt from this fee because they are designed to be repeated for additional credit, such as thesis, dissertation, and independent study courses; various music, physical education, physical fitness and wellness, studio art, and theatre courses; developmental education courses; and topics courses.

Appeals for the Course Repeat Fee charge due to economic hardship are permitted under defined institutional policy. Texas State has determined that students who are eligible for financial aid under the Federal Pell Grant (Pell) program will be exempted from the nonresident tuition if, at the time of registration, their Pell eligibility is documented in the financial aid system at Texas State. Students who become Pell eligible, during the semester in which they are charged the course repeat fee, may submit eligibility documents to Student Business Services Office no later than the official last class day of the semester in which the appeal is being requested. A student shall be exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester. The exemption does not affect an institution’s ability to charge a higher rate for courses that cannot be reported for funding for other reasons such as the excess credit hour limit, or an institution’s ability to waive higher tuition rates for economic hardship.

International Student Health Insurance Fee
All nonimmigrant international students enrolling at Texas State are required to carry health insurance. The fee for the Texas State International Student Health Insurance Plan is automatically added to the fee bill at the time of registration. International students who wish to have this fee waived must present proof of comparable insurance (including major medical, evacuation and repatriation) to the Student Health Center for approval prior to each registration. Appointments are required for waivers and may be obtained by calling 512.245.2161.

International Student Operations Fee
All international students with an immigration status of “F1” or “J1” will be charged $60.00 per semester for the maintenance of records, compliance with government regulations, and other services.

Laboratory Fees
The amount of lab fees varies on a per course basis.

Testing Fees
Texas State students, enrolled in a distance education course, who wish to take a course exam through the Testing, Research-Support, and Evaluation Center (TREC) or the Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged $20.00 per test. This fee applies only to students who wish to take a course exam through these offices rather than take the exam at the times offered as part of the distance education course.

Non-Texas State students, enrolled in a distance education course at another college or university, who wish to take a course exam at the Testing, Research-Support, and Evaluation Center or the
Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged $40.00 per test.

Room and Board Rates
Information regarding room and board rates for a specific semester may be obtained at www.reslife.txstate.edu. Room and board is billed on a semester basis and may be paid in full at registration or in installments. All residence halls will be closed between semesters; however, Texas State may choose to keep some of the halls open during the break for an additional room charge.

Refund of Room and Board Fees
Any student who withdraws officially from Texas State may receive a refund on the unused portion of the room and board payment. Room and board charges will continue until the student has officially moved from university housing and has received written clearance from the director of Housing and Residential Life. Any refund due will be applied to any unpaid financial obligation with Texas State. If the refund exceeds any unpaid balance, a refund will be processed within 30 days to the permanent address on file in the Registrar's Office or deposited to the students' bank account if they have signed up for direct deposit.

Student's Financial Obligations
Students are expected to meet financial obligations to the university in accordance with specified deadlines and due dates. Registration fees are payable before classes begin. Students are not entitled to enter class, or laboratory, until their fees and deposits have been paid. Failure to pay the amount owed in the allotted time, or payments made with checks that are returned to Texas State unpaid by the bank, may result in any or all of the following: (1) dismissal from Texas State, (2) withholding of future registration privileges, (3) withholding the issuance of grades or of an official certified transcript, (4) withholding the conferring of a degree, (5) bar against re-admission for the student, (6) warrant hold with the State of Texas (7) referral of debt to a collection agency.

Once a student registers, he or she is responsible for the total fees assessed regardless of whether the installment option is used. Refund percentages are applied to total fees assessed and not the amount paid. Students who withdraw before paying all charges may, in the event of withdrawal, receive a bill with a balance due rather than a refund. Delinquent accounts may be referred to a collection agency and the student is responsible for all attorney and collection fees.

Returned Checks
If a check or e-checks are returned unpaid for any reason other than the admitted error of the bank, the student must pay in cash, cashiers check, money order, or credit card (American Express, Discover, Diner's Club, MasterCard, VISA) immediately and a $30 service fee is assessed for each returned check. A late fee may also be assessed. If a registration check is returned unpaid, the student must make payment (check amount plus a $30 service fee) within ten working days. If the student does not pay in full within that time period, Texas State reserves the right to initiate withdrawal procedures. You will not be officially withdrawn by the Student Business Services Office unless you are notified in writing. It is the student's responsibility to initiate a formal withdrawal from Texas State at the Registrar’s Office.

Stopping payment on a check for fees or allowing the check to be returned unpaid by the bank for any reason does not constitute official withdrawal. Failure to follow procedures for withdrawing from Texas State may result in financial penalties and delays with future enrollment in Texas State.

If a student has an outstanding returned check, he/she will be on a "cash-only" basis until the obligation is cleared. Cash Only status is a denial of check cashing privileges on campus. If a student has three or more returned checks within a 365-day period (i.e., one calendar year), Texas State reserves the right to place the student on a "cash-only" basis.

Installment Policy
Tuition, fees, and room and board may be paid through the following alternatives:
1. Full payment is due prior to the beginning of the semester.
2. Students may enroll in a payment plan. You can view by going to: http://www.sbs.txstate.edu/.

Installment Payments
Students are responsible for making their installment payments by the due date. For questions about due dates and amounts due, contact the Student Business Services Office at 512.245.2544. Students can check their balance and make payments on the web at http://www.sbs.txstate.edu/.

Late Payment Fees
A delinquent charge of $25 will be assessed the first day after the installment due date. Under Texas Education Code §54.007, a student who fails to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes until full payment is made. A student who fails to make full payment prior to the end of the semester or term may be denied credit for the work done that semester or term. See the Student Financial Obligation section for more details.

Refunds
Refunds from the add/drop process will be credited to unpaid financial obligations. Additional fees incurred from the add/drop process will be billed to the student's account.

Room and board refunds will be applied to any remaining financial obligation owed to Texas State. The additional charge for moving from one dorm to another or moving into a private room will be added to the balance due.

Refunds in the Event of Death. In the event a student dies and a refund of tuition, fees, room and board, deposits, or other monies is due the estate of the deceased student, the university will, as soon as practicable after the death of the student, pay all refunds to the estate of the deceased student.

Drops
Dropping a class – Removing one or more classes from your schedule, while remaining enrolled in at least one course. If you are
registered in only one class and wish to drop it, you must withdraw. Refund of applicable tuition and required fees will be made for classes dropped during the first twelve class days in the long semester or first four class days in summer terms, provided you remain enrolled at Texas State until the end of the semester. No refund is made for classes dropped after the twelfth/fourth class day.

Any refund will be applied to remaining unpaid obligations. If you have paid in full, a refund will be processed within 30 days and will be deposited to your bank (sign-up via our secure web site: sbs.txstate.edu/students.fa.efi.html) or mailed to your address on file. Check your mailing address at registrar.txstate.edu/our-services/address-change.html.

Reducing semester credit hours to zero is considered a withdrawal, and withdrawal refund policies apply. For further information on Special Course Offerings, call the Refund Clerk in the Student Business Services Office.

Withdrawals
Any student who has paid registration fees and officially withdraws by submitting a withdrawal request to the Office of the University Registrar, J.C. Kellam, #111, is entitled to a refund of tuition and fees if the following condition is met: The amount actually paid, either in full or installment, must be greater than the percentage of total semester’s charges OWED Texas State at the time of withdrawal. The amount of the refund is calculated as follows: (Total amount of tuition and fees minus non-refundable fees) times (refund percentage) minus (outstanding balance of charges, if any) equals Refund. Once a student registers, he or she is responsible for the total fees assessed regardless of whether the installment option is used. Refund percentages are applied to total fees assessed and not the amount paid. Students who withdraw before paying all installments may, in the event of withdrawal, receive a bill with a balance due rather than a refund. Withdrawing is ONLY for the current semester and does not affect any future semesters in which the student is enrolled. For example, if the student withdraws from all classes in Summer, this does not affect the student’s Fall schedule.

ACADEMIC POLICIES

This section of the catalog contains information about Texas State’s general academic policies. All Texas State students should review this information carefully when they enter the University.

Honor Code
As members of a community dedicated to learning, inquiry, and creation, the students, faculty, and administration of our University live by the principles in this Honor Code. These principles require all members of this community to be conscientious, respectful, and honest.

WE ARE CONSCIENTIOUS
We complete our work on time and make every effort to do it right. We come to class and meetings prepared and are willing demonstrate it. We hold ourselves to doing what is required, embrace rigor, and shun mediocrity, special requests, and excuses.

WE ARE RESPECTFUL
We act civilly toward one another and we cooperate with each other. We will strive to create an environment in which people respect and listen to one another, speaking when appropriate, and permitting other people to participate and express their views.

WE ARE HONEST
We do our own work and are honest with one another in all matters. We understand how various acts of dishonesty, like plagiarizing, falsifying data, and giving or receiving assistance to which one is not entitled, conflict as much with academic achievement as with the values of honesty and integrity.

THE PLEDGE FOR STUDENTS
Students at our University recognize that, to ensure honest conduct, more is needed than an expectation of academic honesty, and we therefore adopt the practice of affixing the following pledge of honesty to the work we submit for evaluation: “I pledge to uphold the principles of honesty and responsibility at our University.”

THE PLEDGE FOR FACULTY AND ADMINISTRATION
Faculty at our University recognize that the students have rights when accused of academic dishonesty and will inform the accused of their rights of appeal laid out in the student handbook and the Honor Code Website and inform them of the process that will take place: “I recognize students’ rights and pledge to uphold the principles of honesty and responsibility at our University.”

ADDRESSING ACTS OF DISHONESTY
Students accused of dishonest conduct may have their cases heard by the faculty member. The student may also appeal the faculty member’s decision to the Honor Code Council. Information about the Honor Code Council and its policies and procedures may be found at www.txstate.edu/honorcodecouncil.

REGISTRATION
Registration Instructions. Registration Instructions contain CatsWeb registration instructions, dates, fee schedules, instructions on dropping a class or withdrawing, refund schedules, and other information that will be needed throughout the semester. This information, along with the most current class offerings, is available at www.registrar.txstate.edu/registration.html.

Academic Advising. Texas State encourages all students to seek academic advising before each registration and at other times when academic questions arise. In some departments, schools, or colleges and for some students, this advising may be mandatory. Students who are undecided about their major are advised through the University College, others through their major department or school and/or in the appropriate college advising center. Advisors help students understand academic requirements and plan schedules to meet those requirements as well as address the choice of majors and career preparation issues.
Correct Data. All students are responsible for making certain Texas State has correct demographic data. Changes in name, local and/or permanent address, telephone number, marital status, etc. should be reported immediately to the Office of the University Registrar. Texas State is not responsible for loss of correspondence credits due to unreported name changes. Address changes can be submitted at http://www.registrar.txstate.edu/our-services.html.

Family Educational Rights and Privacy Act of 1974 (FERPA). FERPA protects the privacy of educational records, establishes the right of students to inspect and review their educational records, and provides guidelines for the correction of inaccurate or misleading data. Students also have the right to file complaints with the FERPA Office concerning alleged failures by Texas State to comply with the Act. University policy explains in detail the procedures to be used in complying with the act. The policy is available at http://www.registrar.txstate.edu/persistent-links/ferpa. The Dean of Students and the Registrar both presume that each student is independent of his or her parents when dealing with the student’s educational records. Procedures for establishing dependency status are available in both offices.

Undergraduate Student Classification. Classification is based on cumulative hours passed, not counting hours currently enrolled.

- Freshman 0-29 hours
- Sophomore 30-59 hours
- Junior 60-89 hours
- Senior 90+ hours

Course Numbers. Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1–freshman, 2–sophomore, 3–junior, 4–senior, 5– and 6–post–baccalaureate and/or master’s, 7–doctoral. The second digit indicates the number of semester credit hours the course carries. The last two digits usually indicate the location of the course in the department/school’s curriculum. A letter (A, B, C, etc.) attached to a course number usually indicates a topics course. The numbers in parentheses following a course title indicate the clock hours per week spent in lecture and in laboratory, respectively. A course preceded by (WI) is writing intensive.

Texas Legislative Requirements

Texas Success Initiative Program (TSIP). The main component of this program is an initial assessment that measures skills in mathematics, reading, and writing. All students, except those who are TSI-Exempt, should take an initial assessment test before their first semester in college at a Texas public institution of higher education. Students with disabilities who need reasonable accommodations should contact the Office of Disability Services.

The State of Texas has one approved assessment instrument, the TSI Assessment. This assessment instrument is administered at the Texas State University as well as all two- and four-year public institutions across the state year-round. Prior to taking the TSI Assessment, all examinees must complete a Pre-Assessment Activity (PAA) to understand the importance and process of the assessment, developmental options, and institutional resources.

Approved Assessment Instruments and Cut-Scores

- TSI Assessment
- College Ready Cut-Scores

TSI Exemptions. Some students are exempt or partially exempt from assessment. A student will be identified as TSI-Exempt or partially exempt when Texas State has received official proof that he or she satisfies any one of the following:

- Earned an Associate or Bachelor’s degree from an institution of higher education whose accreditation is recognized by SACS (Southern Association of Colleges and Schools);
- Earned a composite score of at least 23 and at least 19 on the Mathematics and/or English components of an ACT TEST which is no more than five years old;
- Earned a Verbal plus Mathematics total of at least 1070 on a SAT test that is less than five years old, with a minimum score of 500 on the Verbal and/or a minimum of 500 on the Math;
- Performed on the Eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) test that is no more than five years old with a minimum scale score of 2200 on the English Language Arts section with a writing composition score of at least 3 and/or a minimum scale score of 2200 on the Mathematics section;
- STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment required under this title for both reading and writing, and a minimum score of Level 4 on the Algebra II EOC shall be exempt from the TSI Assessment required under this title for the mathematics section.
- Enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent);
- Previously attended any institution and has been determined to have met readiness standards by that institution;
- Serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment;
- Was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States on or after August 1, 1990.
- An institution may exempt a non-degree seeking or non-certificate seeking student.
- ESOL Waiver—An institution may grant a temporary waiver from the assessment required under this title for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions.

The Undergraduate Admissions Office should receive your transcript and ACT, SAT, or TAKS scores. The Office of Disability Services should receive the necessary documentation that the
student is deaf or blind. The Success Initiative Program Office may also receive TAKS scores.

Remediation. If the student fails one or more parts of the initial assessment test, he or she will be required to participate in an individualized developmental education program that will prepare the student for freshman-level coursework in the area of deficiency. The program may require re-testing, enrollment in developmental courses, and/or participation in lab-based remediation. There are several ways to meet the requirements of the Success Initiative. The student and a Success Initiative Program representative will jointly determine successful completion of the program.

Out-of-state/Private school Transfers. A student who is transferring coursework from a private or out-of-state school may not need to take an assessment test. This rule has many restrictions, and students should check with the Success Initiative Program Office before assuming this applies to them. The following statements apply to exact transfer courses and not to ELNA courses. They also must have been taken at private or out-of-state schools. A student who transfers a grade of “A”, “B”, or “C” in Mathematics 1315, 1316, or 1319 will be regarded as having passed the Mathematics part of the assessment test. A student who transfers a grade of “A”, “B”, or “C” in English 1310 or 1320 will be regarded as having passed the writing part of the assessment test. A student who transfers a grade of “A”, “B”, or “C” in any one of the following will be regarded as having passed the reading part of the assessment test: History 1310, 1320; Political Science 2310, 2320; Psychology 1300; English 2310, 2320, 2330, 2340, 2359, and/or 2360. If a student has passed some part of the assessment test satisfactorily, he or she should take the remaining parts of the test prior to attempting to register for classes at Texas State.

Incoming students who have taken an assessment test but have not submitted their scores to Texas State, should contact the Success Initiative Program Office for additional information: www.txstate.edu/tsip.

Requirements in History and Government. Pursuant to Texas Education Code §51.302, every student graduating from a state-supported college or university must complete six semester hours of American history and six semester hours of American government. Both of these requirements are included in Texas State’s general education core curriculum. According to current law, up to three semester hours of credit in an upper-level ROTC course may be applied to the core curriculum history requirement (HIST 1310 or 1320) and up to three hours to the core curriculum government requirement (POSI 2320 only).

Field of Study. Field of Study means a set of courses that will satisfy the lower division requirements for a bachelor’s degree in a specific academic area. Field of study curricula were mandated in Senate Bill 148 (75th Texas Legislature) and are intended, along with general education core curricula, to facilitate the free transferability of lower-division academic course credit among public colleges and universities throughout Texas. As found in Texas Education Code Chapter 61, Subchapter S, Section 61.821-61.829, field of study curricula are developed in accordance with the policies and procedures of the Texas Higher Education Coordinating Board, along with the assistance of advisory committees composed of representatives of institutions of higher education. To date, field of study curricula have been developed in the following academic areas: Business, Computer Science, Communications, Criminal Justice, Early Childhood Education, Engineering, Engineering Technology, Grades 4-8 Teacher Certification, and Music.

Each field of study will include the lower division courses that are required before a student may enroll in upper-division courses within the degree program, and may also offer guidelines and suggestions for appropriate general education core curriculum or elective courses in addition to the courses that actually compose the field of study curriculum itself. If a student successfully completes a field of study curriculum that block of courses may be transferred to a general academic teaching institution and must be substituted for that institution’s lower division requirements for the degree program for the field of study into which the student transfers, and the student shall receive full academic credit toward the degree program for the block of courses transferred. A student who transfers from one institution of higher education to another without completing the field of study curriculum of the sending institution shall receive academic credit from the receiving institution for each of the courses that the student has successfully completed in the field of study curriculum of the sending institution. Following receipt of the credit for these courses, the student may be required to satisfy further course requirements in the field of study curriculum of the receiving institution. A student concurrently enrolled at more than one institution shall follow the field of study curriculum of the institution in which the student is classified as a degree-seeking student. More information about field of study is available online at: www.thecb.state.tx.us/ctc/ip/core11_00/index.htm.

Degree Plan. Upon enrollment, all degree-seeking students are provided with a degree plan through DegreeWorks. Based upon the student’s major, this online system displays the courses required for graduation, tracks the individual student’s progress and maintains an up-to-date list of their remaining course work. Students and advisors utilize this tool to facilitate proper class scheduling and to monitor progress toward the degree. (Texas Education Code, Chapter 51, Section 51.9685)

Academic Regulations
Catalog Designation. The catalog designation a student receives when entering Texas State determines the curriculum and other academic policies that apply to the student. Catalog designations are made according to the following guidelines:

1. Students with no prior college work are assigned to the current catalog.
2. Students with prior college work:
   a. Students with prior college work from out-of-state or private institutions are assigned to the current catalog.
   b. Students with prior college work during the last six years, solely from Texas public institutions of higher education, are assigned to the Texas State catalog which was in effect at the time of the student’s initial college enrollment.
3. Former Texas State students (those who leave for 12 or more
The following regulations govern the number of credit hours an undergraduate student may carry during a given term:

1. Fall or Spring Semesters: Students enrolled in 12 or more credit hours are considered full-time students. Students in good academic standing may register for up to 18 credit hours each semester. Graduating seniors or other students with a Texas State GPA of 3.50 or higher may register for 19 or more credit hours with approval from their academic dean.

2. Summer Term: Students enrolled in 12 or more hours combined over the Summer term are considered full-time students. Students in good academic standing may register for up to 10 credit hours in each of the parts of Summer term.

Only in exceptional circumstances, and only with the approval of the college dean, will students be allowed to exceed the stated course load limitations. In any regular semester or summer term during which a student is enrolled at Texas State, the course load limitations apply to all work attempted, whether at Texas State or elsewhere.

Course Information. Information on Texas State’s undergraduate classroom courses, including lecture and seminar courses, may be found at the following web site: http://hb2504.txstate.edu. Contents include course syllabi, curriculum vita for the instructor of record, departmental budget reports, end-of-course evaluations of faculty and current work-study job openings.

Course Load. The following regulations govern the number of credit hours an undergraduate student may carry during a given term:

1. Fall or Spring Semesters: Students enrolled in 12 or more credit hours are considered full-time students. Students in good academic standing may register for up to 18 credit hours each semester. Graduating seniors or other students with a Texas State GPA of 3.50 or higher may register for 19 or more credit hours with approval from their academic dean.

2. Summer Term: Students enrolled in 12 or more hours combined over the Summer term are considered full-time students. Students in good academic standing may register for up to 10 credit hours in each of the parts of Summer term.

Only in exceptional circumstances, and only with the approval of the college dean, will students be allowed to exceed the stated course load limitations. In any regular semester or summer term during which a student is enrolled at Texas State, the course load limitations apply to all work attempted, whether at Texas State or elsewhere.

Class Attendance. Texas State expects students to attend every scheduled class meeting. General requirements for class attendance are as follows:

1. Faculty are encouraged to establish mandatory attendance requirements in each course.
2. Each faculty member will inform students of the course attendance policy at the initial class meeting.
3. Students are responsible for understanding the attendance policy for each course in which they enroll and for meeting the attendance requirements.
4. Failure to meet the attendance requirements in a course may lower a grade.

Religious Holy Days. "Religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. In accordance with Texas Education Code Section 51.911, Texas State will allow a student who is absent from classes for the observance of a religious holy day to take an examination or complete an assignment scheduled for that absent day within a reasonable time after the absence if the student notifies the instructor of each class that he or she would be absent for a religious holy day. The Education Code includes excused absences for travel to and from the religious holy day observance. The student may make up class assignments or examinations without penalty within a reasonable time after the absence. Students may obtain notification forms from the Dean of Students’ Office. The student should personally deliver completed forms to the instructor for each class. The instructor will sign and date the form, thus acknowledging notification. If the student cannot personally deliver the form to an instructor, the student should mail the form to the instructor by certified mail, return receipt requested. A student who is excused under this section shall not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a reasonable time. Each instructor may establish additional procedures to accommodate the needs of students who are absent from classes to observe a religious holy day. These procedures must not conflict with the state law. Coordinating Board rules now provide for an appeal of a disagreement between the student and a faculty member over an absence related to a religious holy day. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day, or if there is a disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the President or the President’s designee. The President or the President’s designee must take into account the legislative intent of Education Code Section 51.911. The student and instructor shall abide by the decision of the President or the President’s designee. The academic dean of each college serves as the President’s designee to hear requests for decisions on these matters from either the faculty member or the student. Any questions concerning this policy should be directed to the Office of the Dean of Students.

Number of Drops – Senate Bill 1231. In 2007, the Texas Legislature enacted Senate Bill 1231 which provides that, except for specific instances of good cause, undergraduate students entering as first time freshmen at a Texas public institution of higher
education in the fall of 2007 or later will be limited to a total of six dropped courses during their undergraduate career.

Under the new law (Texas Education Code, Sec. 51.907), "an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." SB 1231 applies to courses dropped at public institutions of higher education in Texas, including community and technical colleges, health science centers that offer undergraduate programs, and universities. Some courses will not count against the six-drop limit. These include courses dropped at independent or private Texas institutions, courses dropped while the student is still enrolled in high school, developmental courses, non-funded courses or courses dropped at colleges in other states. For the purposes of this law, a "dropped course" is defined as a course that is dropped after the census date (12th class day), but before the last day to drop.

The Texas Higher Education Coordinating Board is working with the public colleges and universities to implement this law, and this may result in updates or modifications to current definitions and procedures. Any changes will be communicated to students and posted on the Registrar’s Website.

Dropping Classes/Withdrawing from the University. Dropping a class is an official action whereby students inform Texas State that they will cease attending a class in which they are enrolled while remaining enrolled in at least one other course. Withdrawing is an official action whereby a student informs Texas State that he/she will cease attending all classes.

Automatic “W” Deadline – the deadline to receive an automatic “W” grade is the first 60% of the semester.

Drop Deadline – the deadline to drop (remaining in at least one hour) a class is the first 60% of the semester. Special deadline dates will be enforced for courses offered in a different format.

After the drop deadline, students will be unable to drop individual classes and will receive the grade (A, B, C, D, F, U, or I) earned in the course. To initiate an appeal to drop a class or classes after the semester has ended the student must provide (a) a written letter of appeal and (b) documentation of extremely extenuating circumstances to the appropriate chair(s).

Withdrawal Deadline – the deadline to withdraw (go to zero hours) from Texas State is two weeks preceding final examinations during the fall and spring semesters and one week preceding final examinations during the two parts of Summer term.

If a student is withdrawing from Texas State after the automatic “W” period, faculty assign the “W” grade only to those students who have a passing average at the time the withdrawal action is officially completed. Otherwise, faculty members will assign an “U” grade.

Grade Symbols. Grades at Texas State are indicated by the following symbols: “A” - excellent; “B” - good; “C” - average; “D” - passing; “F” - failing; “U” - unearned failing (student was not academically engaged until end of term) or withdrawn failing; “N” - failure (never attended); “CR” - credit. A grade of “PR” which is temporary and non-punitive, may be assigned in selected courses where the required clock hours needed to complete requirements extend beyond the regular semester or summer session. The “I” grade may be assigned when, due to unusual circumstances beyond the student’s control, a significant portion of a course, such as a term paper or final examination, has not been completed. If a student needs to repeat a course or a significant portion of a course, a “W “ “F”, or “U” grade should be assigned according to regulations governing the assignments of such grades. A “W “ grade cannot be assigned if the student has not officially dropped the course within the semester deadlines. An “I” grade from Texas State will not count as hours completed until another grade is assigned. Twelve months after a Texas State “I” grade is assigned, it will automatically change to an “F” if the course work has not been completed. An “I” grade transferred from another institution remains as “I” on the Texas State record until an updated transcript is received from the other institution. A grade of “W “ is assigned if a student drops a course by the Automatic “W “ Drop/Withdrawal Deadline (see University Calendar in this catalog). After the Automatic “W “ Drop/Withdrawal Deadline, a “U” or “W “ will be assigned depending on whether the student is passing (“W “) or failing (“U”) the course at the time the drop/withdrawal action is officially completed.

Grade-Point Average (GPA). Texas State utilizes the four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: “A” = 4 points; “B” = 3 points; “C” = 2 points; “D” = 1 point; “F” and “U” = 0 points. Neither hours nor grades are calculated for “I”, “CR”, “PR”, or “W”. To maintain an average of “C”, grade points divided by semester hours attempted must equal at least 2.00.

The Texas State GPA for all work attempted at Texas State is used to determine whether a student is meeting minimum academic standards. Beginning in the fall of 1991, this Texas State GPA will be calculated by the procedures described in the section titled "Repeating Courses" (see below). Courses taken at other schools will not be included in the GPA at Texas State.

Transcripts. Effective fall 1991, Texas State transcripts will separate transfer course work from Texas State course work. Transfer work will be listed first and will show the number of hours transferred. Texas State course work listed chronologically will follow any transfer course work. The transcript will show Texas State hours attempted, Texas State hours passed, Texas State grade points and Texas State GPA.

Repeating Courses. Effective fall 1991, a student may repeat a course, but cannot receive credit for the course more than once unless the course description in the catalog specifically provides that the course may be repeated for credit. When a course is taken more than once from Texas State, the second grade (first repeat)
and all subsequent grades (repeats) are included in computing the Texas State hours attempted, grade points earned and GPA. W, I, PR, and RP grades are excluded. If the last grade in a repeated course is lower than an earlier grade, the last grade is used to determine whether the course fulfills university requirements. If the last time a course is taken is from another school, that course will meet degree requirements, but the last grade at Texas State counts towards the Texas State GPA. A course taken for transfer credit must be repeated as transfer credit to count as a repeat. When a course is taken more than once from a transfer institution, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Overall hours attempted, grade points earned and GPA. “W” and “I” grades are excluded.

Change of Grade. An individual course grade may be changed when the involved faculty member certifies to the Registrar that an error was made in computing the original grade. The grade change must be approved by the department chair/school director and the appropriate college dean. Students who wish to protest a grade earned in a course should first discuss the grade with the instructor. If no resolution is reached, the student may appeal the grade to the department chair/school director. If no satisfactory conclusion can be reached at this level, the student may appeal to the college dean whose decision is final. In accordance with Texas State’s records retention policies, a student appeal for a change of grade must be filed no later than 2 years after the grade is issued.

Student Indebtedness. All University property in a student’s possession must be returned and all debts to Texas State, including past due indebtedness to loan funds, must be satisfactorily adjusted before the student is eligible to receive a statement of good standing, an official transcript of credit, graduation, or re-admission to Texas State. Moreover, continued failure to adjust such debt may result in the student’s losing the privilege of attending class.

ACADEMIC PROBATION AND ACADEMIC SUSPENSION Minimum Academic Standards. Students must meet minimum academic standards in work completed at Texas State. Those who fail to do so are placed on academic probation or academic suspension, as appropriate. In determining whether a student is placed on probation or suspension, only grades earned at Texas State are considered.

Academic Probation. Academic probation is an emphatic warning that the quality of the student’s work has not met Texas State’s minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Students placed on academic probation are given two probationary semesters (fall or spring terms) to raise their Texas State GPA to 2.00. For example, if a student is placed on academic probation because the Texas State GPA has fallen to 1.85, then at the end of the two following probationary semesters the Texas State GPA must be 2.00 or higher, or the student will be placed on first academic suspension. Grades earned in developmental coursework, in which neither hours nor grades are calculated toward the GPA, will not affect a student’s academic standing.

Policies Governing First Academic Suspension. A first academic suspension will be for the first long semester following placement on academic suspension. Appeals for reinstatement, based on extenuating circumstances, may be made prior to the Monday of registration week to the dean’s college dean or designee, who will render a decision on the matter. A student suspended from one college of Texas State may not be reinstated by the dean of another undergraduate college. Deans may, at their discretion, impose conditions regarding course load limits, work load limits, counseling, etc. If the dean denies reinstatement, the student may then appeal to the Suspension Appeals Committee. If reinstatement is allowed, the suspension notation will remain on the student’s transcript. The transcript will also show ”Reinstated for ___ Enters on Academic Probation.”

Unless other special conditions are imposed by the dean or the Suspension Appeals Committee, students granted reinstatement and re-admitted on academic probation are given two probationary terms (fall or spring terms) to raise their Texas State GPA to 2.00.

In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under “Academic Probation” explained above.

At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on second academic suspension.

Students who are placed on first academic suspension from Texas State at the end of the spring semester will be reinstated by the registrar on academic probation for the following fall semester if they (1) attend the summer term at Texas State, (2) pass nine semester hours, and (3) earn a 2.00 GPA on all work attempted in summer or the student will be removed from probation if the Texas State GPA is 2.00 or greater at the end of the summer term.

Readmission Following a First Academic Suspension. At the end of the one long semester period for a first suspension, students must apply for readmission to Texas State for the subsequent semester. Students also must apply for readmission to Texas State following an absence of one long semester or more. Students who re-enter Texas State following an academic suspension do so on academic probation. For specific regulations, refer to paragraph on “Academic Probation”. If the Texas State GPA is less than 2.00 at the end of the second probationary semester, the student will be placed on second academic suspension.

Policies Governing Second Academic Suspension. Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a second time, for a period of two calendar years. If there are extenuating circumstances, students may appeal prior to the Monday of registration week to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee.
If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course load limits, work load limits, counseling, etc. If reinstatement is allowed after one long term, prior to the end of the second calendar year, students must apply for re-admission to Texas State (refer to Program D in the Admissions section). The suspension notation will remain on the student's transcript, which will also show “Reinstated for ____, Enters on Academic Probation.” In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under “Academic Probation” explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on academic suspension.

**Readmission Following a Second Academic Suspension.** At the end of the two-year period for a second academic suspension, students may apply for re-admission to Texas State (refer to Program D in the Admissions section).

**Effect of Suspension on Correspondence or Extension Courses.** While on suspension, students may complete a correspondence course in which they enrolled prior to suspension. Students may not enroll in an extension or correspondence course from Texas State while on suspension.

**Registering at Another Institution During Suspension.** Students who have been placed on academic suspension are not prohibited from registering at another institution; however, such academic work will not change the GPA used for calculating probation and suspension, since only those grades earned at Texas State are calculated in determining probation-suspension status. Students who enroll for 30 or more semester hours at another institution while on suspension from Texas State will be considered transfer students if they return and will be required to have a 2.25 GPA in that work for re-admission.

**Exceptions.** Cases in which the circumstances are not covered by the above regulations shall be handled at the discretion of the Director of Undergraduate Admissions and the college dean.

**Degree and Graduation Policies**

**Request for Degree Audit.** After completing 45-60 semester hours, students should request a degree audit through the college academic advising center or through their major department/school, as determined by college guidelines. When the audit is approved by the appropriate college dean or dean's representative, it will list all courses required for graduation. Students also have the option to run their own unofficial audit at any time before seeing their advisor. The audit should be used to determine which courses to take at each registration.

It is highly recommended that students see their Academic Advisors to review their degree audits within their last 30 hours prior to graduation. Students need to verify that they are meeting the appropriate degree requirements including coursework and grade-point averages in all courses taken at Texas State and in the major and minor fields of study. If any of the grade-point averages are below the minimums required for graduation, the degree audit can be used in deciding how to raise the averages in the remaining course work.

The College Dean has the final approval and appeal for all graduation requirements, including but not limited to degree audits, grade point average, courses, prerequisites, graduation application, transfer credit, residency, catalog time limit and designation.

**Teacher Certification.** Any degree that includes preparation for becoming a Texas certified teacher will have special degree and graduation requirements. Please refer to the degree requirements under the appropriate College’s section. For specific information on Admittance to the Teacher Preparation Program please refer to the College of Education section of this catalog.

**Application for Graduation** Students must indicate their intent to graduate by applying for graduation at the beginning of their final long semester or summer session I for August graduation. The student must complete the graduation application using the online application in Self Service Banner. If a student fails to complete the required courses in time for a planned graduation, the student must reapply for the next graduation. Failure to apply for graduation on time may delay the awarding of the diploma until the following graduation. To allow for the receipt and processing of official transcripts in a timely manner, students taking off-campus courses in their final semester should make sure that the Undergraduate Admissions Office receives official transcripts as soon as they are available from the sending institution.

**Minimum Degree Hours and Advanced Hours.** Most undergraduate degrees at Texas State require a minimum of 120 semester hours, including 36 advanced hours (junior and senior level courses). Any degree program of 122 hours or more may be considered a five-year program.

**Residency Requirements.** To qualify for graduation with a bachelor's degree, a student must complete, through Texas State coursework, at least 25 percent of the minimum number of semester hours required for the degree; within this requirement, at least 24 semester hours must be advanced and at least 12 hours of the advanced work must be completed in the major at Texas State. Additionally, at least 24 semester hours of the last 30 hours completed that are required for the degree must be taken at Texas State. Correspondence, extension, and off-campus coursework completed through Texas State may be applied toward residency requirements. Credit-by-examination may not be applied toward residency.

**Minimum Grade-Point Requirements for Graduation.** Before graduating from Texas State, first and second baccalaureate students must satisfy the following minimum grade requirements:

1. A Texas State GPA of 2.00
2. A GPA of 2.25 in the major(s)
3. A GPA of 2.00 in the minor(s)

**NOTE:** Individual departments/schools as well as degree programs with Teacher Certification may have higher requirements listed in their sections of this catalog.
Maximum Elective Hours in Courses for the Major or Minor. No more than six semester hours within a major or a first teaching field may count as electives after the minimum requirements of the major or teaching field are fulfilled. Likewise, no more than six semester hours may be counted as electives in a minor or second teaching field once the minimums have been met. Approval of elective credit beyond these maximums must be granted by the appropriate college dean. If the degree program requires electives, the number of free elective hours a student will complete depends on the number of hours a student may need to achieve the minimum hours and/or the 36 advanced total hours required.

Second Bachelor’s Degree. A second bachelor’s degree may be earned by completing a minimum of 30 additional semester hours as recommended by the chair/director of the student’s major program/department/school and subject to the approval of the appropriate college dean. Students earning second bachelor’s degrees subsequent to receiving the first bachelor’s degree are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second bachelor’s degree. Residency requirements as indicated above apply except that the advanced semester hours required are determined by the dean.

For students who have already completed a first baccalaureate degree at an accredited college or university, with the approval of the department chair/school director and the college dean, the core curriculum requirements for that degree may be accepted in lieu of Texas State’s general education core curriculum. However, requirements associated with particular degrees, e.g., completion of the second semester of a modern language for a Bachelor of Arts degree, or Legislative requirements, e.g., history and government course requirements, must be included in an approved program for a second baccalaureate degree.

Dual Bachelor’s Degrees. If two bachelor’s degrees are conferred simultaneously, the student must complete a minimum of 30 hours beyond the requirements of the single degree. Degree audits must be filed in the office of both college advising centers. Graduation will occur when the student has completed requirements for both degrees. Students completing dual bachelor’s degrees receive two diplomas.

Double Majors. A student who fulfills the specified requirements for two different majors authorized under a single degree has completed a double major and will receive a single diploma. Both majors appear on the diploma.

Time Limit for Earning a Degree. Students may graduate under the requirements for the degree set forth in the Texas State catalog in force during the session in which they first enroll, provided they graduate within six years from the end of the session. Transfer students who have been assigned a Texas State catalog based on their first semester at a Texas junior college have six years from the end of the semester upon which their catalog designation was based to graduate, not six years from their initial semester at Texas State. After the expiration of such a period of time, students may have to meet requirements outlined in the current catalog. “Requirements for the Degre” refers to the pattern of courses and grade-point averages required for graduation. It does not include other rules and regulations such as probation and suspension criteria, requirements for admission to courses or programs, etc.

Transfer Credit from Two-Year Colleges. Texas State will apply to a degree up to 66 hours from an accredited junior/community college. (At the approval of the individual college dean, 6-8 hours may be added.) At the time of transfer, all transferable work attempted at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior college exceeds 66, the student’s chair or director will recommend to the college dean how the student will satisfy degree requirements.

ATHLETIC CERTIFICATION
JC Kellum Bldg. 164
T: 512.245.8148 F: 512.245.6826

The Athletics Certification Office is responsible for obtaining, evaluating and documenting the academic credentials in accordance with National Collegiate Athletic Association (NCAA) and Sun Belt Conference eligibility rules for approximately 400+ student-athletes. This office provides the official certification of eligibility documentation to the Texas State Department of Athletics.

ACADEMIC HONORS

Dean’s List
To be eligible for the Dean’s List at the close of any fall or spring semester, an undergraduate must have earned a minimum GPA of 3.5 in that semester on at least 12 credit hours. Hours and grades earned through Texas State correspondence courses and extension courses are counted in the hours required to be eligible for Dean’s List and in the GPA calculation for Dean’s List. Graduate courses do not count.

Graduation with Honors
Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude. Effective Summer 2012, to be eligible for graduation with honors, a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State. Calculation of the GPA to determine honors status is based on all Texas State work applied to the first baccalaureate degree, including work completed in the final semester.

Hours earned through Texas State correspondence courses and extension courses are counted in the hours required to be eligible for honors and in the GPA calculation for honors. Hours earned through Texas State credit-by-examination, work/life experience, and other courses receiving “CR” (pass/fail) grades are counted in the hours required to be eligible for honors, but do not count in the GPA calculation. Remedial courses with a “CR” grade and graduate courses are not counted in either the hours required or the GPA calculation for honors.

Transfer students who have earned at least 54 semester hours at Texas State are eligible to graduate with honors if their Texas State GPA meets the above criteria. Students earning second
baccalaureate degrees are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second degree.

**Honor Societies**
The following honor societies are open to qualified Texas State students. More information may be obtained through Campus Activities and Student Organizations (CASO). For a complete list of all Honor Societies, see the Registered Student Organizations website at www.studentorgs.txstate.edu.

**Alpha Chi**
Alpha Chi is a national honor society, which promotes academic excellence and exemplary character among undergraduate college and university students and honors those who achieve such distinction. To qualify for membership, a student must be a first-time undergraduate, a junior or senior (having attained no less than 60 credit hours), have a minimum Texas State GPA of 3.50 on at least 45 semester hours at Texas State. Graduate students with a 4.0 and at least 15 hours of graduate course work at Texas State also qualify for Alpha Chi membership. Alpha Chi is the oldest honor society at Texas State, founded in 1922. Membership in the honor society is indicated on the student’s transcript. For more information, contact Dr. Ronald Brown at RonBrown@txstate.edu.

**Alpha Lambda Delta**
Alpha Lambda Delta is a national academic honor society for freshmen that honors academic excellence during a student’s first year in college. Its purpose is to encourage superior academic achievement among students in their first year in institutions of higher education, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful goals for their roles in society. Membership is open to all freshmen who are registered for a full course of study leading to a bachelor’s degree, who achieve a minimum scholastic average of 3.50 (based on grades of the first full semester or on the cumulative average of the first year in college), and who have paid the initiation and lifetime membership fee. For more information, contact Diann McCabe dm14@txstate.edu.

**Golden Key National Honor Society**
Golden Key recognizes and encourages scholastic achievement and excellence in all undergraduate fields, supports the faculty and administration in developing and maintaining high academic standards, provides economic assistance by means of annual scholarships, and promotes altruistic conduct through volunteer service to Texas State and community. The Golden Key National Honor Society accepts students who have a minimum cumulative GPA of 3.40, have completed 60 college hours, 25 of which must have been taken at Texas State, have filed a Member Data Form, and have paid the initiation and lifetime membership fee.

**The Honor Society of Phi Kappa Phi**
Phi Kappa Phi is the nation’s oldest, largest, and most selective collegiate honor society for all disciplines. This prestigious honor society was chartered at Texas State in 2013 and thirty members of the faculty, staff, and administration signed the charter petition. To qualify for membership, undergraduates must be juniors who are in the top 7.5 percent or seniors in the top 10 percent of their respective classes. Graduate students must rank in the upper 10 percent of their class. Students who are invited to become members may join by paying the initiation and membership fee and participating in an induction ceremony. In addition to numerous membership benefits, the national organization awards over one million dollars in scholarships and fellowships each biennium. The local chapter website is located at http://www.txstate.edu/honors/phi kappa phi.

**DEGREES AND PROGRAMS**

Texas State University offers a full range of programs in the applied arts, business administration, education, the fine arts, general studies, health professions, the liberal arts, and sciences. This section of the catalog gives basic information about the undergraduate degrees, majors, minors, and alternative curricula available at Texas State. Certificate and degree programs are approved in accordance with guidelines provided by the Texas Higher Education Coordinating Board and The Texas State University System.

All specialized programs rest on the broad foundation of general education core curriculum required of all students. For information about Texas State’s general education core curriculum, see the Academic Services section of this catalog.

**Undergraduate Degrees Offered at Texas State**

- Bachelor of Applied Arts and Sciences (BAAS)
- Bachelor of Arts (BA)
- Bachelor of Arts in International Studies (BAIS)
- Bachelor of Business Administration (BBA)
- Bachelor of Exercise and Sports Science (BESS)
- Bachelor of Fine Arts (BFA)
- Bachelor of General Studies (BGS)
- Bachelor of Health and Wellness Promotion (BHWP)
- Bachelor of Healthcare Administration (BHA)
- Bachelor of Music (BM)
- Bachelor of Public Administration (BPA)
- Bachelor of Science (BS)
- Bachelor of Science in Agriculture (BSAG)
- Bachelor of Science in Clinical Laboratory Science (BSCLS)
- Bachelor of Science in Communication Disorders (BSCD)
- Bachelor of Science in Criminal Justice (BSCJ)
- Bachelor of Science in Health Information Management (BSHIM)
- Bachelor of Science in Family and Consumer Sciences (BSFCS)
- Bachelor of Science in Nursing (BSN)
- Bachelor of Science in Radiation Therapy (BSRT)
- Bachelor of Science in Recreational Administration (BSRA)
- Bachelor of Science in Respiratory Care (BSRC)
- Bachelor of Science in Technology (BST)
- Bachelor of Social Work (BSW)
Special Requirements for the Bachelor of Arts
The following requirements apply to all Bachelor of Arts programs.

Minor Requirement
A minor is required and may be selected from any of the Texas State approved minors.

Science Requirement
In addition to completing the mathematics and natural science requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), geology, mathematics, philosophy (logic only), and physics.

Modern Language Requirement
A proficiency level of successful completion of American Sign Language, Arabic, French, German, Italian, Japanese, Latin, Portuguese, or Spanish 2310 and 2320. Most students will need to complete 1410 and 1420 as prerequisites before attempting 2310.

English Requirement
Two semesters of literature selected from ENG 2310, 2320, 2330, 2340, 2359, or 2360.

Special Requirements for the Bachelor of Science
A minor is required and may be selected from any of the Texas State approved minors.

Undergraduate Degree Programs Offered at Texas State
The table on the following pages lists all undergraduate majors as they would appear on a diploma and transcript. Please note that a number of these programs have additional emphases, specializations, or concentrations available. Additional provisions, such as English, foreign language, and/or science requirements, may apply to the various degree and major programs listed.

</table>
Pre-Professional Curricula

Students preparing to study dentistry, law, medicine, pharmacy, physical therapy, or veterinary medicine should enroll in the degree plan as suggested by the advisors listed below. Before each registration, the student should consult his or her advisor.

Dentistry
The DEAP student enters and completes the accelerated undergraduate curriculum at Texas State. The Texas State curriculum includes a minimum of 93 semester credit hours which can usually be completed in 3 years, 60 of these hours must be earned in residence at Texas State. Advanced placement and dual credit hours shall not be counted in the minimum of 60 hours in residence at Texas State. For more information contact the Department of Biology pre-health advisor, www.bio.txstate.edu/prehealthadvising.

Law
All accredited law schools in the state require at least the following from applicants prior to admission: (1) a bachelor’s degree, (2) superior grades, and (3) a satisfactory score on the Law School Admission Test (LSAT).

Pre-law students are urged to consult a pre-law representative, as appropriate, from the following Texas State colleges, schools, or departments: School of Criminal Justice, McCoy College of Business Administration, Department of Philosophy, or the Department of Political Science. The pre-law student should also become familiar with the services available through the Student Learning Assistance Center. For more information contact your pre-law representative.

Medicine
Medical schools recommend an appropriate bachelor’s degree and specific prerequisites for entrance. For more information contact the Department of Biology pre-health advisor, www.bio.txstate.edu/prehealthadvising.

Pharmacy
Pharmacy is a six-year program, two years of which may be taken at Texas State. The seven pharmacy schools in Texas (The University of Texas at Austin, University of Houston, Texas Southern University, Texas A&M Health Science Center, Texas Tech University Health Science Center, University of North Texas Health Science Center, and University of the Incarnate Word) all require two years of prerequisite courses in chemistry, biology, math, physics, English, humanities and social sciences, but the exact courses required vary by school. Consequently, it is imperative that pre-pharmacy students consult with an advisor prior to and during their pre-pharmacy program. For more information contact the Department of Chemistry and Biochemistry.

Physical Therapy
The physical therapy profession requires a post-baccalaureate degree in order to practice; Texas State offers a Doctor of Physical Therapy degree program. For more information, contact the Department of Physical Therapy or visit www.health.txstate.edu/pt. The Department of Physical Therapy does not require a specific undergraduate degree in order to gain entrance into their program. However, the Department of Health and Human Performance (HHP) offers an undergraduate degree program that will prepare students to enter the application process for a physical therapy program. The main focus of this pre-professional program is to provide a strong theoretical background utilizing courses across multiple disciplines, including Athletic Training and Exercise and Sports Science, for admittance into a physical therapy program. Coursework will also help prepare students for professional degree programs in related fields, e.g., occupational therapy, chiropractor, and physician assistant. Because the prerequisites amongst professional programs vary, students should seek specific prerequisites for each program of interests.
See the HHP Department section of the catalog for specific course requirements in the degree plan for the Exercise and Sports Science major with a concentration in Pre-Physical Therapy.

Veterinary Medicine
The only College of Veterinary Medicine in Texas is at Texas A&M University. Prior to admission, students must complete at least 64 hours of coursework, which constitutes a pre-veterinary program. At Texas State, all students must choose a major in one of the 4-year bachelor's programs. While any major is acceptable, majors in Agriculture/Animal Science, Biology or Chemistry most nearly parallel the courses required in the pre-veterinary program.

Advising for students at Texas State who wish to pursue the pre-professional curriculum in veterinary medicine is available by contacting the pre-veterinary advisor in the Department of Agriculture at Texas State, or by appointment with the College of Veterinary Medicine at Texas A&M University.

Multicultural Course Designation
In support of an increasingly diverse student body, Texas State is dedicated to increasing multiculturalism in the curriculum. Thus, courses are identified in the catalog and schedule of classes that offer students an opportunity to enhance their multicultural competence.

Classification System. The multicultural classification system helps Texas State track multicultural courses to determine the level at which we are providing U.S. and international diversity issues in the curriculum. The system is an accountability measure that is used as a tool to help departments/schools and colleges communicate diversity infusion to faculty, staff, students, and the community through published data reports. The classification system recognizes the significance of multicultural content and multicultural perspectives. Students benefit from multicultural content as well as perspectives. A course that is high in multicultural content (60% or more) may promote multicultural literacy through multicultural perspectives; that is, its approach to teaching strategies, interactions, and assessment promotes an awareness and appreciation of diversity.

Definitions
Multicultural Content (MC): courses with 60% of the content multicultural (U.S. or international.)

Multicultural Perspective (MP): courses using a variety of strategies to encourage multicultural literacy, including content, instructional strategies, assessment, and classroom interactions. (When this is the only classification noted, the content is less than 60%).

CORRESPONDENCE STUDIES

302 Academic Services Building North
www.correspondence.txstate.edu
T: 512.245.2322 F: 512.245.8934
Toll-free: 800.511.8656

When circumstances such as family, jobs, business travel, etc. compete for time, and students find that it is difficult to schedule their on-campus classes, correspondence study offers a solution. Courses are offered through various disciplines such as art, humanities, health-related fields, mathematics, psychology, modern languages, and sociology. Courses are frequently revised, so students are encouraged to contact the Office of Distance and Extended Learning for the most current list of course offerings or visit the office's website. Students may enroll in courses at any time of the year and take up to nine months to complete them. Instruction for most courses is online.

How Correspondence Study Works
The course website used in each course gives students step-by-step instructions for completing the lessons required for the course and includes study tips, topic discussions, assignments, and other pertinent course information. Students must complete each lesson and submit the accompanying assignment to the instructor through the course website or the Office of Distance and Extended Learning. The instructor provides feedback on assignments and answers student questions. Assignments are then returned to the student. Almost all courses have proctored examinations, and many have two or three. All proctored examinations must either be administered at Texas State in the Testing, Research Support, and Evaluation Center (TREC) or, for those students who live outside the area, administered by an approved exam proctor.

General Regulations. The following regulations govern correspondence study at Texas State:

1. Students do not have to be currently enrolled or admitted to a college or university to take a correspondence course.
2. Enrollment in a correspondence course does not constitute official admission to Texas State.
3. Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.
4. It is the students’ responsibility to ensure that all prereq
site requirements have been met. Prerequisite requirements for all courses are listed in the course information on the office's website. Non-Texas State students will be required to provide official transcripts to confirm prerequisites have been met.
5. Texas State correspondence courses are applicable toward Texas State degrees. A maximum of 18 hours of correspondence credit may be applied toward a bachelor's degree.
6. All assignments and exams must be completed to receive credit. The grading criteria for each course are stated on the course website or in the course study guide.
7. Correspondence course grades are calculated into students’ Texas State GPA and included in the review for graduation with honors and for Dean’s List.
8. Students may enroll in a correspondence course at any time during the year and take up to nine months to complete it.
9. A minimum of four weeks must be allowed after a course has been completed for a grade to be reported to the Texas State Registrar.
10. Students on active suspension from Texas State are not eligible to enroll in correspondence courses.
11. If enrollment in correspondence courses creates an academic overload, students must have prior, written approval of their college dean or department chair/school director.
12. Correspondence courses completed through Texas State are applicable toward residency requirements.

EXTENSION STUDIES
302 Academic Services Building North
www.extension.txstate.edu
T: 512.245.2322 F: 512.245.8934
Toll-free: 800.511.8656

Texas State's Office of Distance and Extended Learning serves those persons who are unable to come to campus and who wish to earn degree credit, as well as those who wish to pursue in-service training, or to enroll in college courses not normally offered through the academic departments/schools. Extension courses are offered on campus and at various off-campus locations. The times and locations for such courses depend on student need, faculty availability, and demand.

The following regulations govern Texas State extension study:
1. Enrollment in an extension course does not constitute official admission to the university.
2. Students from other institutions who wish to transfer extension credit should obtain prior approval of their home institution.
3. If enrollment in extension courses will create an academic overload, students must have prior, written approval of their college dean and department chair/school director.
4. Transcript records are maintained for all credit earned by extension.
5. A maximum of thirty semester hours for Texas State credit may be completed through a combination of correspondence, extension, and study abroad courses.
6. Students on active suspension from Texas State are not eligible to enroll in courses for extension credit.
7. Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.
8. Students are responsible for ascertaining whether or not credit for an extension course will apply to a particular program and whether or not it will transfer to another institution.
9. Extension courses completed through Texas State are applicable toward residency requirements.

STUDY ABROAD
Thornton International House
334 W. Woods Street
www.studyabroad.txstate.edu
T: 512.245.1967 F: 512.245.1644

The study-abroad experience expands students’ intellectual and personal development as they become immersed in other cultures. Students gain a critical self-awareness, an appreciation for a multicultural world, and a clearer understanding of their own culture. Study abroad prepares students to assume their role as responsible world citizens and to succeed professionally in today’s global economy.

The Study Abroad Office offers students the opportunity to participate in a variety of study abroad programs at locations around the world. The credit students earn may be applied toward a degree at Texas State. Some of these programs involve direct enrollment in an overseas institution, while other programs are led by Texas State faculty.

Through Texas State Study Abroad Programs, students can spend from one week to a full academic year in another country either by learning another language, by concentrating their studies related to a specific topic in their field of study, or by participating in an internship. Texas State Study Abroad Programs include a variety of activities that allow students to learn and experience the culture of the host country. In some of these programs students have the opportunity to live with a host family to become totally immersed in the culture of the host country for a more comprehensive learning experience.

Program locations vary each year. Students may learn more about these programs from current information located in the Study Abroad Library. In addition to information about Texas State’s Study Abroad Programs, the Study Abroad Library houses a wealth of information about programs available from other universities as well as study-abroad providers.

Financial Assistance for Study Abroad Programs.
Most of the financial aid that students would normally receive for studying at Texas State may be applied toward Texas State Study Abroad Programs. Additionally, there are many schools and study-abroad providers that offer financial aid for attending their programs. If a student is on federal or state financial aid, it is recommended that the student speak with a representative of the Texas State Office of Financial Aid and Scholarships to determine the application of such aid to any study-abroad program and the possible adjustment to meet the student’s needs.

The Study Abroad Office also has information on scholarships that are available to students who want to study abroad. At Texas State, students are also eligible for the International Education Fee Scholarship (IEFS). This scholarship program is funded through the student service fee account. The scholarships are distributed in a competition open to all undergraduate and graduate Texas State students, including international students, who meet the established eligibility requirements.
CONTINUING EDUCATION

The Office of Continuing Education works in cooperation with the academic colleges, schools, departments and programs to extend the resources of Texas State beyond the traditional campus classroom. Professional staff in Continuing Education work with faculty and staff in offering seminars, workshops, conferences, and short courses that help meet the educational needs of the many communities Texas State serves. Continuing Education coordinates planning, budgeting, marketing, fee collection, registration, meals, evaluation, and other duties that may be required.

These programs are generally non-credit in nature. Some programs receive Continuing Education credits, and those who successfully complete these designated programs are awarded Continuing Education Units (CEU). One CEU is awarded to a person who completes a ten contact hour program.

TEXAS CERTIFIED PUBLIC MANAGER PROGRAM

Texas State has been officially designated by the National Consortium of Certified Public Managers (CPM) to offer this program in Texas. The CPM Program offers a systematic training program to enhance quality, and efficiency of management in government and to improve professionalism and effectiveness of government managers. Individuals may enroll at any time during the year; programs are held approximately every two months. Admission to Texas State is not required. Courses may be completed for academic credit.

INTERNATIONAL OFFICE

The International Office assists the university in developing and maintaining an internationally diverse student body, faculty, and staff by:

1. Contributing to the retention of international students and scholars by serving as their advocates, and by providing information and services that facilitate their academic success and cultural adjustment.
2. Maintaining compliance with federal regulations by acting as liaison with the Department of Homeland Security (DHS), and serving as immigration advisers to international students and scholars.
3. Contributing to the research and teaching mission of the university by assisting in the procurement of proper legal employment authorization for distinguished international faculty and staff.
4. Promoting global awareness and perspective at the university by facilitating international agreements and by sponsoring international education month each November.

TEXAS STATE INTENSIVE ENGLISH PROGRAM

TSIE is a non-credit university intensive English-as-a-Second-Language (ESL) program for students who: (1) want to improve their command of the English language before entering college; (2) are participating in the TSIE Pre-Bridge or Bridge Programs; or (3) would like to polish their language abilities. Beginning, intermediate, and advanced classes, emphasizing academic reading, writing, grammar, and oral skills, are offered during the fall, spring, and summer sessions.

ROUND ROCK CAMPUS

In 1998, as the lead institution, Texas State joined forces with other area universities and colleges to establish the Round Rock Higher Education Center, now known as the Round Rock Campus (RRC). In 2005, Texas State opened the Round Rock Campus on 101 acres and offers Bachelor's and Master's programs in Williamson County.
Texas State is addressing the educational needs of North Austin and the Central Texas area at the RRC. Located at 1555 University Boulevard in northeast Round Rock, the RRC offers small class size as well as supportive, engaging faculty and staff in a state-of-the-art collegiate environment. The RRC provides the upper level coursework in select Bachelor’s degrees, as well as several, post baccalaureate certificates and Master’s degree programs. At the undergraduate level, students transfer hours to the RRC from a community college, another university or the San Marcos Campus. Students may also complete some lower level courses in online classes or via Texas State Correspondence. Round Rock students pay the same tuition as those attending in San Marcos, but certain fees may be waived.

Texas State offers the junior and senior level courses for the following:
- Bachelor of Applied Arts and Sciences, major in Applied Arts and Sciences
- Bachelor of Arts, major in Computer Science
- Bachelor of Arts, major in Mass Communication (General)
- Bachelor of Arts, major in Psychology
- Bachelor of Business Administration, major in Management
- Bachelor of Science, major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Grades EC-6)
- Bachelor of Science, major in Computer Science
- Bachelor of Science in Criminal Justice, majors in Criminal Justice, Criminal Justice Law Enforcement, and Criminal Justice Corrections.
- Bachelor of Science in Nursing, major in Nursing

To be eligible to register for Texas State classes at the RRC, students must have completed their sophomore year or at least 45 hours from the prescribed degree plans above. Students who intend to complete the junior and senior level classes at RRC must submit the same admission documents and meet the same admission requirements as any potential Texas State University student. After admission, however, the procedures are different for the RRC. It is, therefore, very important to follow the Getting Started procedures listed on the RRC website at www.rrc.txstate.edu.

We are eager to assist you in reaching your educational goals as a Round Rock Bobcat.

ACADEMIC SERVICES

GENERAL EDUCATION CORE CURRICULUM

In order to acquire the fundamental skills and cultural background that are the marks of an educated person, all students at Texas State complete a program of general education core curriculum courses, which serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor’s degree.

At the end of the bachelor’s program, the student is prepared not only in a departmental field of study, but also in the general abilities of critical thinking, communication, empirical and quantitative skills, teamwork, personal responsibility and social responsibilities that remain universally useful skills in a rapidly changing world.

Texas State graduates have the raw materials to build solutions as they fulfill career and civic responsibilities.

A list of courses and course choices that fulfill the general education core curriculum is given below. In many cases, the academic plans of various Texas State colleges, departments, degrees, majors, and certifications modify or exceed these standards, so students are urged to carefully examine all sections of this catalog, which apply to the academic program of their choice.

Students transferring from Texas public institutions of higher education may have to fulfill only those portions of the general education core curriculum not completed at their previous institutions. Students from private or out-of-state institutions or those who took coursework before this core curriculum was put into place (Fall 2014), will have their coursework evaluated to determine if it is equivalent to that required at Texas State.

For all students, specific major requirements may override those in the core curriculum. Those who have completed the core requirement for college math, for instance, may have to complete Calculus if such is required by their major. In all cases, the major and core requirements applicable are those in the catalog year to which the student is assigned. A list of general education core requirements at all Texas public institutions of higher education is available online at http://statecore.its.txstate.edu.

GENERAL EDUCATION CORE CURRICULUM COMPONENTS

Communication Component (6 hours)
- ENG 1310-College Writing I
- ENG 1320-College Writing II

Mathematics Component (3 hours)
Choose one from:
- MATH 1312-College Statistics and Algebra
- MATH 1315-College Algebra
- MATH 1316-Survey of Contemporary Mathematics
- MATH 1317-Plane Trigonometry
- MATH 1319-Mathematics for Business & Economics I
- MATH 1329-Mathematics for Business and Economics II
- MATH 2321-Calculus for Life Sciences I
- MATH 2417-PreCalculus Mathematics
- MATH 2471-Calculus I

(See Department of Mathematics section of this catalog for minimum test scores and/or prerequisites required to enroll in these courses. Students may have to complete MATH 1300-Pre-College Algebra or MATH 1311–Basic Mathematics before enrolling in MATH 1315–College Algebra.)

Life and Physical Sciences Component (6 hours)
Choose two from:
- ANTH 2414-Biological Anthropology
- BIO 1320-Modern Biology I (for non-majors)
- BIO 1330-Functional Biology
- BIO 1331-Organismal Biology
- BIO 1421-Modern Biology II (for non-majors)
- CHEM 1310-Introductory Chemistry for Non-Science Majors
- CHEM 1341-General Chemistry I
CHEM 1342-General Chemistry II
CHEM 1430-Chemistry for Non-Science Majors
GEO 1305-Meteorology
GEOL 1410-Physical Geology
GEOL 1420-Historical Geology
PHYS 1310-Elementary Physics
PHYS 1320-Elementary Physics
PHYS 1315-General Physics I
PHYS 1325-General Physics II
PHYS 1340-Astronomy: Solar System
PHYS 1350-Astronomy: Stars and Galaxies
PHYS 1430-Mechanics
PHYS 2425-Electricity & Magnetism (Engineering Sequence)

Language, Philosophy, and Culture Component (3 hours)
Choose one from:
PHIL 1305-Philosophy and Critical Thinking
PHIL 1320-Ethics and Society

Creative Arts Component (3 hours)
Choose one from:
ART 2313-Introduction to Fine Arts
DAN 2313-Introduction to Fine Arts
MU 2313-Introduction to Fine Arts
TH 2313-Introduction to Fine Arts

American History Component (6 hours)
HIST 1310-History of the U.S. to 1877
HIST 1320-History of the U.S., 1877 to Date

Government/Political Science Component (6 hours)
POSI 2310-Principles of American Government
POSI 2320-Functions of American Government

Social and Behavioral Sciences Component (3 hours)
Choose one from:
ANTH 1312-Cultural Anthropology
ECO 2301-Principles of Economics
ECO 2314-Principles of Microeconomics
GEO 1310-World Geography
PSY 1300-Introduction to Psychology
SOCI 1310-Introduction to Sociology

Texas State Component (6 hours)
Required:
COMM 1310-Fundamentals of Human Communication
Choose one from:
ENG 2310-British Literature before 1785
ENG 2320-British Literature since 1785
ENG 2330-World Literature before 1600
ENG 2340-World Literature since 1600
ENG 2359-American Literature before 1865
ENG 2360-American Literature since 1865

Texas State's Student Learning Assistance Center (SLAC) provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a variety of services including a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

The SLAC Learning Lab provides academic assistance in accounting; sciences such as physics, biology, and chemistry; English; statistics; computer information systems; history; philosophy; languages such as Spanish; and a number of math courses. The Lab also contains study materials, handouts, and computer-assisted instructional software on a wide range of topics and levels, from correcting comma splices to preparing for graduate school.

Students may also visit SLAC for assistance in preparing for the admissions tests for graduate (GRE), law (LSAT), and business (GMAT) colleges as well as local tests such as the School of Journalism and Mass Communication’s Punctuation, Usage, and Grammar (PUG) exam.

Supplemental Instruction, a nontraditional approach to collaborative learning, provides structured group study for students in historically difficult courses. Supplemental Instruction Leaders (SI’s) act as role models and facilitate multiple study sessions per week in order to assist students, not only with course content, but also with the development of positive study skills and habits.

SLAC staff members also provide informational and interactive presentations on test-taking and anxiety management, learning styles, time management, note-taking, and other topics. Upon request, SLAC’s staff will design specialized programs on study skills and academic improvement to fit the needs of a campus club, organization, or professor. In addition, SLAC works to facilitate the College Note-Taking session of PAWS Preview by showing incoming freshmen proper techniques and giving tips for successfully negotiating a college lecture.

SLAC also provides Texas State students with a number of online resources. By simply visiting www.txstate.edu/slac, students can access the Learning Lab’s tutoring schedule and hours, times and locations of Supplemental Instruction sessions, information regarding becoming a lab tutor or SI Leader, content area handouts, and test preparation materials. SLAC also maintains an Online Writing Lab (OWL), providing tutoring in an electronic format accessible via email.

TESTING, RESEARCH-SUPPORT & EVALUATION CENTER (TREC)
Commons Hall, Ground Floor
T: 512.245.2276 F: 512.245.2903
www.txstate.edu/trec

The Testing, Research Support & Evaluation Center (TREC) includes a testing center offering a variety of academic tests, including:
1. TSI Assessment
2. THEA Quick Test (paper-based)
3. THEA IBT (internet-based)
4. TEAS V (pre-nursing assessment)
5. Punctuation, Usage and Grammar (PUG)
6. CLEP
7. Departmental Examinations-for-Credit
8. Course exams for Texas State correspondence courses
9. Proctored exams for other institutions
10. DSST exams
   Note: Texas State University does not generally accept
   DSST exams for credit (with the possible exception of the
   Occupational, Workforce, and Leadership Studies (OWLS)
   program).

Credit-by-Examination
Credit may be earned by achieving a sufficient score (as determined
by the relevant academic department of Texas State University)
on any of several exams and submitting official score reports to
the Testing, Research Support, & Evaluation Center (TREC), or
by submitting a transcript from another college or university to
Undergraduate Admissions documenting credits awarded there
through examination.

Sufficient scores on the following examinations may be applied for
credit:
1. College Level Examination Program (CLEP),
2. College Board Advanced Placement Examination Program
   (AP),
3. International Baccalaureate Program (IB), and
4. certain established departmental examinations (adminis-
tered by TREC or by the relevant academic department)

Credit established in this manner through TREC will be recorded
as “credit only” (CR) on the transcript and will not affect the GPA,
except that Texas State University recognizes superior scores
for CLEP exams in French, German, and Spanish language by
awarding letter grades of A or B according to the Credit & Grade
Awarding Table (http://tllg.net/Zbzr). Letter grades for the
French, German, and Spanish language CLEP exams are optional,
and may be recorded as CR at the student’s request.

Evidence of credit by any examination must be evaluated by TREC
before it can be entered on a transcript. More detailed materials on
this and other TREC programs are available at the TREC website,
www.txstate.edu/trec/.

Credit earned by exam satisfies degree requirements in the same
way as credit earned by passing courses does except that it does not
count as credit earned in residence

Academic Testing for Students with Disabilities
Academic Testing for Students with Disabilities (ATSD) is the
office within TREC that provides academic testing services
(course exams and quizzes) for students who are currently regis-
tered with and approved by the Office of Disability Services
(ODS) to receive accommodations when testing. Some examples
of testing accommodations provided by ATSD include: extended
time, reduced distraction environment, use of a computer, and use
of a reader and/or scribe. Note that before a student can sign up
to take a test at ATSD, the need for testing accommodations must
be approved by ODS, and only those accommodations designated
by ODS will be provided. ATSD works closely with ODS and the
other parts of TREC to provide the most secure, up-to-date, and
reduced-distraction testing environment possible to all students
registered with ODS.
